ANNUAL SING TO BE A REAL HUMDINGER

University Songs and Yells to Predominate at Big Gathering of New and Old Students Friday Night.

A good old-time Varsity "sing" is announced for Friday night, September 15, and arrangements are being made to the end that it may be one of the best events of its kind ever pulled off. All students old and new realize the great necessity of several good work-outs on the University songs, and this is the main idea back of the "sing."

An enthusiastic sing was held last year, and all indications point to a still better one for Friday night. If it is as successful as is hoped, similar affairs will be held at suitable intervals, and a spirit of united effort for the University will be promoted. All over the United States the idea of "community singing" is taking strong hold, and it is the intention to have the University lead in that movement in the city and state as much as possible.

Full line-up for Friday will be announced later on the bulletin board; suffice it to say now that the time will be 8:00 p. m., the place the University's official grass plot east of the administration building, and all students, faculty, and friends of the University are invited to attend.

The University band will take part in the program with several snappy selections; Mrs. John D. Clark, whose violin solos have been heard too rarely, will play; a duet will be furnished by Miss Hortense Switzer and Miss Alberta Hawthorne; the Varsity male quartette will sing, and various organizations of the University will furnish numbers, but this is not the main program at all. The main program will be a thorough work-out on all the Varsity songs which should be familiar to every student.

Now, here is something in which every one can take part, and it is believed, that everyone will co-operate with Prof. Seder and those who are assisting him in making this the best "sing" ever.

DR. CLEMENTS MADE INTERESTING ADDRESS

Dr. Frederic E. Clemments, head of the department of botany at the University of Missouri, delivered a very interesting address to the student body last Wednesday morning, showing the development of plants, along their different lines. Dr. Clemments illustrated his lecture with slides. The address was very instructive and encouraging, and the ones who were not present are the unfortunate ones. Dr. Clemments has been here several days studying and doing research work with Prof. A. O. Weese. They have taken several trips together around in different parts of this section. We are indeed fortunate to be able to have such a man as Dr. Clemments talk to us.

U. N. M. ELEVEN IS ROUNDING INTO FORM

Candidates for Gridiron Honors Are Showing up in Great Shape; "Hutch" Wearing the Smile That Persistently Reclines to Come Off.

The result of Coach Hutchinson's long, steady and untiring work has now for the first time started to show up in new material. "Hutch" has trained a number of U. N. M. students into crack football players. They have returned to their different homes after graduation and coached the various high school teams.

The "awkward" squad is smaller than ever. They have started right; they seem to know or at least have a faint idea of a few of the fundamentals of football such as falling on the ball, going down under kicks, passing the ball, etc. The average of last year's material was 135, this year it is 147½, showing an increase of 12½ per cent.

As to the old material we have Capt. Brorien back working harder than ever for his place at end. Nohl, last year's all Southwestern end, has been working hard all summer and shows more class and speed than ever. Langston, who last year played an all-Southwestern guard game, will undoubtedly make tackle. Thackeray is back working at quarter, and is a great deal better at handling the ball. He is gradually rounding into shape as a drop kicker. It is the unanimous opinion of everyone that he will make one of the best quarters the Varsity has seen. Adeyotte is back at half and has more control of the forward pass than ever. He will undoubtedly make all-Southwestern again. His ankle is in good shape and he is back at his original speed again. "Speedy" Shields is back at end and undoubtedly has a chance at all-Southwestern end. Fullerton is back at tackle and it looks as though he will be in the regular line-up. Jack Lapraik, who in our opinion should have all-Southwestern quarter, is helping "Hutch" put the squad in shape. Dick Upton is back again with the strong determination of making a back field man. Bob Wigeley is expected to make all-Southwestern center. Pete Sinesio has his eye on the right guard position. Lee is back in the game again. Glenn Emmons is out hammering at the ends.

We have considerable new material this year, among whom are Capt. Hoffman, from Roanoke College, in Virginia; Steed, from Deming high school; Burns, from Ohio; Hoover, from North Carolina; Williams, Kineth, Clark, Dunlap and several others.

Taking it all in all we find that our outlook this year is brighter than ever. With this material and the assistance of one of the best coaches in the country the Varsity should bring home the championship bacon. This will be the fourth championship team the Varsity has ever put out. Now, it is up to YOU to get behind the team and push them on to an undefeated season.

TALENTED ONES ARE URGED TO COMPETE

Honors Available in Oratorical Contest in Santa Fe in November; Big Institutions of State Will Compete.

The oratorical contest is not very far away and negotiations have been started for the big event. Professor Bonnet has called a meeting of all those interested in this branch of work and urges that we make a special effort to attend the meeting. The contest will take place in Santa Fe, the last week in November during the New Mexico Educational Association meeting. There will be five institutions represented in this meet and the Varsity should prepare now to win first prize. The meeting is to take place at 3:00 p. m. Wednesday afternoon in Professor Bonnet's room. The last two or three years the Varsity has been represented by a man, and it is wished and earnestly hoped that some women will show up at this meeting. The first prize is a gold medal, the second prize a silver medal. Any one who has any ability along this line should surely make a special effort to be at the meeting. To win this contest means more to the Varsity than most of us seem to realize. The institutions that will be represented are A. & M., Roswell Military Institute, Las Vegas Normal, St. Michael's College of Santa Fe, and the University of New Mexico. To make this team means that you get a trip to Santa Fe, and when you get there to win the contest means that the University has stepped one step further on her way to progress and advancement.

AGGIES WILL HAVE A LIGHT TEAM, REPORT

Indications Are Farmers Will be Greatly Handicapped This Year Because of Detention of Star Football Men on Mexican Border.

The Aggies have opened for the first semester and to judge from the first edition of "The Round-Up" this school year will be very successful. They have suffered heavily from the call made upon their men for border duty. Only seven of the men from last year's first squad have returned, although all of the scrubs are back. Their prospects for a championship team are not as bright as last year. However, "The Round-Up" reports that the prospects are not as gloomy as a first glance might appear. Several new men have come in who furnish very promising material. Cruces has always had a good team and this year will undoubtedly be no exception. Already Varsity students are looking forward with anticipation to the annual game which we hope will bring to us the championship of the Southwest.

DR. HENRY S. PRITCHETT WILL TALK TO STUDENTS

Man of World-wide Fame Will Tell Students a Few Things Concerning One of the Greatest Organizations in the Country.

Dr. Henry S. Pritchett, president of the Carnegie Foundation, will speak to the student body at the University in Rodey Hall, September 25. Dr. Pritchett has occupied a number of important positions, being president of Massachusetts Institute of Technology a few years ago, and having been president of the Carnegie Foundation, we are indeed fortunate to be able to have him talk to us.

The Carnegie Foundation for the advancement of teaching was established in November, 1905, and was organized for the purpose of aiding the teaching profession. Andrew Carnegie appropriated \$10,000,000 5% first mortgage bonds of the United States Steel Corporation, the revenue from which was to provide retiring pensions for the teachers of universities, colleges and technical schools in our country, Canada and New Foundland. Dr. Pritchett will be in town a day or two and will speak at the Y. M. C. A. on September 24th. This is an opportunity that we do not get every day and every student should make up his mind now to be there at the time.

STUDENT BODY MEETING IS BIG SUCCESS

Plan Outlined for Careful Revision of Student Officers.

The student body meeting held Monday morning at 10 o'clock was one of the most successful assemblies ever held at the University. A board of managers, composed of two Seniors and three Juniors, were elected by the student body for the purpose of aiding the managers and editors of the different teams and publications at the Varsity. Joe McCanna and George Butler are the Senior members, and Floyd Lee, Glenn Emmons and Pelham McClellan were the members selected from the Junior class. Another board, consisting of Roscoe R. Hill, as faculty member, and Pryor B. Timmons, as student member, was elected for the purpose of looking after the financial part of the Debating Society.

Captain Carl Brorien of the football team was called upon to make a little speech and urged that each student should make a special effort to appear on the bleachers every night in order to encourage the men who are struggling to make this a banner year for the Varsity. It is undoubtedly true that unless the right spirit is shown the best results can not be expected.

Coach Hutchinson was the next man to the front and expressed himself by saying that he thought a larger number of men should appear

TUESDAY, SEPTEMBER 12, 1916.

A LAY SERMON.

The rushing season to a large extent is over and college life is assuming its ordinary routine. The freshman is waking up to the fact that to be rushed by a fraternity is not the biggest thing in college life but that to make good, to be one of the great body of American college-men is far bigger. The fraternity plays a definite part in college life and some of a student's happiest memories will always cluster around the doings of his bunch and around the fellow he called brothers. But the friendships formed without the fraternity may be just as lasting or more so than those formed within. If you are pledged to a fraternity we wish you joy and happiness and the formation of lasting friendships. If you are not we wish you the same and ask that you give of your best to your alma mater. That is what we are in school for after all and the more we give to our school the more she will give to us.

There is a little poem entitled "Life's Mirror" by Madeline S. Bingham, which we would all do well to think of as we start our college year.

There are loyal hearts, there are spiteful brains.

There are souls that are pure and true.

Then give to the world the best you have.

And the best will come back to you.

Give love, and love to your life will flow.

And strength to your utmost needs.

Have faith, and a score of hearts will show.

Their faith in your words and deeds.

Give truth, and your gifts will be paid in kind.

And song, a song will meet.

And the smile which is sweet will surely find.

A smile that's just as sweet.

Give pity and sorrow to those who mourn.

You will gather in flowers again.

The scattered seed from your thought outbore.

Tho the sowing seemed in vain.

For life is the mirror of king and slave.

'Tis just what we are and do;

Then give to the world the best you have.

And the best will come back to you.

The Freshmen.

Once more the green caps have appeared on the campus and give to the place a familiar look. Freshmen, we welcome you and we hope that you will enjoy wearing your little

caps as much as we did. It may seem foolish to you now and that we are trying to put one over on you but about Christmas you will all wake up to the fact that you each and every one know the other and your class is as one unit to throw the sophomores in the pool Saint Patrick's Day or to hang your colors to the flag pole to stay. Then you will understand that the green cap has played its part and made of you one solid unit. It will have made you all acquainted and will have given you your first initiation into the Varsity spirit of pulling together. We are glad to see that you have taken up the idea with such good spirit and we wish you the true U spirit.

Editor of the Weekly:

An article in the first copy of your paper regarding the attitude of new students toward the various organizations was so apropos that more than ordinary attention should have been paid to it. As one interested in the future of the University I wish to add, if possible, a little to the sentiments contained in that article.

Water seeks its level. All the rushing in the world cannot materially change the outlook of a man, or mould his inherent qualities that prompt him to action. The rushing season, although quite interesting to observe, neither adds dignity to the fraternity nor humility to the rushee, although for a time it may serve as a stimulus to the former. When the tempest is over, however, the waters return to their normal level, with but little added to them. It is then that the new man has a chance to see things in their true light, and to judge each according to his own standards with a cool, critical analysis. The analysis that college education should give, and not that sporadic decision that is a characteristic mark of many. For this reason, if for no other, there should be a plan adopted by all Greek letter societies, strictly adhered to, which would prevent rushing until after the stranger to college life has had a chance to become accustomed to his surroundings. You can't fit a square peg into a round hole; rushing will not mould a man to fit the crowd unless he be of a very adaptable and plastic nature—then it is the fraternity that suffers.

Fraternities should more or less be the aggressors in college activities. They should have at heart the well-being of their school as well as of each member. They should unite to form an alliance that has as one of its purposes the advancement of the best things in college; to give solid backing to every good movement. When they do this, it matters little whether they are elaborate in their rushing, or whether they quietly await their time; their accomplishments and co-operative activities will impress the student who is eager to advance far more than otherwise; and it will matter little to him which society he chooses, since all would be working toward the goal he has in view—co-operation, advancement, and a better, bigger, university.

—F. M.

The other day "Mike" forgot to put her nickel in the box when she got on the car, so the motorman was obliged to ask for it.

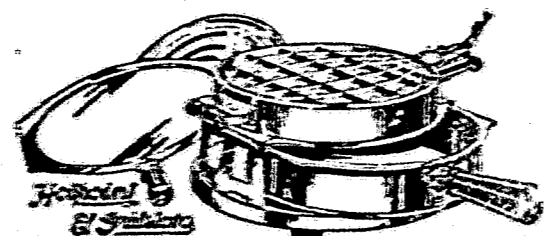

"Mike, your fare!"

"Sir!" exclaimed "Mike."

"I say your fare!"

"Well, that's what some of the boys say, but coming from a stranger, I—"

"Oh, all—I mean your nickel."

For the students who want to do a little cooking in their own rooms Hotpoint Electric El Grillstove can't be beat. It operates from

any lamp socket; boils, broils, fries and toasts, either above or below the glowing coils; performs any two operations at same time at current cost of one, and if used with Hotpoint Ovenette it bakes and roasts. In fact, it is a small range. Let us show you.

KOYOTES ARE AGAIN HEARD ON CAMPUS

Ancient Association of Kwataka Holds Pair of Husky and Memorable Gatherings, as Near-by Residents Probably Suspected.

What were probably the largest meetings ever held by the Koyote Club were held two nights last week at an early hour in the gym.

All students, especially the new ones, had been looking forward to the time when they should become members of the famous organization and be real Koyotes. Many had been enquiring ever since their arrival as to when the club was going to meet, so that they would surely be home on time.

Several alumni were present at these occasions. This goes to show that it is hard for one to forget the many happy and good times he has had while living on the "Hill."

The Kwataka Koyote Klub wishes to announce that thirty new men, including several older Varsity men who now live in the dorm, have joined the ranks which gives us a very good start for the year. The new members were given a running start and did very well.

The only exception to the regular order of business was the "reveille." This was omitted because Professors Wand and Worcester are not used to keeping late hours and they also wished to continue their beauty sleep.

Several musical (?) vocal selections were rendered, which were very much enjoyed, judging from the suppressed exclamations from within. But at the sound of a woman's voice the Koyotes "about faced" and proceeded to the gym.

Here several hours passed in quick succession. Occasionally noises, various noises, were heard within, singing, speeches, sound of athletic contests, drills, and barking of Koyotes.

Many young fellows, never having seen a Koyote, found out for the first time that their color is not white. And instructions in educational lines continued along other turns as well.

Several students were heard asking the next morning: "What did those boys bring cushions to breakfast for?"

After breakfast there was a big get together party held in the gym where the fifty husky young men of the club, with mops and brooms and elbow grease, cleaned and polished Coach Hutch's "athletic parlor" for two hours, making it look as spick and span as ever.

SOCIETY

PROCLAMATION.

We, the girls of the U. N. M., do hereby give notice that we do desire and prefer to ride the street cars up and down the hill for all dates, dances and other affairs which formerly called for a taxi. First, because we realize that boys attending school are not millionaires; second, because we know that boys often cannot afford the price of a taxi; third, because it is a waste of perfectly good money to ride in taxis, when street cars are good, cheap and sociable; and fourth, because we want to be up with the times and street cars are the very latest and most approved style of travel. Wherefor we do hereby resolve that we will not ride in a dollar taxi when the street car will take us to the same place for a dime.

(Signed) THE GIRLS OF U. N. M.

Faculty Reception.

The reception given by Dr. Boyd at his home on Thursday evening was immensely enjoyed by the members of the faculty and their wives. The affair was formally informal, a few dress suits being in evidence (so it is said). A very sociable time was followed later in the evening by delicious light refreshments. The following splendid musical program was given. Violin solos, "Air Jenaglia" and "Serenade by Drla," E. Leroy Yott; piano solos, "Butterfly," and "To Spring," by Greig, Prof. Stanley Seder; vocal solos, "I Hear a Thrush at Eve," and "Mother Macree," Mr. Padel; violin solo, "Scene de Ballet," by de Beriot, Mrs. J. D. Clark. Mrs. Clark's number was beautiful and was greatly appreciated. Dr. and Mrs. Boyd were assisted by Miss Williams and Miss Boyd.

Alpha Gamma Banquet.

One of the most delightful affairs of this season was the banquet at the Alvarado hotel on Saturday evening, given by the members of Alpha Gamma in honor of their new pledges. The long table in Taft hall was beautifully decorated in red roses and smilax. Myrl Hope was toastmistress. The following girls responded with toasts: Margaret Cook, "To the Pledges;" Kathleen Long, "The Founders of Alpha Gamma;" Katherine Conway, "To the Absent Members;" Shirley von Wachenhusen, "Alma Mater;" Rebecca M. Horner, "The Future of Alpha Gamma;" Margaret Flournoy, "The Spirit of Alpha Gamma." The pledges who were unexpectedly called upon for toasts caused a great deal of merriment. Alpha Gamma songs were sung after the banquet. Those present were: Miss Lathrop, Katherine Conway, Kathleen Long, Myrl Hope, Louise Bell, Margaret Cook, Margaret Flournoy, Shirley von Wachenhusen, Irene Boldt, Rebecca M. Horner, Lillian Spickard, Evelyn Trotter, Evalyne Long, Hazel Hawkins, Katherine Little, Katherine Keleher, Helen Wilson, Katherine McMillen and Margaret McCanna.

The Phi Mu sorority gave a tea in their rooms on Friday afternoon for friends and alumni.

LOCALS

The Alpha Deltas gave a smoker on Friday night at their house, for invited guests.

Miss Martha Henderson has returned from Roswell and is welcomed into the Sophomore class.

Carl Adeylotte, a sophomore and a football star, returned last week.

Bob Hopewell is back on the campus again.

Professor Richard Clement, head of the department of botany of the University of Missouri, and Mrs. Clement, are guests of Prof. and Mrs. Weese.

Miss Sisler is busy furnishing material for year's programs to Women's Clubs of New Mexico.

Miss Margaret McCanna has registered as a freshman. Miss McCanna is an Alpha Gamma pledge.

Latest Pi Kappa Alpha pledges are Perkins, Patton and Edward Cristy.

Adlai Feather is assisting Coach Hutchinson on the gridiron.

All gym classes will start this week.

University Library has received a collection of government documents, donated by Mrs. H. B. Fergusson and Governor Stover. There are about 250 books in the collection.

WHAT TO TALK.

Talk Happiness; the world is sad enough

Without your woes. No path is wholly rough.

Look for the places that are smooth and clear,

And speak of those, to rest the weary ear

Of earth, so hurt by one continued strain

Of human discontent and grief and pain.

Talk Faith; the world is better off without

Your uttered ignorance and morbid doubt,

If you have faith in God, or man, or self,

Say so; if not push back upon the shelf

Of silence all your thoughts till faith shall come,

No one will grieve because your lips are dumb.

Talk Health; the dreary, never-changing tale

Of fatal maladies is worn and stale;

By counting up the symptoms of disease

You cannot charm or interest or please.

Say you are well, or all is well with you.

And God shall hear your words and make them true.
