SCRUBS WIN FROM A. H. S. WARRIORS

Although Loosely Played, Game Replete With Good Football.—Score 15-0.

At all times a real gridiron battle, the game between the University second team and the High School combination played last Saturday resulted in a 15-0 victory for the Lobo cubs. Some genuine football was shown in spots, and although the contest was marred by frequent fumbles, and occasional errors in judgment, the fighting spirit of both elevens kept interest high.

In the first few minutes of play, the High School center passed the ball over his quarterback's head, and the pigskin rolled over the preps' goal line, where it was recovered as a safety, counting two points for the second team. The two touchdowns were made in the second and fourth quarters, by steady line plunging, and end runs. In the third frame, the A. H. S. warriors were within dangerous distance of the University goal, having completed a series of long passes and runs, but the "Scrubs" held, and recovered the ball on downs.

Tom Popejoy, who ran the second team, was easily the star of the contest, making several long dashes around the wings, and consistently gaining through the tackles. Bob Cartwright, playing in his first game, held down a berth at left tackle, and showed Varsity ability, recovering several fumbles, and getting the High School runner behind his own line repeatedly. Dow and Graham gave their line excellent support, and the former got away for two long runs.

It was only the fact that Coach Moore of the High School saved Glassman for the game with Roswell this week that the preps went scoreless. The speedy A. H. S. quarter gained at will around the University ends, displaying his ability in broken field running, and several times was stopped only by the last man in the Scrub's secondary defense. Venable, at half-back for the High School, consistently out-punted Popejoy, and Big Wilson, the youngsters' full-back, showed much power in hitting the line.

The struggle was witnessed by only a handful of undergraduates, while the High School was well represented in the bleachers and in cheering. Automobiles lined the field; and there was a large attendance, considering the nature of the game. Coach Moore refereed, Coach Johnson umpired, and Sganziini was head linesman. Time-keeper, Ricketts.

Scrubs lined up as follows:

- R. E., Mapes;
 - R. T., Berger;
 - R. G., Jelfes;
 - C., Greuter;
 - L. G., Grimes;
 - L. T., Cartwright.
 - L. E., Moore;
 - Q. B., T. Popejoy;
 - R. H. B., Graham;
 - L. H. B., Dow;
 - F. B., Gilbert.
- Substitutes: Connor, Aitkenhead, Stinnett, Wilfley.

WILDCATS UPSET DOPE.

The Arizona Wildcats met the boys from the Texas A. & M. last Saturday on their own stamping grounds, losing by a score of 17 to 13, and incidentally upsetting all the dope, as most of the followers of the game expected the Texans to wield the whitewash brush.

UNIVERSITY STUDENTS AID ARMISTICE PLANS

Float Planned to Take Place in City Parade.

University men and women will take part in the Armistice Day program of the City of Albuquerque November 11, both in the parade and the dedication of the Soldiers' Monument in Old Town. Dean Thomas T. Eyre is the chairman of the committee, on which Dr. Charles Coan and Miss Katherine McCormick are also named.

Last year the University students, along with all the prominent organizations in the city paraded and took part in the services held in honor of the men who gave their lives in the war. This year even greater plans are afoot and the U has pledged its hearty support to the committee.

It has been rumored that the University will also be represented by an appropriate float typifying the part played in the war by the educational institutions of the country.

RACKET WIELDERS TO ORGANIZE CLUB

Tennis Players Will Soon Hold Meeting to Decide on Plans for Year.

Rumors about the campus indicate that a strong tennis organization will shortly get under way. Frank Reeve, one of the most consistent University players, when interviewed, mentioned that a meeting will be held on the earliest date possible to be secured. The gathering will consist of all men interested in tennis, and will be in the nature of an organization conference.

It is to provide for frequent tournaments, and the promotion of the sport that the club will be founded. Any tennis player in the University is to be eligible for the club, and the dues will be moderate, imposed simply for the purpose of establishing a fund from which tennis balls and other necessary supplies for tournaments may be purchased.

Tournaments which will be held periodically will provide a means of rating the members in the order of their ability, and when a U. N. M. competition is scheduled, the leading men of the organization will be the ones to compete. This will not in any way interfere with the running of the tournaments as governed in the past, according to Reeve. It merely affords a dependable method of judging the best players in the club and of keeping them in the best possible shape, as any member, on attaining a high rating, may be challenged by any other member for the place.

The date of the meeting will be announced shortly, and a large turnout of University racket wielders is expected. The election of officers of the new organization will be held at this time.

LAUNDRY INSTALLED FOR HOKONA

Laundry equipment is going to be added to the Woman's Dormitory, according to Dr. Hill, in such a way that the women can act as their own laundresses, if they please. The cottage which is on the south side of the new addition will be utilized as the new laundry. Washing machines and irons will be installed in a short time, perhaps to be supplemented later by additional machinery.

Y. M. C. A. OUTLINES YEAR'S PROCEDURE

At a meeting of the men students in Rodey Hall last week it was decided to revive and organize anew the University Y. M. C. A. Since the war no actual organization has existed, and until this year no effort has been made to perfect a working plan that will aim for the best interests of the men of the University. Upon the arrival of Mr. Seaman, Y. M. C. A. director for the Southwest, new encouragement was lent to the idea of an active association on the Hill, and the result was the election of officers who are to work out such plans as it is hoped will achieve the desired results. The officers of the newly organized Y. M. C. A. are: Marshall Wilson, president; Marion Stinnett, vice-president; Walter Bowman, corresponding secretary, and Robert Cartwright, recording secretary.

On Friday evening of this week there will be a dinner at the city "Y," during which the project will be thoroughly discussed and a working program for the present year announced.

RUTGERS PRESIDENT ADDRESSES STUDENTS

President William H. S. Demarest of Rutgers University spoke in the dining hall for a few minutes Friday noon. His short talk was in the form of a greeting from the New Jersey institution to the University of New Mexico.

Briefly, President Demarest compared the two universities, Rutgers, of the far East, which has been in existence for a hundred and fifty years, and New Mexico, which was founded about thirty-two years ago. However, Rutgers has been known as a university for only one year. Previous to this year it was known as Rutgers College.

It was in connection with a tour of the country in which he is visiting the various state universities, that Dr. Demarest examined the University of New Mexico. Under the guidance of Dr. Hill he investigated the equipment and prospects of the U. He was particularly impressed by the Chemistry building and that occupied by the Home Economics Department. These two, he declared, were without equal in any of the many institutions he had visited on his present tour.

GOVERNOR TO BE HERE FOR ARIZONA CONTEST

In a recent letter to President Hill, Merritt C. Mechem, the Governor of New Mexico, expressed his intention of attending the game between Arizona and U. N. M. which is to be played here November nineteenth. The Governor is an ardent football fan, and if his physical condition permits, will be on the sidelines when the opening whistle blows.

Dr. Hill invited His Excellency to the contest, an inter-state affair, some time ago, and has made plans which will insure the comfort of the distinguished visitor. Governor Mechem has not thoroughly recovered from the breakdown he suffered several months ago, but a closed car will be placed on the north side of the field, commanding a clear view of the gridiron, and it will be protected from the wind.

Denver University, with whom the Varsity expects to play a post-season game, was defeated Saturday by the University of Colorado 14 to 7.

SQUAD IN DRILLED IN AERIAL ATTACK

Ineligible Loboes Soon Off List; Hard Practice Fits Team for Miners' Game.

Constant strenuous practice has kept the Varsity eleven occupied during the past week, and Coach Johnson, the Cherry and Silver mentor, has been laying particular stress on the weaknesses that were shown by the Lobos in their game with Colorado. The aerial attack, which is well suited to the array of baffling formations adopted by the Varsity, has received much attention, and the ends and backs are becoming proficient in "grabbing them out of the air."

A little cloud of gloom which descended over the U. N. M. camp after the last ineligible list was published, promises to lift in the near future. Greenleaf and Jones, two of the most dependable Loboes, occupied positions on Professor Rockwood's line-up, but they will take make-up examinations, and expect to be safely off the dreaded list by the time that Coach Johnson sends the line-up to the Texas School of Mines.

No changes have been made in the Varsity that will permanently affect the line-up. Cartwright, who showed much promise in the Scrubs-High School game last Saturday, has been given several chances to run signals with the Loboes, and to become accustomed to their play, while Graham, Dow and Tom Popejoy alternate in the first string back-field.

For a time it was thought that the braves from the Indian School would oppose the U. N. M. warriors on University Field tomorrow, but the dusky gladiators have their historic struggle with Menaul coming up in the next week, and are unwilling to risk any disabled stars. However, the Loboes will be seen in action tomorrow against the second team, and the scrimmage will probably take place in the form of a practice game.

Coach Johnson is now dicker with a cavalry team in El Paso for a contest here. The soldiers are unable to make the trip until somewhere near the middle of November, and refused the offer of Armistice Day because of ceremonies in which they take part at Fort Bliss.

Next Saturday, the Varsity meets the Texas School of Mines on their own field, in El Paso. As yet, the manager has not completed the arrangements for the trip, and the date of leaving is unknown. It is probable, however, that the squad will leave on the ten-twenty train over the cut-off on Friday night. The undergraduate body will hold a rally in honor of the team earlier in the evening, at a time which will be announced about the middle of next week.

AGGIES SWAMP CADETS.

The first real surprise of the football season came when the Farmers mugged up the Cadets last Saturday. While the dope favored the Aggies, no one expected them to do such a complete job. The score was 22 to 0 in favor of A. & M.

The City Manager of Albuquerque, J. N. Gladding, and the superintendent of the city water system, Harry Shoup, were visitors on the campus this week. They called at the Chemistry department for information concerning the operation of a chlorination plant.

Entered in the Post Office in Albuquerque, New Mexico, February 11, 1914, as second class matter.

FRIDAY, OCTOBER 28, 1921

LOOKING THEM OVER.

New Mexico has a good team this year, but judging from all appearances, she never had greater need for one. A careful glance over our coming games of importance reveals the fact that the Lobos will have to be in their blood-thirstiest mood to come through.

Our next game is with the Texas School of Mines, whom we carelessly walked over last year while the officials on the sidelines had to use an adding machine to keep score. On November fifth we again meet the Mines, but we are meeting a different team than we defeated so easily in our last encounter. While the Varsity should experience no difficulty in taking the game, the fact that the Calumet Club of El Paso, largely composed of former All-Southwestern football stars, was only able to score twenty points against the ore diggers, proves their team much strengthened, and it is highly improbable that the Lobos will have a walkaway.

On November nineteenth it's up to the Lobos to whip the Wildcats, who will doubtless be the strongest team we will meet during the season. The Arizona eleven shoved themselves well up into the limelight when they met the huskies from Texas A. & M., and contrary to the dope, not only held them to a three point lead, but scored two touchdowns against them. This shows that the boys from Tucson have perhaps the strongest eleven that ever represented A. U., but, as we said before, it's up to the Lobos to whip the Wildcats on November nineteenth.

On Thanksgiving we meet our old friends, the Aggies, who have also proved themselves stronger than in years. In their recent tangle with the Military boys from the Institute, they walloped them so badly we imagine that not even the Cadets can find an alibi. This is another game the Lobos will have to take into camp before they can comfortably enjoy their Thanksgiving dinner, particularly since the Farmers hung it on them last year.

As we said before, New Mexico has a football team, but we can not predict anything but a series of real gridiron battles, and when we come through with the bacon, the Alma Mater can begin celebrating the most successful season since they started to play the old game in the Southwest.

ROTARY ENTERTAINS FACULTY.

Faculty members of the University will be the guests of the Rotary Club at a noon dinner in the Alvarado November 2. The program is in charge of Dr. John D. Clarke, who is a member of the Rotary.

The new addition to Hokona is rapidly nearing completion and should be ready for occupation in a short time.

YANNAGIN-HOOLIGAN MEET AGAIN FOR ANNUAL HONOR

By Joe Bursey.

Dense clouds of smoke fill the air; lusty masculine words that were once to be heard from the Front Houses on the south to the Estufa on the north, are now stilled. Hair that of yore fell in roguish locks is now being disciplined with vast quantities of vaseline and mazola oil; tight trousers are to be seen on every hip and chocolate is being devoured by the reams.

"And why?" the damoiselles ask, with schoolboy innocence.

"Ladies, have you not read Walt Whitman? Go, look on the bulletin board and read your answer. The Yannagins have challenged the Hooligans to the second annual efete ball game, and the slickers are in training. If they have not smoked cigarettes until the night before the game they are ineligible."

When the Lobos hit the south trail Saturday week, the Varsity field will be thronged with aspiring slickers in motley football suits, ready to skin a shin for a smile from the fair lips of their lady.

The men will line up in two rows, eleven on a team; they will have a football to play with; there will be many signals and much running, and perhaps there will be a football game. So bring out your Panicky Pain Killer and three bars of chewing gum and come to die happy.

PITFALL AND GIN

EX-CO-ED IN LIMELIGHT.

Miss Elizabeth Jordan, known to University students last year as Vera Jane, breaks into the limelight with this month's issue of the American Magazine. The novel is entitled "The Blue Circle," and draws mention from the editor of the periodical. While an undergraduate of U. N. M., Miss Jordan was a member of Phi Mu. She is now teaching French in one of the high schools in Des Moines, Iowa.

GOOD-BYE.

(Passionate Italian Love Song.)
My heart eet ees spraina,
When you take de trains,
Eet seems like you ain't a
De same at all.

Clarissa, Clarissa,
You how I shall missa,
A flick o' de wrist a
An' den you go.

My love never fail-a,
My face eet grow pale-a,
In a black box dey nail-a
Poor me—so long!

—Civerolla.

OUR WEEKLY LOVE STORY.

He was not a member of the Bible class, the Methodist church, the B. Y. P. U. or the Sunbeam class.

He knew what "Little Joe" and "box cars" meant, and he read the Whizz Bang.

She did the first paragraph And didn't the second.

Out on the mesa one day She pulled her shoe lace on a cactus.

And all the time he retied it He kept his eyes on hers, Which were modestly drooped. That night at the house she told

The girls how she admired high-minded Young men like Jimmy.

But he Told a different story to the boys O, the dizzy dears!

WITH THE TEA HOUNDS.

Constance wins her Betts. Little joke—"Little" laugh.—Dr. Matthews.

Pete Davies wears a rattlesnake skin belt. Some appetite.

HINTS TO SUBSCRIBERS.

Eloise—(a) Yes, dearie, rolled stockings are still in vogue, but as the wintry breezes are now blowing, common sense would advise neglecting the fashion for the time.
(b) Yes, it's true, it does save runs. Manette—Try Lux and hot water in large quantities.
Consuela V.—Better ask Jaww himself.

Si Kology—To one gallon of river water, add five pounds of yellow corn meal, two boxes seeded raisins, three pounds sugar, two yeast cakes and one peeled lemon. Stir well, strain, let cool and drink. (When drinking have both feet firmly on a concrete floor, lest the soles of your feet become blistered.)

Koyote Pup—You say some upper classman sold you the radiator in your cottage? Well, the only course we can advise, is your going to Lawyer Caldwell, master debater, for counsel. We don't think you can recover.

Your Messenger Phone is 340.

Your Baggage man is HENRY, Phone 939.

Ben—Silver mounted toothpicks would make a sensible birthday gift for your sweetheart. They may be used time after time, with no appreciable wear and tear. They make a lovely addition to a platinum lavallier, or may be worn suspended from a locket.

DISCONSOLATE.

Of all the girls that I might love,
There's not a one loves me,
Yet Mary Ann is always true,
Though she's a fright to see.

Of all the things that I might say,
And slender maidens move,
There's none will hear but Angeline,
Whom mother won't approve.

Of all, there's Jenny, huge and fat,
And Ethel, like a flea,
Both dead, in love with me for years—
But, then, what's that to me?
—F. K. M.

SERIOUS CONTEST.

PITFALL AND GIN ANNOUNCES A PRIZE CONTEST. THE BEST JINGLE. CONTRIBUTED. EACH WEEK WILL BE AWARDED A PACK OF CAMELS.

COLOR AND MOTION.

I thought, when she had passed me by,
Her face being out of sight,
I would not suffer any more
From love's too dangerous plight.

But, oh, the pain that burns my heart,
Grown suddenly immense;
Where color once enthralled my eye,
Now motion charms my sense.

NEW MEXICAN LOVE SONG.

The dust blew
Like a drift on her lip it hung;
One kiss he tried—
Doc says he died
From tierra in his lung. —Dick.

ELIZABETH.

Her lovely lips that well might frame
Those sudden words that blow like flame
Through young men's hearts,
All I have ever heard them say
Is, "Pass the butter, please, this way,
The soup, the fish, the roast, the apple tarts."

P. & G. will gladly arbitrate bets between co-eds who wagered on the size of the diamond George was paying for.

WILLIE.

Little Willie, mean as h—,
Pushed his sister down a well;
Her father, later drawing water,
Said, "Gee ain't it hard to raise a daughter?" —W. R.

OUR WEEKLY APOLOGY.

Prof. Lukken's name was inadvertently omitted from the list of faculty members who helped build the gleachers. We left the ink-spot to Prof. He knocks a nasty nail!

WITH THE GREEKS

ALPHA CHI OMEGA.

Tea—On last Tuesday afternoon, the girls of Alpha Chi gave an informal tea dance at their home on East Silver Avenue. The house was open to guests at four o'clock, the frolic continuing until six.

ALPHA DELTA PI.

The Misses Cameron are to be initiated into the Sorority in the near future.

KAPPA KAPPA GAMMA.

The Actives of K. K. G. are planning a picnic for next Sunday—no men allowed. Amusements will consist of picking daisies and pinons.

PHI MU.

At Home—The Phi Mu's will be at home to Hallowe'en and invited guests Friday evening from eight to eleven-thirty. Intervals between dances will be occupied with late October sports, such as tubbing apples, and discussing lighter than air topics.

ALPHA DELTA.

The reception room at the Alpha Delta house will be ready for inspection some time about the middle of next week. A great deal of time and effort has been spent in the remodeling, and the result will be a great improvement in the inside appearance of their new residence.

PI KAPPA ALPHA.

John Emmons, alumnus of Gallup, New Mexico, was a visitor at the house last Monday.

Ophelia, the PI's pet alligator, continues to thrive. Within fifty years or so, if he becomes acclimated, he will be a man-sized pet.

SIGMA CHI.

The Sigs are devoting an hour every evening to singing and ukelele feasts, prior to the study period. This should afford a first class psychological experiment on the effects of music on the mind.

DIECKMAN TO GIVE MASCOT FOR LOBOES

Bruno Dieckmann, Alumni athletic treasurer and general booster of the University, has again come forth in the interests of the school. This time he is procuring a fighting symbol for the Loboos. New Mexico's scrappy football team. Perhaps it should be said that he is producing the real thing for the symbol, for Mr. Dieckmann's new gift is to be a full grown wolf—a lobo for the Loboos.

Mr. Dieckmann did not announce where he was obtaining the animal, but he stated that it had been sent for, and that while it is of the man-killing variety it will get along well among those of its kind. The mascot will be put on parade before the games on the local field, and should strike awe into the hearts of the enemy. Arrangements are being made to accommodate the animal at the P. K. A. house, at least as long as the neighbors' chickens last.

Colorado College suffered their first defeat on their own field in five years Saturday, when they were humbled by the University of Utah by the score of 14 to 3.

SOCIETY

FOR THE PIPE AND PEN CLUB.

Dr Hessler entertained for the Pipe and Pen Club last Saturday at his home in University Heights. The club pipes limbered up with Dr. Hessler's famous cake-box mixture, opened up the way for an evening of pleasant conversation. The affair continued until around eleven-thirty, when Mrs. Hessler got in the final work with welch rarebit, olives, coffee and crullers.

EUQREUQUBIA.

The masculine element breaks in to the girls' gymnasium Saturday night, when the bunch from Hokona will stage a Hallowe'en festival. The gym will be disguised in all manner of eerie decorations, and many features have been arranged for the diversion of those attending. Dancing will form the main program and will continue until eleven-thirty.

REVEREND MANDALARI ADDRESSES STUDENTS

Barbara Wait, Noted Singer, Favors Assembly With Two Selections.

"Let your conscience be your guide," was the advice given by Father Mandalari to the University students in an address before the associated student body Friday morning.

"The purpose of education is to superintend the development of human capabilities, and to direct them along sound and healthy lines. The best results can not be attained, however, without the formation of character. Character may be defined as life dominated by principles. These principles consist of pregnant ideas, ethical conceptions, deeply rooted in the mind and elevated into standards of conduct. A collection of these principles covering all departments of life constitutes an ideal. "A man of principles is, therefore, a man of ideals, but his ideal may be either good or bad. There are two ideals—the worldly ideal and the Christian ideal. The principles of the former rule people. With them, to seem is what counts—not to be.

"The Christian ideal, however, confines itself in Christ, and finds there its laws." Examine His action and His doctrines as taught to us, especially in His life and in the Beatitudes, which may be called the ideal of Christian civilization."

Previous to Father Mandalari's address, Miss Wait, a former member of the Chicago Opera Company, favored the assembly with two selections which were warmly applauded. The program was heard by a large number of townspeople in addition to the University students.

CALUMUS CLUB WINS.

The Calumus Club of El Paso defeated the Texas School of Mines last Saturday 21 to 0. "Tubby" Mann, ex-Varsity back, scored two touchdowns for the Calumus Club. Dwight McClure and Fred Sganzi, both ex-University students, were in the line-up.

For definition of "catch question" see victims of Economics 15.
