VARSITY ATHLETIC COUNCIL APPROVES FOOTBALL SCHEDULE

A Number of Fine Games Have Been Arranged for the Home Fans.

At 3:00 o'clock, Sept. 22, in the Chemistry Building, the Athletic Council of the State University formerly approved the schedule as outlined by Manager Bryan. The games which will be played this fall will try the mettle of the Varsity team and place the name of the University before a widespread circle of football fans. The schedule is as follows:

- Oct. 2.—New Mexico School of Mines, Albuquerque.
- Oct. 9.—Colorado College, Colorado Springs.
- Nov. 6.—Texas School of Mines, Albuquerque.
- Nov. 11.—New Mexico Military Institute, Albuquerque.
- Nov. 20.—University of Arizona, Tucson.
- Nov. 25.—New Mexico State College, State College.

Negotiations are now under way with Clarendon College, Texas, for the game in Albuquerque October 30. The Colorado Miners, who were unable to score on the Varsity team last year, refused to take the home aggregation to their own field for a return game this year. Arrangements are being carried through to have the second team play the Menaul, Indian and High School teams on open dates.

After the business of the schedule was gone over, the Council took up financial matters which had been left from last spring. Before adjournment plans were laid to meet every week during football season. All members of the Council expressed themselves very well pleased with the work of Coach Johnson.

Pre-Season Practice
Coach Johnson, who is training

FIRST ASSEMBLY OF YEAR IS ON FRIDAY

All Students Required to Attend On Gentlemen's Agreement of Preceding Year.

The regular weekly assembly will be called on Friday at 11:00 a. m., in Rodey Hall. A very interesting program has been arranged and it is to the interest of all students to attend.

Brief addresses will be given by President David S. Hill, President John Scruggs of the student body, Rev. A. M. Mandelare, S. J., Pastor of Immaculate Conception Church, Rabbi Morse Bergman, Temple Albert, and Rev. H. A. Cooper, D. D., pastor Presbyterian Church.

The names of the preceding gentlemen are well known to most of the students and we vouch that they will have messages well worth the time of every one.

MANY FINE ADDITIONS TO THE FACULTY

New Members of Faculty Take Up Their Work With Great Enthusiasm.

During the summer months there have been several changes in the personnel of the University faculty, so in order that all the students may know something of our new professors and what they have done before coming to New Mexico, The Weekly has compiled the following list and data concerning the new professors:

Dr. L. B. Hessler, A. B., A. M., Ph. D. (University of Pennsylvania). Dr. Hessler, since graduating from Pennsylvania, has been an instructor in the University of Minnesota. He comes to New Mexico to take the place of Mr. Sherwin who resigned last year.

Mr. Fred Feasel, B. S., M. A. Mr. Feasel was granted his first degree by Ohio State University and his record by Chicago University during the war he was in the Aviation Service. He had both teaching and business experience. He takes the place of Prof. Howard.

Mr. Roy W. Johnson, B. A. (University of Michigan) is the new athletic director, taking the place of Mr.

(Continued on page 3)

NEW STUDENT RECEPTION FOR FRIDAY NIGHT

First Varsity Event of Year Will Furnish Impetus to Get Things Started Early.

The annual new students' reception given by the older students of the Varsity to the new students, is to be held this year on Friday night, Sept. 24, in Rodey Hall. The committee in charge of arrangements, who have been appointed, are Robert Hopewell, Miss Snyder, Earl Garhardt, Walter Berger and Miss Burton.

Arrangements have been made to make this year's program the best ever, and in keeping with the spirit of the times—the biggest in the history of the school. There will be faculty alumni, seniors, juniors, sophomores and freshmen out on this evening, enjoying themselves and getting acquainted with everyone else. With the purpose—namely, "getting acquainted"—in view, there should be no cause nor excuse for anyone on the campus at any future time to say: "Who is that new student?"

We are assured by the committee that everything is in readiness and that there will be plenty of pep of

(Continued on Page 4.)

PRE-REGISTRATION PRACTICE SHOWS UP MATERIAL

Team Will Have Advantage Throughout Season Because of Early Start.

Coach Johnson's athletes have started something in their pre-registration practice that looks well for an exceptionally successful campaign on the gridiron. Practice has started with a bang and snap which is indicating real football spirit.

The week prior to registration fifteen men reported for practice each afternoon. The number has now swelled so that there are two full squads and with the completion of registration we may expect to see three squads at work on the field.

We are exceptionally fortunate in the number of last year's "letter" men who have returned. "Tubbie" Mann, Gerpheide McArthur, Hernan-

dez Witter Squanzini and McClure are the old war horses who won their laurels last year and are back with us again. Some very good material has come in with the new class, if

(Continued on page 2)

VARSITY BOYS TO USHER FOR COX

Names of Loyal Democrats Are Being Taken for Thursday Night.

Mr. Bob Howell and Mr. Harold Booker have been taking the names of students who are willing to usher at the Armory Thursday evening, when the democratic candidate, Jas. M. Cox, will speak. This honor which has been conferred on the University is the direct outgrowth of the activity of University students and alumni this summer in the state conventions of both parties, where by their efforts put a progressive educational plank in the platforms of both parties. The time will soon be here when the men who make the laws in this state will be University of New Mexico graduates and this institution will be a power for good in the politics of the state.

SWIMMING POOL BE READY SOON

Work Delayed On This Important Structure in Rush of Other Jobs.

Mr. Frank, campus superintendent, will start work on the swimming pool at an early date to carry out the plans for having it ready at the start of school. The pool will be cleaned and put in the finest shape. It will be kept clean and full of fresh water until the cold weather. All students will remember the fine times we enjoyed last spring and get out the old swimming suit to take advantage of this opportunity for aquarian activity.

Perkins Patton of Clovis is a visitor on the hill this week.

Miss Mable Goss, who left here for New York, is playing in "Our Mrs. McChesney" with a stock company in Denver this summer. She will return to New York to complete her education.

The many friends of Luther Thomas and Beatrix Black will be agreeably surprised to hear of their marriage.

Claud Mann, last year Captain, will not return to the University this fall as he is now a family man, marrying Miss Irene Seward of this city.

Another wedding that took place this summer was that of Tode Breneman of Roswell, who married Miss Norma Rasmus and terminated a high school romance with the coast artillery.

MAJOR C. E. HEALD DIES ON THE COAST

Former Student at University Was Thirty-Five Years of Age.

Major Clarence E. Heald, son of Dr. and Mrs. J. H. Heald, until recently residents of this city, died in Alameda, Calif., on September 14, it was learned here today.

Major Heald was a former student of the University of New Mexico and a member of the old Tri Alpha fraternity of the local institution, where he was an active participant in university affairs. He was 35 years old.

He had been a captain in the coast artillery for nine years and when the war broke out because of his services he was soon commissioned a major. An article from a San Francisco paper has the following to say regarding the death of Major Heald: "Major Clarence E. Heald, organizer and first commander of San Francisco Post No. 1, American Legion, overseas war veteran and for nine years a captain in the Coast Artillery, died yesterday afternoon at his home, 2014 Clinton avenue, Alameda, after a short illness. He was 35 years old and a native son of New Hampshire.

Major Heald contracted the illness which brought about death while he was attending a convention of the American Legion held in San Diego recently. When the war between this nation and Germany was declared he offered his services to the country and was soon commissioned a major by reason of his long association

WEDNESDAY, SEPT. 22, 1920

START EARLY

Start early to make "Start Early" your slogan, is the sound advice of one of the most enthusiastic professors on the hill. His advice is timely. The student body loses many days of fun by not getting their activities under way in good season. The students lose many chances for good grades by neglecting work at the first of school. The boys lose many hours of pleasure by not getting acquainted with the girls at once. Shall we go on and name more reasons for starting early? It seems hardly necessary. Make Start Early the slogan of the University in every activity. Start early to study, start early to play football, start early to write for The Weekly, start early to plan for The Mirage, start early to make this the most successful and well remembered year in the history of the Cherry and Silver.

The editor wishes to beg the student body to judge, leniently with this hasty attempt to put out an issue without a staff and in the absence of the Business Manager. In the rush of registering we are sure that there will be errors and omissions which would not ordinarily take place. A new staff must be selected at once—one which will take hold with enthusiasm and industry. We want every student to contribute to The Weekly and scores to express their willingness to work on The Weekly staff. The essential need now is a man to take charge of the business end of the paper. It is an opportunity for real experience in the business world which the college man who is going to make business his life work cannot afford to miss. The present issue is made possible through the courtesy of Mr. Howell Faw, who so kindly jumped into the breach made by the absence of Mr. Fred Gray.

GET INTO STUDENT ACTIVITIES

An University can accomplish two things for its students if the students but let them. First, the student will receive a liberal education which will make him an useful and learned citizen. Second, the student will receive a broadened outlook, a feeling of self-reliance and the ability to meet his fellowmen face to face in friendly rivalry. A conscientious attention will gain the first requisite of an University graduate. To gain the second there must be a willingness to go into any student activity and do good work. The student who goes out of this University without

these accomplishments is very much lacking. He has failed to get the education. Who admires the man who is nothing but a book-worm? Yet, it is also true that the man who falls in his studies loses the respect of his companions. Endeavor to be all-round University graduates. Here there are plenty of opportunities for your effort. The way is clear and the reward awaits you.

LETTER TO THE EDITOR

To The "Frosh":
Howdy, Frosh! How do you like U. N. M.? I presume that it seems sort of queer at first—the buildings, I mean. They don't exactly reach the monetary value of the more elaborate structures of larger universities. However, our buildings, fashioned after the improved Pueblo style, are unique in that they fasten a lasting impression on the visitor or new student. And, after all, it is distinction rather than the elaborate that counts.
You have already enrolled and we trust that your programme is such as to give you a firm foundation for your following years in college. Use discretion and don't fill your schedule with a lot of easy credits, for soft subjects maketh a soft brain. The University of New Mexico has several traditions which it is your duty to uphold. In a short time you will be issued green caps which you shall wear while on the campus. There are other traditions which will soon be explained to you.
Acquire the school spirit, hit the ball, and help make this a record year for U. N. M.

AN UPPER CLASSMAN.

LET'S START EARLY

PRACTICE SHOWS UP MATERIAL

(Continued from page 1.)
their high school records are a criterion. Walter Hernandez and Hyder, from the local high school, are among those who have shown ability in a marked degree with their high school teams. Besides these men, a goodly corps of new material has come out. Coach Johnson, who held down the center of the line for Michigan last fall, is busy putting the men through their paces, and from all reports is a man who knows how it should be done. There need be no lack of enthusiasm on the part of the supporters of football for every indication points to a good team and a successful season.

REGISTRAR REFUSES FIGURES ON STUDENT ENROLLMENT

Heavy Attendance Predicted for Fall Term, With Men Exceeding Women.

As all attempts to get figures from the registrar on student enrollment have failed, only estimates can be made. The registration this year promises to far exceed that of last fall, although there are not as many freshmen, a large number of upper classmen have returned. Although the reports are not yet obtainable the enrollment is expected to be in the vicinity of three hundred. It is surprising to note the number of prospective students attracted

ROSENBACH DISTINGUISHES HIMSELF

J. B. (Joe) Rosenbach, a graduate of the Class of 1917 and a former instructor in mathematics at the U. N. M., was an interested visitor on the hill. He was very much impressed with the additions to the campus, and especially with the improved standing of the University in educational work.

Mr. Rosenbach received his M. S. degree at the University of Illinois in 1919, and has completed all requirements for the Ph. D. degree, with the exception of the residence requirement which he will meet by attending two summer sessions of that institution. His doctor's dissertation is "On the Zeros of Functions Defined by Homogeneous Linear Differential Equations of General Order," for which he was admitted to Sigma Xi.

For the coming year Mr. Rosenbach has been appointed to an instructorship in mathematical physics at the Carnegie Institute of Technology.

MANY NEW ADDITIONS TO THE FACULTY

(Continued from page 1)
McGough, who resigned last year. Mr. Johnson was both a football and a track man at Michigan, and also was president of the Overseas Club there. While in France he was decorated for bravery by the French government.

Dr. Charles F. Coon, A. B., M. L., Ph. D., University of California. Dr. Coon spent all his time during his graduate work on History, and is very well trained and capable of teaching history. He takes the place of Prof. R. R. Hill, who resigned last year.

Thomas T. Eyre, B. S. (Purdue University). Professor Eyre has been an assistant professor at Purdue, and has also had wide practical experience. During the war he was a captain of engineers in France. Mr. Eyre will be the Acting Dean of the College of Engineering.

Mr. Harry Z. Dougherty, B. S. (Pennsylvania State College). Mr. Dougherty has had wide practical experience in his line. He will work in the Department of Civil Engineering.

Miss Wilma Lacy Shelton, B. A., B. L. S. (University of Illinois). Miss Shelton succeeds Miss Stone and will take charge of the library and also offer a course in Library Science.

ATHLETIC COUNCIL APPROVES SCHEDULE

Continued from page 1.
The University gridiron candidates, is going after the training of the team very thoroughly. He is not doing side-line coaching, but is right there with the boys in his football suit. Bucking, blocking, tackling with variations of running hundred yard dashes is the grind laid down for the line men. The back-field men are doing practically the same work with special drills in dodging, holding the ball and punting. Every effort is in the direction of getting in to condition, so that after the drill of practice a game will seem easy. Prospects for a banner year look bright, in the opinion of onlookers. Coach Johnson has been well pleased with the turn-out of men for pre-season practice.

STUDENTS VARSITY SHOP TO REPLACE GROTTO

Old Land Mark of the Last Few Years is Razed.

The Grotto has passed away and the Varsity Shop now takes its place. The king is dead, long live the king. For the Grotto has always been the ruling factor in the students' life. There in the Grotto has all the student opinion bred and expressed itself. There in the heap of trash and timbers are the forgotten ghosts of many a jolly story, of hot discussions, of hasty words, of all the joys and sorrows of a student's life.

The old Grotto has gone but its memory will last in the minds of all those who enjoyed its hospitality. The new will not hold the same place in the students' minds till time has turned his wheel and all those who knew the old Grotto have left the hill.

The new Varsity Shop will be under the management of Mr. Jack Kiss and will handle many of the student wants.

LOCALS

Miss Lorraine Cleveland of Berkeley, California, will attend U. N. M. this year.

Hugh Bryan and Jimmie Waite are spending a few days in Albuquerque.

Several of the new professors of the University faculty motored to the mountains last Friday as guests of Dean Clark.

The Pi Kappa Alphas have purchased a chapter house at 1608 East Silver avenue.

Miss Margaret Lee, for the past two years a student at U. N. M., is attending Simmons College in Boston.

John Fernstrom and Maynard Hempstead of Topeka, Kansas, arrived last Thursday to enter the University.

Miss Helen McIlvaine has returned to attend U. N. M. this year. Her cousin came with her.

Fritz Ward and John Pope Hayes came overland from Artesia, New Mexico, last week.

Miss Mary Lou McGuire, a graduate of Palmer Academy, De Funiak Springs, Florida, will attend the University.

Wallace Bacon, Glen and Melville Rogers, are attending John Hopkins Medical College this year.

Miss Margaret Brooks, a student at U. N. M. last year, is now studying at the Boston Conservatory of Music.

Miss Elizabeth Hill has enrolled at the University for the coming year.

Johnny Scruggs, who spent the summer in Arizona, has returned to U. N. M.

Robert Hopewell has enrolled for his senior year at the University. Willard left last Wednesday for Lafayette.

Sam Wells, after a summer in California, is back again at U. N. M.

Miss Joy Spruce is expected to arrive at the University the latter part of the week.

Misses Pauline and Irene Davis are attending the University of Missouri this year.

George Sampson of Winslow, Arizona, will attend U. N. M. again this year.

Les Boldt, after an absence of several years, has returned to the University for his degree.

Miss Pepita Espinosa has enrolled in the Liberal Arts Department of the University.

Earl Gerhardt, accompanied by his sister, returned to U. N. M. last week.

Miss Anne Harris is the house guest of her sister, Mrs. Guy L. Rogers.

Walter Berger, who was connected with a New York banking firm during the summer, has resumed his studies at U. N. M.
