## WIRELESS STATION TO GIVE CONCERTS

Music and Speeches at Assembly  
to Be Sent Over State.

With the installation of the new wireless station on the campus will come an innovation among the universities of the country in the regular transmission by radio telephony of the speeches and music of the regular weekly assembly.

Present plans for the radio station include the installation of instruments which will make it possible to send these speeches and concert programs broadcast over the state, and all high schools, clubs or hospitals which will install the simple receiving apparatus will be able to enjoy the assembly programs almost as much as though they were in Rodey Hall.

All of the material for the new station is now on the ground, and construction work on the tower will be started at once. The tower will be 72 feet high, and the aerial will be about 200 feet long.

The station will be able to communicate with the radio plants at the universities of Oklahoma, Texas, Kansas, Arizona, Colorado, and at the agricultural college at Las Cruces, and the institute at Roswell. In addition to these schools, there are a great many amateur and private stations which will be in the territory of the "U" wireless.

The wireless telephone apparatus will not have such a wide range, but will be able to hold conversation with all stations within a radius of 150 miles.

The installation of the wireless plant at the University was made possible by an initial gift of \$500 for that purpose by Mrs. J. Korber. In addition to this a number of gifts of material have been received from dealers in the city. The necessary geying material for the tower was donated by the Albuquerque Gas and Electric company, the batteries were given the University by the Arno Huning company, and the Albuquerque Foundry and Machine Works gave the foundation steel for the tower.

## MAGOOGIN'S PROOF LIFTS OFF THE ROOF

History Department Almost  
Steals the Job Hands Down.

By Joe Bursey.

Macgoogin shakes a wicked tonsil, as all can testify who heard him give the yell that brought Dr. Coan to his feet last Friday.

George Bryan, the only other contestant, lost all chances of winning the competition when he forgot to smile in the third round after his soft palate had slipped a cog.

Some say that it was Macgoogin's flexibility that won him the job; but the girls say it was that smile. Dr. Coan of the History department swore that it was neither and to prove his argument led a cheer himself demonstrating how a cheer leader should act. From the response it looked as if everybody had a history course. The doctor would have won the competition if it hadn't been over.

Macgoogin boasts four years of experience in Prep, school where he was the consummate contortionist of the campus; in Penn he rounded out his cheer-leading education and acquired some wonderful new ideas.

"Pep, ambition, and razzberries" is the motto Macgoogin has adopted. Rah! Rah! Rah! Macgoogin! May he never get lock-jaw.

## HERNANDEZ ELECTED SENIOR PRESIDENT

Ralph Hernandez was elected president of the Class of 1922 at a meeting of the Seniors on Wednesday, September 28, in Rodey Hall.

Mrs. John Scruggs was named vice-president of the class, and Miss Clyda Wilson was unanimously re-elected to the position of secretary and treasurer which she held last year.

Miss Blanche Guley was unanimously elected to be Senior representative on the Student Council.

## CO-EDS WILL ENJOY BIG YEAR IN SPORTS

Girls' New Physical Director  
Outlines Program for  
Many Activities.

Under the direction of Miss McCormack, the women's physical training department has taken on new vigor, and the plans that have already been laid indicate that a most successful year is in the offing. Athletic competition is to be emphasized by the Director, and a number of tournaments, athletic carnivals and festivals are contemplated.

At present, girls enrolled for the physical courses are being instructed in tennis, swimming and dancing. The theory of each activity is outlined in class work, and then put into practice, as the co-eds troop to the pool or tennis courts. A women's tennis tournament is to get under way early in the spring, and efforts will be made before that time to secure suitable trophies for the winners. Miss McCormack also is planning to feature a swimming meet, and it is rumored that there are a number of potential mermaids in Hokona who are after Lady Langer's record with the Australian crawl.

Basketball will be played again this year in the form of inter-mural contests, class and organization teams now being formed. An outdoor court is being built for the girls directly in rear of the women's gymnasium, and ample room for spectators will be provided. The Director is now looking for the means of raising funds to buy trophies for the victorious team, and she has intimated that an entertainment of some kind will possibly be held for the benefit of the athletic association.

The Women's Athletic Association, which was organized last year, will probably be brought to life in the near future, according to present plans. The constitution of the body was never voted upon, but Dr. Moshier and Miss McCormack expect to go over the instrument in a short time, making whatever changes that seem necessary, and then present it to the co-eds. All athletic contests, tournaments and other activities will be conducted in the future under the auspices of this organization, after it becomes a reality.

## WILLIAM HALE ELECTED LEADER OF YEARLINGS

At a meeting of the class of 1924 last Friday in Rodey Hall, William Hale was elected to pilot the yearlings through the year.

Miss Juliet Fleischer was elected to the vice-presidency, and Miss Merle Walker was made secretary and treasurer by a large majority.

Harold Brandebury was elected to the Student Council as the Sophomore representative.

## PRACTICE GAME PREPARES TEAM FOR FIRST CONTEST

Loboes to Appear in Initial Struggle on University Field Tomorrow;  
Student Body to Send Squad off to Colorado Springs  
Next Thursday.

## PIPE AND PEN CLUB HAS FIRST MEETING

William Stahl Elected Director of  
New Writing Club.

At the first regular meeting of Pipe and Pen, the new journalistic and literary club, held last Tuesday, William Stahl was elected Director, Joe Bursey, Scribe, and George White, the P. C.

The club adopted the following declaration of its objects: "Pipe and Pen is organized in the interests of those interested in writing, in order to further the art in the University and particularly in the University publications."

The club was informally organized at the end of the last semester when the Weekly was taken over by the new editorial staff under George White. The meeting Tuesday night was for the purpose of completing the formal organization and of planning the club's activities for the year.

Membership in the club will be solely upon invitation after proof of writing ability by work on the University publications or in other ways.

The charter membership of the club, in addition to those already named as officers, consists of George Skeel, Edward Horgan, Thomas Calkins, Edward Bowman and Morley Cassidy.

## WEEKLY AND MIRAGE GIVEN PERMANENT OFFICE

Cottage Behind Varsity Shop to  
Be Used as Publication Office

In order to facilitate the publication of the Weekly and the Mirage, the Board of Regents at their meeting last week granted the use of one of the men's residential cottages as a permanent publication office.

The new office will be in the cottage behind the students' Varsity shop, and will be ready for occupancy as soon as a few improvements are made. Dr. Hill has offered to have the rooms plastered and otherwise improved, and this work will be commenced shortly.

All of the editorial work on the Weekly will be done in the new office so that students will always be able to find a member of the staff to whom they can give the campus news.

## DEAN T. T. EYRE HAS NEW BOOK OFF PRESS

"Engines and Boilers" is the new book by Thomas T. Eyre, acting Dean of the College of Engineering, as announced by the MacMillan Publishing Company.

The text book, Engines and Boilers, is intended for use in engineering schools which offer elementary courses in Heat Engines. It is a result of many years of teaching experience. Chapters are devoted to Units, Fuel, Steam, Boiler Accessories, the Steam Engine, Engine Valves, Governors and Gas Engines. The book is completely illustrated and well provided with problems.

Professor Daugherty is confined at St. Joseph's Hospital with a slight attack of the grippe.

With the first game of the season to be played next week against the strong Colorado College team at Colorado Springs, Coach Johnson has been putting the Loboes through a series of thorough scrimmages and signal drills. "Skull practise" is being held in the evenings in order that the squad may hear the technical details of the formations and plays which are to be used.

During the course of the past week, the Loboes' mentor persuaded Coach Moore, of the Albuquerque High School, to bring his eleven up on the Hill, and a practise scrimmage was held. As the High School warriors were unacquainted with the Varsity plays, their opposition was more valuable than that of the scrubs, who have had the signals, and who can analyze plays on a par with the first eleven.

Tomorrow, a practise game will be played. At time of going to press, the opposing team had not been selected, but Menaul, the Indian School or the High School will probably consent to face the Cherry and Silver combination. In the event that negotiations are not completed, the squad will be divided into two teams, and a practise game will be staged. The student body is expected to attend en masse, but athletic association pass books will not be required.

At present, the Coach is planning on starting with the team for Colorado Springs Thursday night, October 13th. This schedule will bring the Varsity into the Pikes Peak city about Friday noon, when a light practise will be held. A number of undergraduates have signified their intentions of making the trip with the team. The mode of travel has not been indicated, but confidence is high among the prospective "hoboes."

Ogle Jones, the ex-Clarendon College star, is the hope of the Varsity backfield. With Tommy Calkins, veteran drop-kicker and punter, a strong offense is being developed, and Walter Hernandez, the "Iron man behind the line" has several times seriously threatened to reduce the scrubs to shreds as he plows through the defensive line. Greenleaf, Popejoy, Ferguson, Pearce, Stinnett, Greuter, Barnhart and Mapes are showing great force on the line, and Wilfley is proving to be a sagacious back, in spite of his early training in the line.

Bruno Dieckman, graduate manager, has announced that sufficient funds are on hand to purchase material for two new sections of bleachers, seven tiers high. The stands will be erected before any important games are played on University field, in order that spectators may have sufficient accommodations.

The entire student body will be at the station when the Varsity team leaves. A rally and send-off for the squad is expected to demonstrate the undergraduate body's support, and instill further spirit into the Loboes. Further plans for the rally will be announced at an early date.

WANTED—for the Mirage, Snapshots of the University and people attending and teaching therein.

Let everyone with a Kodak at his command get busy and take pictures while there is still time. Then turn in the negatives to the Manager of the Mirage.

Lines should join the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

Lines and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two kodaks which they will loan—free—

low the example shown in other universities by making contributions, giving prize awards, and loan funds to the University. During the past year the following were noted: The gift of \$1,500 by citizens for the grandstand, \$600 of which was

seniors, Cullen Pearce, Vernon Wilfley, Ed Horgan, and George Bryan, who constitute the total active membership of the Khatable Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively

equipment is the best made for athletic use. The new uniform form with the present uniform that the sweaters are reinforced leather to prevent any chafing or tearing.

### ASSOCIATES

Edward Horgan, Jr., '23  
G. L. Skeel, '23  
Morley Cassidy, '22  
W. M. Stahl, '24  
J. Bursey, '24

Contributions received at all times from students or faculty not on staff. Changes in staff personnel made by show of earnest effort on applicants' part.

Staff Meets Every Monday at 12:30 p. m., Seminar Room.

Entered in the Post Office in Albuquerque, New Mexico, February 11, 1914, as second class matter.

FRIDAY, OCTOBER 7, 1921

The "Weekly" Board takes pleasure in announcing the election of Joe Bursey, A. & S. '24, and E. W. Bowman, A. & S. '25, to the editorial staff.

The gift of the new wireless plant to the University is but another of the many public spirited acts which have characterized events in the life of our Alma Mater during the past few years. In money alone it represents many thousands of dollars, but to the University it means more than any fixed sum; it will be a monument in steel and copper to the spirit in which our University, higher education itself, is held by the public.

Erection of the two towers is being done solely by students in the Engineering department of the University, who are giving their time in promoting the interests of the school, with little in the way of recognition. A little of this spirit goes a long, long way. Try and get some of it. There are many other things to be accomplished before the year is out, and when the call is issued for volunteer workers, remember the Engineers.

Plan now on making the trip to see the Lobos beat Colorado College!

### THE U. OF N. M.

The Varsity—the Team. These terms should be inseparable, never to be confused. We have noticed on the Campus and in Assembly, the use of the term "Varsity" when the University of New Mexico is referred to. Let's drop it when speaking of the "U" and leave it in undisputed possession of the eleven. When speaking of the college, let's call it the "U," the "State U," or use the full term, "University." Let's remember when we cheer for the Varsity, the Silver and the Red, that we are "rooting" for the Varsity, the team that represents the "U."

### THE LOBOES

Next Thursday, the Cherry and Silver eleven leaves for Colorado Springs, where it will oppose the team representing Colorado College. It is a Rocky Mountain Conference struggle, and one of the most important to us in the whole schedule. Those of us who are unable to go with the team should turn out en masse to send the team off.

Arrangements will be made with the Faculty in order that all students may be excused from the campus until nine o'clock Thursday night. Coach Johnson expects to take his squad out on the eight o'clock east-bound train, and the student body must be there to give evidence of the heartiness of its support.

A snake dance on the platform, cheers and songs, and perhaps a few speeches from the fighting "lobos" will help to send them north with the determination to bring back the long

## THE BEST OF EVERYTHING IN GROCERIES

508 West Central

end of the score. Practise up on your yells, learn the "Cheer, boys, cheer" song, and save all your pep for Thursday night.  
Let the Lobos know we're behind them!

### STUDENT OPINION.

To the Editor

Dear Sir:

The idea, suggested in your editorial, of self-perpetuating publication boards or staffs, which elect their own Editor-in-Chief, and select new material by competition, is fine. Under proper conditions this proposed plan will be a great success. The staff of the WEEKLY knows best who in school is capable of handling the work of the Weekly.

You are, however, mistaken, about the football managerships. The managership has been, since the season that Charlie Caldwell '22 managed the team, on a more or less competitive basis, and have been filled by an appointee of the Coach, with the approval of the Athletic Council. No man has been considered who did not put in a year working as assistant manager of football.

I was assistant to Caldwell. Fernstrom was my assistant. The man who will be Student Football manager next year will have to put in his apprenticeship this season, in the gym, and on the field.

Yours truly,  
GEORGE W. BRYAN, '22.

### PHI KAPPA PHI TO ELECT NEW MEMBERS

New Mexico Chapter of Honorary Society Will Choose Three Seniors

In the first meeting of Phi Kappa Phi honorary scholastic society, held a short time ago, many phases of the organization's activities for the coming year were discussed. Dr. Edna Mosher was elected president of the fraternity, and Professor Coan as vice-president, Professor Barnhart as secretary, and Dr. Clarke as treasurer, will fill the remaining executive offices.

The next meeting will take place in about two weeks, according to Prof. Barnhart, when the undergraduates to receive the honor of being elected to the society will be chosen. Only the first tenth of the membership of the Senior Class in point of academic work performed during their full University career, are eligible for election. That is, if the Senior Class has less than forty members, only three of that body may receive recognition from the organization.

News has been received that the three members of the class of 1921, who were elected to Phi Kappa Phi in the spring have been admitted to full standing in the national organization.

Governor Harry L. Davis of Ohio has written President David S. Hill of the State University a personal note extending his hospitality during the National Convention of the American Red Cross which meets in Columbus during the week of October fourth to eighth. Owing to the great distance and to the pressure of work at the University, President Hill will be unable to attend the Convention.

Alpha Delta announces the pledging of Riley Mapes and Ira Hoffstetter.

JUNIORS ELECT HUFFINE  
AS CLASS PRESIDENT

At a meeting of the Juniors last Thursday in Rodey Hall, Clarence Huffine was elected to the presidency of the Class of '23 for the coming year. Marlon Stinnett was elected unanimously to vice-president, and Miss Mary McMullen was named as secretary and treasurer.

Perkins Patton was elected to represent the Junior class on the Student Council.

Mr. John Popejoy, after successfully standing off all the co-eds at Ames, has at last fallen victim to a plot cooked up at Rose Cottage. Congratulations are in order.

ADDITION TO HOKONA  
SOON TO BE FINISHED

According to President Hill, the additions to Hokona will be completed in three weeks, if the terms of the contract are fulfilled. The structure is nearly finished, leaving only the flooring and plumbing to be done.

The bricks which compose the material for the building will be covered over by plaster to give the addition the adobe appearance.

Mr. and Mrs. Shepard, of Roswell, parents of Miss Elizabeth Shepard, were visitors on the campus. They are on their way to California.

### PITFALL AND GIN

LOCHINVAR AND JAWN.

Lochinvar was just as tall  
As our romantic Jawn is  
But Lochinvar was twice as wide  
And had a different phiz.

Lochinvar was bearded black  
So all the poets teach  
But Jawn (when sun shines on his lips)  
Has fuzz much like a peach

Yet now he plays the selfsame part  
Does Jawn, and so you see  
If Lochinvar had Scott to sing  
Why Jawn must needs have me.

It's not what we write in Pitfall and Gin that makes it Literature, but the way you read it.

OUR WEAKLY RAZZ.

Jonathan Henry Loganberry—  
How do your dances go?  
Oh, a couple bones and three chaperones  
And—in a row.

HEREDITY.

Sing a song of sixpence  
Father likes his rye  
All the children have the thirst  
Now the country's dry.

"Four Greeks Migrate to Domiciles on Hill"—Weekly head.  
Welcome Tonsillitus, Epiglottitis, Esophagus, and Appendicitis.  
What are you starting, a restaurant or shoe shining parlor?

They sat at the foot of a hill  
In a purple shadow—  
"Kiss me," He said,  
And,  
In the tussle that followed  
A frail, important ribbon broke.

"A Pin!"  
There was only that jewelled one  
Just beneath his heart  
And,  
How could he ask for it afterwards  
Without being misunderstood?  
Still men say they do the choosing.  
Oh the dizzy dears!

REPAID.

Delicate Mardell, I cater  
To your faintest wish  
Consequently, soon or later  
You will call me that poor fish.

SONG OF THE DISHWASHER.  
I wish I lived in the stone age  
With nothing like a dish  
When a man ate meat straight off the bones  
Shin and back and wish.

When there was no cup or saucer  
No plate nor soup-tureen  
When a man used one flint knife to cut  
And licked his fingers clean

NORMAL.

Mr. Patton, during a recent visit to the school, asked Dr. Hessler how Perkins was in English class. Dr. Hessler thought a moment. "Apparently well, Mr. Patton, his respiration is regular and he rests easily."

DEFENDED.

Said she to him, "I must confess  
I do look thin in a low cut dress."  
Whereat indignant answered he,  
"Least not as far as I can see."

WITH WHITMAN WE CRY.

Razors and washes for foo-foos,  
for me freckles and a bristling beard.

EPISODE.

Which reminds us of the lad on the upper layer of the dorm, who went to visit a girl back East one rainy evening. The girl's mother invited him to stay over night. He accepted, and the mother went up to arrange the guest room. When she returned the young man was gone. "Where is Mr. Jones?" "Oh, he'll be back, mother; he just went for his pajamas."

BLANCO WRITES.  
A flapper from far Albuquerque  
Danced with a movement quite jerque.  
It's really a sin,  
She went to Belen,  
For that stuff goes much stronger  
in Turque.

There are 60 students now enrolled in the Engineering department against 35 at the same time last year.

Dr. Mosher has adopted the plan of having a meeting of the girls in Hokona every Monday night. Members of the press who have presented themselves, have been refused admittance.

Fred Wagner, of Santa Fe has been pledged to Sigma Chi.

MOVIE INTELLIGENCE.

"Didn't anybody criticize you for filming an automobile accident in ancient Babylon?"

"No. But I had a dozen letters calling my attention to the fact that the car showed a California license tag."

# WITH THE GREEKS

## KAPPA KAPPA GAMMA.

*Rush Dance.*—The Kappa rush dance was delightfully staged on last Friday night. Huning Castle, the scene of many of Albuquerque's most notable society events from the earliest days of the city, was never livelier. The large grounds and the beautiful night offered a romantic setting between dances.

## ALPHA CHI OMEGA.

*Rush Dance.*—The Alpha Chi girls held their rush dance at the Woman's Club Saturday night. A panel effect of grotesque silhouettes against an orange background furnished a bizarre atmosphere. Programs were arranged before hand to insure a good time for those present. Dainty refreshments were served at eleven o'clock.

## ALPHA DELTA PI.

*RUSH DANCE.*—Invitations are out for the Alpha Delta Pi Rush Dance, which will be held at the Woman's club on Friday night.

## PHI MU.

*RUSH DANCE.*—The Phi Mu rush dance will be held Saturday night at Tamarisk Inn. The affair is to be formal, and promises to be a typical Phi Mu success.

## PI KAPPA ALPHA.

No event during the week.

## SIGMA CHI.

*Smoker.*—The men of Sigma Chi entertained at a smoker on Sunday afternoon for the Pikays and Alpha Deltas. Cigars were tackled by even the frailest, and a spirit of good humor and fellowship prevailed.

## ALPHA DELTA.

*Open House.*—The Alpha Delta House will be open for the inspection of the Coeds on next Sunday afternoon.

## TWANG, TWANG.

Rasmus from Boston was trying to impress his southern cousin with the superior speed of northern trains.

"When dat ole Montreal express gets to hummin', Mose," he asseverated solemnly, "de telegraph posts looks like slats on a chicken fence." "Hmpf!" sniffed Mose. "When de Southern express steps our fo' Noo Orleans, it nacherly makes de mile-posts look closer'n strings on a banjo."

## AN OLD-FASHIONED MISSUS.

Mary said a little damn, In sub-deb style, you know, But her mother washed her mouth with soap In the style of long ago.

# ASSEMBLY LIVELIEST EVER HAD ON HILL

Gail Seaman, Y. M. C. A. Worker, Speaks on Unselfish Broad-mindedness; Students Have Crisp Debate.

"Be Broad-minded and Unselfish," was the plea made by Gail Seaman, Y. M. C. A. worker before the assembly in Rodey Hall last Friday, at which student affairs were rehearsed.

"The three great problems that face you and the world today," Mr. Seaman declared, "are;

1. Interracial controversies.
2. International conflicts.
3. Inter-class conflicts.

"But by broadening our minds to recognize the right of the other fellow, be he greater or smaller, this imminent crisis may be safely passed."

Frank Neher, President of the Student Body proposed lowering the number of credit hours a student must have before he can be classed a senior; but he advised against the number being lowered for the other classes.

Pandemonium reigned! The advice of Mr. Seaman was forgotten or disregarded before the speaker had left the platform. Representatives from all the classes clamored to be recognized and gaining the floor argued pro and con.

Two members of the senior class spoke vehemently, one for the amendment to the constitution, lowering the credit hours required to become a senior to 84 instead of 91 as laid down by the Administration, but refused to lower the number of credit hours required by the administration for the other classes. The other member defended the lower class-men, and was carrying the audience with him when Blanco's humor burst loose and the arguments came to naught. The question remains unsettled.

Johnnie Fernstrum, the last student speaker of the day, pleaded with the young "Lochinvars" to pilot their ladies around to the foot-ball field and let them have the privilege of seeing how the team is shaping up.

Senator, Holm O. Bursum was shown about the campus by Dr. Hill last Sunday. Mr. Bursum expressed himself as greatly gratified over the progress of the University and of the forward, constructive administrative policy.
