ORATORICAL CONTEST WON BY BOOKER

Freshman Takes First Place With His Oration on "New Mexico and the War." Decision Close.

At the tryout for the state oratorical contest Wednesday night, Harold Booker of Dewey, Okla., won first place. Booker's subject was "New Mexico and the War." By winning this tryout, Booker was chosen to go Santa Fe to represent the University. The contest takes place during the Teachers' Convention, the first part of Thanksgiving week.

There were three contestants who delivered orations Wednesday night. In addition to Booker, these were Harry Lee, who was awarded second place on his oration, "America and the War," and Gallagher, who took third place with his speech on "Patriotism."

Booker based his oration, "New Mexico and the War," on the fact that in the great war the United States has entered, each section of our country has been given a definite task. He told briefly of New Mexico's wonderful resources, first her agricultural wealth, and then of her unlimited mineral wealth. "With these limitless resources what lack we, then, to make the part of New Mexico the part that it should be in these perilous times?" asked the speaker, and he answered "Men." He urged the importance of the schools, and manifested the need for every young man "to take advantage of every opportunity offered for specialized training in the schools of our land. The key note of the winner's appeal seemed to be, "We must realize that it will be the development of New Mexico's latent man-power that will assure the development of New Mexico's resources." Booker closed his oration with, "Let service be our aim, co-operation our watchword, and charity our aim, to the ultimate end that a world made safe for democracy may be, not the dream of an idealist, but the realization of an emancipator."

ASSEMBLY FRIDAY MORNING AT 11 O'CLOCK; MR. HARRY L. HEINZMAN WILL SPEAK.

Mr. H. L. Heinzman will speak to the students of the University in regard to the Y. M. C. A. war work campaign. Mr. Heinzman is just back from the front, and will give a very interesting talk. Mr. Heinzman is an international student Y. M. C. A. secretary, and used to be in charge of this district. Some of the boys who knew him are now in France and are enjoying the privileges of the army Y. M. C. A.

There is nothing that we can do that will help the boys in France as much as to give what we can to aid in the great work that the Y. M. C. A. is doing.

There are a great many good causes that we can contribute to, but none of them will be able to do for the boys what the Y. M. C. A. can.

SING FRIDAY NIGHT A DECIDED SUCCESS

Program Last Friday Night Proved to be Interesting to a Large Audience. Opera Chorus Scores Big Hit.

Rodey Hall was filled last Friday night when the annual University Sing was given. The sing was a great success and all present enjoyed the numerous numbers on the program. The audience joined in the singing of the patriotic and familiar old songs, all of which were excellently rendered. In the middle of the program, Professor Seder, who was in charge of the sing, asked for the name of any song that any one in the audience wished to be sung, and stated that the selection would be sung provided it was any other than Die Wacht am Rhine. Several numbers were suggested by the audience, all of which were sung.

The numbers given by the University Opera Chorus proved to be the attraction of the evening, especially "Italia, Italia Beloved," a most beautiful selection.

Professor Seder deserves much credit for the way in which he has trained this chorus and the members themselves are to be congratulated for their excellent performance. The chorus goes to Santa Fe next Monday to sing at the teachers' convention, and all those who heard the selections last Friday night are sure that we will repeat; that the chorus will make a great hit, as did "Go Ask Willie" last year.

The dance which was given by the student body immediately after the sing was well attended, and was the last number on the sing program.

MR. IKEMOTO WILL SPEAK AT VESPERS SUNDAY, NOV. 25.

Sunday, November 25th, Mr. Ikemoto, of Japan, recently from New York, will speak at the Vesper service. Mr. Ikemoto is a very interesting speaker and no student should overlook this opportunity of hearing him.

The Vesper services are proving to be a very interesting activity on the hill this year. We have had several excellent speakers and feel sure that the students are missing something really worth while when they do not attend these services.

These services are held primarily for the students of the University, and should be loyally supported by them. This does not mean, however, that the town people are not cordially invited.

Friends of Floyd Lee will be glad to hear that he has been promoted to the rank of corporal in Battery A, which is stationed at Camp Mills, L. I., N. Y. It will be remembered that Floyd was captain-elect of this year's foot ball team.

Frederick Luthy, who formerly attended U. N. M., is in the city again and has been a visitor on the campus.

UNIVERSITY PROFESSORS GOING TO SANTA FE

Several Members of Faculty Have Important Part on Program. Opera Chorus Also to Go.

Next week will see a general exodus of University professors and students toward Santa Fe, to attend the teachers' convention, which meets there November 26-28 inclusive. Among the members of the faculty who will make the trip are Dr. David R. Boyd, Professor Worcester, Dr. John D. Clark, Professor Hodgins, Dr. L. B. Mitchell, Professor Ray, Professor Wand and Miss Lathrop, dean of women, and Al Hunt, registrar.

Dr. Boyd is president of the executive committee, and in that capacity will take an important part in the convention. Dr. Mitchell is on the program for an important paper on "Foreign Languages After the War." Dr. Clarke is secretary of the Association for Science. Miss Lathrop will be very busy in her department, that of Domestic Science, and will devote her time to teaching the teachers how to Hooverize. Some of the other professors are going to take part in the meet, but at this time it is not known just what part. Others are going only for the trip and the benefits which they will derive from it.

In addition to the professors, the University will send its opera chorus, consisting of twelve students under the direction of E. Stanley Seder. Professor Seder is justly proud of this chorus, for it is indeed an excellent one. We may expect to hear many praises of it, even though it will compete against some of the state's best talent.

The foregoing will give an idea of what the University will do at the meet. About the program in general the "News" has the following to say:

The Attractions.

"The entertainment features provided by Santa Fe will surpass any effort yet made by New Mexico cities to interest the educators. There will be concerts, banquets, dinners, breakfasts, dances, automobile rides, art exhibits, receptions, picture shows, and dramatic Indian performances, including the Eagle dance.

"As to music, the visitors will be more than satisfied with what they hear. In addition to the splendid local talent which Santa Fe can proudly claim, there will be an organ recital by E. Stanley Seder at the Scottish Rite cathedral, and the wonderful concerts by Princess Tsianina and Cadman of New York.

The Talent.

"To be heard at one time or another during these meetings are: Dr. Edgar L. Hewitt, Governor W. E. Lindsey, Senator A. A. Jones, Secretary of State Antonio Lucero, State Superintendent Jonathan H. Wagner, President David R. Boyd, Dr. R. E. McBride, Adolph Leopold, Hon. Frank Springer, Archbishop J. B. Pitaval, Colonel Ralph E. Twitchell, Dr. A. D. Crile, and Dr. Frank H. H. Roberts in the president's address.

ALUMNI PLAN TO JOIN COLLEGE UNION

Work is Begun on Plan Whereby U. N. M. Students Now in France May Receive Club Privileges.

Members of the New Mexico Alumni Association have begun work on the plan for the University to join the American University Union, which has opened a club house in Paris for the benefit of college students in military service in France. This club was originated by Yale, but the idea has spread rapidly and it is no longer a Yale institution, but a national one.

The union has obtained the Royal Palace hotel in Paris for its headquarters abroad. About thirty universities and colleges have already joined the union, entitling their students without fees, to the privileges of the club rooms. The French hotel will soon be equipped with advantages found in an American university club, including bedrooms, bathrooms, restaurant and reading rooms supplied with American newspapers and magazines and college publications. There will also be a bureau of information and college registration. The latter is expected to prove of special value to men desiring information of Americans serving in France.

The move to make U. N. M. a member was started by Attorney Lawrence F. Lee, an old U. N. M. student, and also a Yale alumnus. Leo Murphey, a strong alumnus of our University, has undertaken to help Mr. Lee raise the required amount necessary for membership, which is \$100. The Alumni Association will take up the matter officially within the next day or so. While the alumni do not expect too much from the University students, they will in all probability call upon us to do some little part in raising this fund. Steps have been taken by President James Hoover, of the student body, to co-operate with the alumni. It is likely that we will be addressed on this subject by some prominent alumnus in the near future.

VESPERS.

Rev. E. P. Schueler was the speaker at Vespers Sunday afternoon in Rodey hall. Mr. Jas. Hoover presided and introduced the speaker. There was a solo by Miss Hortense Switzer, and numbers by the University chorus.

A good-sized crowd, composed of both Varsity students and many down town people, was present and enjoyed the program.

These and others are from the state, and from the outside coming in are Charles F. Lummis, Miss Alice C. Fletcher, K. M. Chapman, Frederick Webb Hodge, Nels C. Nelson, Dr. Byron Cummins, Dr. Francis Kelsey, Dr. R. W. Corwin (just back from the trenches in France), Professor F. W. Shipley, Dr. W. H. Benson, Dr. Frank Slutz, and Dr. A. E. Winship. Can you afford to miss them?

TUESDAY, NOVEMBER 13, 1917.

THE UNIVERSITY CAN BE OF SERVICE.

There has been talk of the University becoming a member of the American University union which is in France. The objects of this club are to provide a place of recreation and amusement for American college men in active service. No definite steps have been taken, however, toward securing membership in this union. Some of the alumni have been looking into the matter, but have not made known what they have learned.

The alumni association could not do their part and help the men over there in any better way than to see that men from the University of New Mexico be entitled to the privileges of such a union. It would make the boys feel that the University has not forgotten them, that the University appreciates what they have done. It would, if possible, increase their loyalty to the school.

Not only would such a membership benefit the individuals concerned, but it would also benefit the University indirectly. There is a large number of college men over there who will return to the United States, and become leaders after the war. What better than that they should meet New Mexico men, learn that there is a real university in New Mexico, and find out what it is accomplishing? We have men over there who can stand up with the best of them.

DO YOUR BIT.

Have you been out to see football practice recently? If so, you have noticed that the team is displaying new life and "pep," if not, you should know about it anyhow. For almost the first time this season, the team is taking real interest in their work. They now have something definite to work for, the game with Cruces on Thanksgiving day and the trip which it will mean. The score of the Institute-Aggie game last Friday hasn't disheartened the fellows a bit; it has made them feel a whole lot better.

In the remaining few days, let's show the team that we are with them, let's get out to practice a few times, and by all means be down to see them off next Wednesday night.

"Ah!" exclaimed the girl, anxious to render sensational service to her Uncle Sam, "if the Lord had only made me a man!"

"Perhaps He did, dear," said her roommate, soothingly, "but you have not found him yet."—Ex.

Prospects for track next spring are bright. By the way some of our boys hustle over to breakfast they ought to do the hundred in nothing at all.

TEAM ROUNDING INTO SHAPE FOR AGGIE GAME.

Hard Practice is the Word: All the Old Men Back in the Fight; Final Arrangements for Thanksgiving Contest.

The football team put in its hardest practice since the season began, during last week. Up to this time the Aggie game had not appeared to the fellows as a real possibility, but the posting of a date card for the event brought the team down to the hard facts, that in ten days more they would be at Cruces. Consequently, there has been a renewal of "pep." Every man on the team from little Pappen to Greenleaf has been tackling the dummy with as much enthusiasm as if it were a Cruces man.

Special emphasis has been placed by the coach both upon offensive and defensive, and some more new plays, sure ground gainers, have been tried out. McClure is getting the passing of the ball down to a fine art. With Mann and Chavez to catch them, a good many forward passes should be worked. Booker is out again after a short leave of absence on account of his oration.

Sixteen players, besides the manager and coach, will be taken on the southern trip. As it looks now, the team will probably line up as follows: "Punk" Phillips at quarter, Mann at right half, White (captain) at left half, McClure at fullback. On the line there will be Chavez at right end, Greenleaf at right tackle, Harris at right guard, Clarke at Center, Romero at left guard, Boldt at left tackle, and either Booker or Foraker at left end. This lineup is only tentative, however, and may be changed at any minute. Five subs will also make the trip.

Young Lady (helping recruit for the army, to young man engaged in milking): "Why are you not at the front?"

Milkman: "Because there is no milk at that end."

Social Events

PHI MU HOLDS OPEN HOUSE.

Sunday afternoon, after Vesper services, the Phi Mu sorority held open house to a large number of University students and town people. Entertainment was furnished by the University Opera Chorus and Miss Estelle Harris sang several solos, accompanied upon the piano by Professor Seder. Tea was served during the hour by the charming hostesses.

FOR ALPHA GAMMA.

Mrs. Lester Cooper entertained the Alpha Gammas and their pledges with a delightful tea last Saturday afternoon from four to six. The Cooper home was charmingly decorated for the occasion in red and white, the sorority colors. Mrs. W. G. Hope and Miss Schweides poured.

SIGMA CHI TO ENTERTAIN.

The Sigma Chis will entertain informally with a dance at the Fraternity house next Friday evening, November 23.

ALPHA GAMMA WEINIE ROAST.

The pledges of Alpha Gamma entertained the active chapter and alumnae last Saturday evening with a jolly weinie roast down by the river near Barales bridge. A weinie roast in November is a novelty, but in spite of the wintry winds it proved a most delightful affair. A huge bonfire was lighted around which the merry crowd gathered to toast the weinies and marshmallows. Hot coffee and rolls were served by the pledges, after which college and fraternity songs were sung to the "twang" of keleles. Besides the Alpha Gammas, those present were: Miss Lathrop, who acted as chaperon, Messrs. Joe McCanna, Bob Sewell, Don Richardson, Wallace Bacon, Swilum, White, Jimmie Chess, Harry Lee, J. Watt, Allen Bruce, Jewel Moore, McClure, Les Boldt, Lloyd Kellum, Phillips, Bob Hopewell, J. Costin, Al Hunt, Jimmie Hoover, Chet Boldt and Tom Buckley.

Sentences illustrating the English used in an exam by freshmen of an Eastern college:

"He alone traveled over the refulgent heather."

"Her anxious heart heard out of him the scoldings that had to follow."

"He starred up at the blew heavens."

"When they saw that he was burdened with the wurst they took it away from him."

"The most amazing sight I ever saw was the swyscrapers of New York crossing the Hudson on a ferry boat."

"He done it of his own accord."

"In sale hours he grasped the hand of his wife."

AGGIES LOSE TO INSTITUTE.

The New Mexico Military Institute football team defeated the State College farmers, 46 to 6, on the Institute's field Friday.

The farmers' six points were made on a touchdown when one of the Aggies ran sixty yards with the ball and crossed the Cadets' goal line. At no other time was the cadets' goal even in danger. The farmers put up a good battle, however, fighting gamely through every minute of the contest. They were simply overwhelmed by the stronger cadet team.

Talbot and Huff starred in the back field for the cadets and Cadet Elliott scored a touchdown after making a beautiful catch of a forward pass.

FRESHMEN POSTPONE DANCE.

On account of the nearness of the game with the Aggies, the freshman class has kindly consented to postpone its dance and the accompanying incidents until some time after Thanksgiving. This was done at the request of Coach Wood, who feared that some of his men might dissipate too strongly on that night, the freshmen from the sheer joy of the event, and the sophomores, driven to desperation because they were not included in the list of guests. Perhaps the coach is right. Anyway the little freshmen showed that their hearts were in the right place, and it will be no fault of theirs if we do not win the game Thanksgiving day. Occasionally even freshmen show the right kind of spirit, but only occasionally.

LOCO WEED

The Tri P.s have decided to reorganize soon. Some more curiosity will be aroused.

Le Claire Cavanaugh was well accompanied last Saturday afternoon. Wonder what the occasion was?

Ray Walker says he hopes the kind friend who ate pinons in his car the other day, comes again.

Le Clair Cavanaugh is teaching Latin at the high school this week. Who says our freshmen aren't bright?

Harry Lee says he is glad they are leaving his name out of the Weekly these days.

Miss — (to Al, while touring a la Ford): "Can't you go any faster?"

Al: "Yes, but I think I had better stay with the car."

LOCALS

Dr. George Wharton James is able to be up again, and is back on the Hill.

Paul Dieckman, an alumnus, was a visitor on the Hill Monday. Paul has been employed as a geologist in Oklahoma for the past few years.

Alpha Gamma has initiated Louise Dady, Estelle and Anne Earle Harris and Martha Greenlee.

Clare Bursum spent Sunday with her father.

The Spanish club held an interesting meeting yesterday afternoon.

Ira V. Boldt, an alumnus of the University, enlisted in the quartermaster's department of the army at Deming last week. He was working there at the time.

Paul Butt, another alumnus, returned from Deming where the Butt's brothers have started a drug store. He was a visitor on the Hill last week.

Irene Boldt, a last year's student, spent Thursday morning on the Hill, renewing old acquaintances and forming new ones.

Elizabeth Arnot and Anita Hubbell were in a party which motored to Magdalena last week. While there, they saw Margaret Flournoy, who is teaching in the Magdalena high school. "Mig" wishes to be remembered to all her friends.

Word has been received that Louis Hesselden, who attended the Varsity several years ago, has been commissioned an officer in the U. S. army at the training camp at Leon Springs Texas.

Miss Ruth McKowen of the class of sixteen, who is now teaching school in Loving, N. M., will spend Thanksgiving holidays here on her return trip from the teachers' convention.

Miss Mary Dadey, who is attending the high school, is staying with her sister, Miss Louise Dadey in the girls' dormitory awaiting the arrival of her family from Winslow, Ariz.

Miss Allie Atkinson is pledged to Phi Mu.

Miss Della J. Sisler, who was operated upon recently at St. Joseph's, is expected home this week.

Not every fraternity house can boast a house-mother and a house father, too, but the Phi Mu could for over Sunday at least when Mr. E. D. Ashdill of Encino, N. M., visited his wife, and daughter at the Phi Mu house.

LETTER FROM ADLAI FEATHER.

The dean has just received a letter from Adlai Feather, U. N. M. '16, serving in the Marine Corps, which reads as follows:

"I have not received a letter for more than seven weeks. Mail has a hard time catching up with a marine.

"I think I shall be stationed here (Santo Domingo) for several months. Within the last two months I have been in about every city of any size at all in the West Indies, Havana alone excepted. There is to be a presidential election in the Dominican Republic on Nov. 15th. If it proves quiet and legal, we may be withdrawn within a few months, but I expect considerable boisterousness. Eleceions are about the only form of athletics that can survive the heat here.

"I enlisted in Washington as an interpreter of French but later pleaded guilty to speaking Spanish and that unfortunate combination was what sent me to these islands. French is spoken in Haiti, Spanish in the other states. I think that I am to be assigned to duty as an instructor in the Dominican army soon. I don't quite feel jubilant over this assignment. These natives look none too far removed from their recent cannibal ancestors. I'll admit that it is an atrocity to be feared to end a promising existence as German glycerine but it is an ordinary plebeian disgrace to crown the festive board for some of these barbarians."

Miss Shotwell (concerning "Punk" Philips: "It looks very nice, if only there were more of it."

Prof. (to Freshman): "Why don't you take notes in my course?"
'21: "My father took this same course and I have his notes."

O. A. MATSON

New Student: Say, where do you get your supplies in the way of books, etc.?

Old Student: Why, Matson's, of course.

New Student: And why at Matson's?

Old Student: Because he has been the dad of all of us for 18 years, and never fails to do all he can for us. And, too, he is sole owner now, so we feel at home at his store.
