## CLERGYMEN ADDRESS THE FIRST ASSEMBLY

### Clergymen of Three Faiths Address Largest Student Body in History of the Institution.

With the largest enrollment of its history, the State University held its first assembly Friday morning and was addressed by three clergymen representing the Jewish, Protestant and Catholic faiths. The occasion was opened by the vigorous singing of Alma Mater by the student body, remarks by John Scruggs, student body president, and a brief address by President David S. Hill, on the subject, "The Investment of Life."

President Hill welcomed the new students and reminded them of three significant investments: That of the tax payers of New Mexico in operating the University for the benefit of the youth of the state; that of the parents in money, effort and hopes and on the part of the students in time, effort and money. John Scruggs explained the co-operative system built up by the students and faculty of weekly university convocations.

Father A. M. Mandalari, rector of the Immaculate Conception Church, spoke on the "common sense" side of religion. He said: "Religion is a most sublime and most important subject. Some think it is a limitation of the human freedom. Others call it a burden, compelling men to sacrifice the pleasures of today for the ideals of tomorrow."

"They do not know the true nature of religion. The nature of religion is the union of man with God. Common sense tells us that man is seeking God by the exercise of his spiritual faculties, which can find no complete satisfaction here on earth."

"But it is a metaphysical axiom that every faculty must have its corresponding object. If, therefore, man's noble faculties can find no adequate object here on earth where everything is finite, they must find it in the infinite being, which is God. Man, therefore, is seeking God. God, also, by the exercise of His faculties, is inclined towards man. His bounty, His mercy, His glory, His love requires the presence of man as a receptacle of His gifts. God may be said to seek man, His child, His friend, His delight. Will these two beings ever meet? They meet and embrace each other in the practice of religion. God descends into the human intellect and enables it to perform acts of faith. God descends into the human will and strengthens it to an obedience to His will. God descends into the human heart and elevates it to the virtue of charity which is the great commencement."

"Man rises to God by faith, obedience and charity as a fit and only preparation for the eternal happiness and perfect union with God in

(Continued on Page 4.)

## FIRE IN DORMITORY

On Saturday a fire, starting in Cottage E, demolished the interior of the two rooms and destroyed all of the personal effects of its occupant, Mr. George Bell.

The fire was discovered shortly after one o'clock. Students, upon noticing the smoke escaping from the windows, turned in the alarm. In the space of five minutes several fire extinguishers were rushed to the scene. These, commandeered by students and Coach Johnson, checked the flames and soon brought the blaze under control.

The city fire department responded promptly and completed the work of the volunteers. The damage is estimated at \$1,500.

## The Lobos

Eureka! At last, a real name for the University teams. A name with a wallop in both fists—a name which will make you sit up and take notice.

In this wild west we must have a name fitting to our surroundings. The terror of the mountains and prairie, the king of all the western lands is that feared and hated animal—the LOBO. Who has heard his terrible war cry without the cold shivers of fear running down his back?

The Lobo is respected for his cunning, feared for his prowess, and is the leader of the pack. It is the ideal name for the Varsity boys who go forth to battle for the glory of the school.

All together now: Fifteen rahs for the LOBOS!

## LOBOS NOT TO MEET THE MINERS SATURDAY

### First Game of Season Not to Be Played, as Miners Refuse Game.

After sixteen days of gruelling practice the New Mexican Lobos are ready to attack the New Mexico School of Mines on the State University football field, Saturday afternoon at 2:30 o'clock, but will not do so because of sudden change in the attitude of the student body of Socorro.

During the last week Coach Johnson has been perfecting the offense and defense of his pack. Since last Saturday the squad has been running signals, scrimmaging and tackling, until University backers feel sure that the coach will be able to put a team on the field that will better the score of 54 to 0 made against the Miners last year.

The attack which will be used will be of the latest eastern style. Coach Johnson is using a combination of all the plays which eastern schools used last year. In this way he is developing an offense which is new to New Mexico football enthusiasts, and which will test the defense of the strongest teams in the west. The pack this year will be light and the shifty style of attack which they will use will enable the Varsity to have the most successful football season in years.

## SOCORRO STALLS

Word has been received from the Socorro School of Mines asking that Saturday's game be played on their field instead of on the U. N. M. gridiron.

Due to the progress made in advertising the game on the University field, such a change would be impossible. Consequently Manager Bryan sent an immediate reply stating that a game would be possibly only in advent of its being played here.

No reply has been received as yet making the contest with the Miners improbable if not impossible.

## Laudable Ambition.

"You say this is an educational film?"

"Yes," replied the movie magnate, blandly.

"But it features a 'vampire?'"

"Exactly. We are trying to make the world safe for married men."—Birmingham Age-Herald.

## CLASS ELECTIONS HELD THIS WEEK

### Fletcher Heads the Seniors and Caldwell the Juniors.

The Senior and Junior class elections have been held this week, with the following results:

**Seniors:**  
Fletcher Short, president.  
Helen Goetz, vice president.  
Mamie Hart, secretary-treasurer.  
Samuel Rosenback, student council.

**Juniors:**  
Charles Caldwell, president.  
Irene Wicklin, vice president.  
Clyda Wilson, secretary-treasurer.  
Bob Hopewell, student council.  
The other elections which will be held this week are those of the Sophomore class and general student body election to fill vacancies.

## THE VARSITY SHOP

University students have welcomed the opening of the "Varsity Shop," a most convenient and thoroughly equipped little place where nearly anything from stamps to good things to eat may be found. The Varsity Shop is a great improvement over the "Grotto," as it is larger, better managed and the stock more complete. Later on the management is planning to put in a number of small tables and light luncheons will be served for the convenience of the students who live on the hill and do not wish to go to town on Sunday nights when the dining hall is closed.

The Varsity Shop is closed during meal hours at present and a schedule will probably be published later. Fred Greenleaf and Jack Kiss are in charge.

## Accommodating.

Cholly (to shopman)—"I say—aw—could you take that yellow tie with the pink spots out of the window?"

Hosier—"Yes, sir. Pleased to take anything out of the window, sir."

Cholly—"Thanks, awfully! The beastly thing bothers me every time I pass. Good-mawning."—Christian Register.

"Mamma, all the marriages are not made in heaven, are they?"

"Why not, dear?"

"I thought most of them were made among the movie people in Los Angeles."

## WONDERFUL PROGRESS MADE IN FOOTBALL

### Spirited Competition Insures the Development of a Winning Squad.

Some hard practice is coming to the cherry and silver this week in preparation for their first game Saturday. The Miners are to be our opponents and the quarrel is to take place on our own field. The Miners have not forgotten their defeat of last year. They have a number of their old guard back and will put a strong team on the field.

Last Saturday our boys had their first scrimmage. It was a looked-forward-to event, both by the team and those who do come out to watch the practice. It was a good sight to see the team in action once more. Every man was anxious to put himself into the game—it's a good sign.

The dopesters have something to talk about now, although it is too early in the season to pass judgment on any of the men. The recent scrimmages have shown, however, that Capt. Mann and Gerphiede still have the goods with them when it comes to smashing the line. "Bevo" Bevan, a new man, also shows that he can "man the lettuce" in line playing.

Besides these three men, Miller and the Spanzini brothers are showing up well in the back field.

Coach Johnson is working hard developing a center. Wilfly and Pearce are both candidates for the position and one of them no doubt will hold down the middle of the line.

In the guard positions, Witten, a last year man, W. Hernandez and Dunigan are showing up well. At tackle, Blondy Booker and W. Hernandez are proving they have not forgotten how the position should be played.

Stinett and Hyder, two new men, are showing flashes of the right stuff for either guard or tackle position.

McArthur is showing good stuff at his old position at end. Calkins and Angel are also out for the end position and are showing a good deal of speed. Calkins is also a kicker of no mean ability.

Hesseldon, an old back-field man of experience, is expected out tomorrow night. Another man who will be in a suit tomorrow is Ben Gerphiede. Ben comes to the "U" with a cracking good "rep." He was a four-letter man last year at Mersersburg Academy, one of the leading eastern prep schools. He played end last year with a great deal of credit.

Miss Fairly of Portales has registered for work this semester.

Viotti Croft of Clovis, a former U. N. M. man was a visitor on the hill Wednesday with his wife.

Miss Anita Osuna has accepted the position as student assistant in the Spanish department.

## PEP MEETING

The regular assembly on Friday will take the form of a pep meeting. Yells will be rehearsed in anticipation of the game with the Socorro Miners. It is also intended that there shall be try-outs and elections of yell leaders.

Short speeches will be made by A. E. Bruce and Coach Johnson. Mr. Harold Booker will address the assembly on the subject of literary contests. Also football men will be given an opportunity to speak to the student body.

## FIRE PREVENTION

The recent blaze which threatened the destruction of the entire dormitory emphasized the necessity of a more adequate fire protection system.

True, we have fire extinguishers conveniently located in the different buildings. Their evidence is so common-place as to cause them to pass unnoticed. No doubt, previous to the fire, hardly three occupants could give the location of the extinguishers in the dormitories.

The most plausible solution of the fire menace is that all students become familiar with the apparatus necessary in such an emergency. In order to attain this end, the next issue of The Weekly will contain an article giving the location of extinguishers in each building. Every student should familiarize himself with this bit of information and thus reduce the possibilities of fire hazard to a minimum.

## REPORT OF COMMITTEE ON ELIGIBILITY RULES

This committee recommends:  
1. That the eligibility rules of the Rocky Mountain Conference as given on pages 8-11 in the Constitution and Rules of the Rocky Mountain Faculty Athletic Conference, be adopted for the University of New Mexico with the amendments and interpretations to Article 1 as given below.

2. That the Registrar be made a member of the Committee on Eligibility and act as its secretary.

### RULES

Division 1—Eligibility.

Article 1.—Residence and Scholarship:

In order to take part in any public exercise or game as a member of any University organization, or to act in any editorial or managerial capacity in connection with any form of student activity, a student must fulfill the following conditions:

Rule 1. He must have completed fifteen units of preparatory credit.

Rule 2. He must have been in residence for at least one half of a college year. (Not in force until the male enrollment shall reach 200, and not then in competition with institutions not having a similar rule.)

Rule 3. He must have been registered in person and regularly at work within two weeks of the beginning of the semester in which he is to participate, or he must have been registered and in attendance at least one month before participation.

Rule 4. He must be earning passing grades in at least eleven hours. No student registered for less than twelve hours may be considered eligible. In order to be eligible to take part in any athletic event he must maintain a passing grade in all courses in Physical Education in

which he is enrolled in addition to the above.

Rule 5.—He must have obtained at least eleven credit hours toward graduation in the courses in which he was registered during the last semester during which he was in residence (including credit hours gained from official condition-examinations for which the regular fee has been paid), or, if he was registered for less than eleven hours during the preceding semester, he must have passed all courses for which he was registered. This clause shall not apply to Freshmen during the first term of their residence, but it shall apply to students obtaining advanced standing for work done at other colleges. (This rule shall not apply to students whose last term in residence ended previous to March 29, 1920.)

Rule 6. He shall not participate more than four years in the aggregate, and participation in any part of an intercollegiate contest shall be considered as participating for that year.

Rule 7. (Shall apply only to relations with the Rocky Mountain Conference.) In case a student enters a conference institution after a year has elapsed since he took part in intercollegiate contests in another conference, his case shall be treated according to Rule 5.

Administration of Rules in Article 1, above:

(a) As soon as possible after the opening of each semester, the Registrar shall notify each student of his status, according to Rule 5. (A statement of the number of hours credit earned during the preceding semester shall be ample notice.) Other persons interested, such as managers, captains and coaches, may be notified of the status under this rule of students under their charge, on request.

(b) Each member of the faculty shall report, on blanks provided for the purpose, to the Registrar, on the second Friday thereafter, the names of such students as are not passing in courses under his charge. The committee on eligibility shall then determine the names of those not complying with Rules 4 and 5, and shall post on the principal bulletin board of the University, on the Monday following, a list of such names.

A student whose name appears on the posted list shall become ineligible beginning one week after the posting of such list, unless he shall have, in the meantime, presented to the secretary of the committee signed statements from his instructors, indicating that he is passing in the amount of work required by Rules 4 and 5, in which case his name shall be removed from the list. A student who has become ineligible, as stated above, shall remain ineligible until he has presented to the secretary of the committee signed statements from his instructors indicating that he is passing in the required amount of work, provided, however, that no student may thus regain his eligibility later than six days (144 hours) before the event in which he is to take part.

(c) The eligibility committee shall furnish, at the request of the director responsible for any intercollegiate contest, a certified list of those eligible to take part for presentation to the officials of opposing teams.

(d) These rules shall be posted in a permanent manner on or near the principal bulletin board of the University and in other conspicuous places and shall be offered for publication in the U. N. M. Weekly immediately after adoption and early in each semester.

(e) All rules in conflict herewith are hereby repealed, and the rules hereinabove set forth shall become effective two weeks after their approval.

April 10, 1920.

Just being happy  
Is a fine thing to do;  
Looking on the bright side  
Rather than the blue.  
Sad or sunny musing  
Is largely in the choosing,  
And just being happy  
Is brave work and true.

## SOCIETY

### Sigma Chi Dance:

Sigma Chi fraternity gave the first dance of the school year on Monday, September twentieth, at the Chapter House. The party was in honor of the new pledges of the fraternity and was indeed an enjoyable and appropriate celebration. Music was furnished by Mrs. Soell's orchestra and about twenty-five couples danced, chaperoned by Mr. and Mrs. Frank Shuffelbarger and Mr. and Mrs. Harry Frank.

### Student Reception:

The old students of the University entertained with a reception for new students, on Friday evening, September twenty-fourth, in Rodey Hall. Bob Hopewell had charge of the arrangements and was assisted by Lorena Barton, Wilma Snyder, Walter Berger and Earl Gerhardt.

Upon arrival, cards bearing the name of each student, were pinned upon the guests and introductions were considered accomplished. Dancing proved to be the popular form of amusement and the first real get-together party was an extremely enthusiastic affair.

Dr. and Mrs. Clark acted as chaperones.

### President's Reception:

Invitations are out for what promises to be one of the real social affairs of the year, when on Friday evening, October first, President and Mrs. Hill will be the charming hosts to the students, alumni, faculty and regents of the State University. All students are urged to be present at Rodey Hall for this good time.

### Engineering Society Addressed:

The first meeting of the Society of Engineers was held Tuesday evening in the engineering building. A good attendance was had and all enjoyed the addresses. Mr. Duerr, who has been very much interested in the society, was the chief speaker of the evening. Dean Byre was the second speaker.

The society decided that they would endeavor to become a member of the American Association of Engineers and above the local organization become a junior member or chapter of the big association.

### Panhellenic Tea Dance:

Regarding the usual custom of the Women's Panhellenic Association, a tea dance was given to the new women students Saturday afternoon in Rodey Hall. Each girl was "tagged" with a card with her name written on it and the process of getting acquainted was a very informal one. Miss Blueher furnished the music and punch was served between dances.

heaven. This is the nature of religion."

## Bowman Gives Welcome.

"I count myself happy this morning," said the Rev. A. L. Bowman, pastor of the Central Avenue Methodist Episcopal Church, "in having the privilege with these other men of bringing to you the greetings of the many interested friends of this institution in our city. We are glad you are here and it shall be our delight to help make this year for you the most profitable.

"I am conscious of the fact that we as a world are entering upon a new day in the history of civilization of the human race. It is an hour fraught with danger. Its pathway is beset with many rocks. We are arching our sails to an untried breeze, and our only hope is in having the right leadership. There seems to be a pause just now in all progress. I believe the world is just waiting for the contribution that such as you are going to make. And that contribution shall be in direct proportion to your fitness such as can only be had in the course you are now entering upon. The crying need of the world is well-rounded men and women, those of strong physiques, keen, alert intellects and a spiritual poise and the opportunity to attain such here is second to none. Nothing possible has been spared in getting ready. We are glad you are here. As no education is complete with God left out, we invite you to join with the forces of this city who are striving to uplift humanity. Find your place in our church activities and let your life function to its utmost."

Rabbi Moise Bergman, of Temple Albert, said a few words of greeting to the students, stating that the speakers before him had "covered the ground well." He will address the students at a later assembly.

Besides the speakers on the platform, were M. L. Fox, C. M. Barber, the Rev. C. O. Beckman, Dr. LeRoy S. Peters, Dr. Edna Moser and deans of the faculty.

## The Success Family.

The father of Success is Work.

The mother of Success is Ambition.

The oldest son is Common Sense.

Some of the other boys are Perseverance,

Honesty,

Thoroughness,

Foresight,

Enthusiasm,

Co-operation.

The oldest daughter is Character.

Some of her sisters are Cheerfulness,

Loyalty,

Courtesy,

Care,

Economy,

Sincerity,

Harmony.

Get acquainted with the "old man" and you will be able to get along pretty well with all the rest of the family.—The Observer.

## GROTTO LIGHTS

The more students who attend football practice every night the better chance we have of winning the southwestern championship.

You have a football team, Studs; wake up and support it!

Prof. Hessler's inquiry if the blackboard in room 16 was for writing purposes or just for amusement, gave the freshmen more amusement, we are sure, than the professor got from the blackboard.

The Lobos will mop up the earth with everything they tackle if properly supported.

## From Hokona.

Miss Mosher was raising a commotion in the hall of the girls Dorm. at 10:30 p. m., when Mrs. Wittmeyer (sticking her head out of her door) shouted to the supposed freshmen: "Girls, do be quiet. Miss Mosher is staying here tonight."

Class elections are on; so is politics.

## MUSIC

In justice to the University music lovers and music students, I am forced to make this statement. There is a strong desire and demand by music students and music lovers for musical organizations which will satisfy the needs of the city and the University community. The desire and quality of talent for such organizations was never more favorable, but for a number of reasons—and as usual—time for better music study in the University is not given a chance. Much of it is due to conflicts caused by modification from the schedule as printed for registration. These classes are required subjects which call for compulsory attendance. Music is an every day and week" usher in city and University affairs, and it is not a required subject. We are at your mercy. Give us your support.

(Signed) JOHN LUKKEN.
