BRORIEN AND TIMMONS REPRESENT U. N. M. IN ORATORICAL CONTEST

Rodey Hall Scene of First Oratorical Preliminary in History of Institution, Friday, Oct. 29.

BRORIEN WINS FIRST HONORS.

Eight Men Enter Tryout—Compositions Ranked High in Thought—Delivery Spirited—Audience Small.

An excellent oratorical program was rendered last Friday night in Rodey Hall when eight students competed in an exceedingly close contest for the honor of representing the University in the state oratorical contest which will be held during the teachers' convention. All of the addresses were very well rendered and the interest of their subjects can best be spoken for by the intense interest of the audience which prevailed throughout the evening. It was not until the judges had announced their decision that anyone

CARL D. BRORIEN.

could feel reasonably sure of the winners—so close were the contestants.

Mr. Carl D. Brorien, who won first place, spoke on "The Admission of the

(Continued on page 3)

COACH HUTCHINSON LAYS CORNER POST OF TEAM TRAINING HOUSE

Wednesday evening, just as the golden sun was retiring among the silver lined clouds beyond the five volcanoes, Coach Hutchinson, followed by the football squad, marched with all pomp and dignity from Kokona Garden gridiron to the east side of the Varsity pool, and there, with a solemnity made noticeable by the hush that fell over the onlookers, Mr. Hutchinson laid the corner post of the new team training house.

The training house is now well under construction but in all probability will not be completed in time for the football team to derive much benefit therefrom. The house will contain lockers and shower baths.

PRESIDENT BOYD IN NORTHEAST NEW MEXICO

University Head Visits Schools and County Institutes in Mora and Union Counties—Large Crowds Hear Him.

President Boyd returned Saturday night from a trip through Union county, where he was invited to speak at the County Teachers' Institute. Union county is fast filling up with new settlers, and Dr. Boyd took every opportunity to advertise the advantages of the University. He spoke at the Raton and Clayton institute meetings, and also lectured at Roy, N. M. Dr. Boyd is one of the most popular speakers that ever visited those districts, and wherever it was announced that he was to speak a large audience gathered to hear him.

EASTERN JUDGE TALKS TO STUDENT ASSEMBLY

Judge Abbott, of Massachusetts, Declares That Principle of Democracy Underlies All Principles of Education—Describes Asian Institutions.

"That a principle of democracy underlies all principles of education," was the statement made by Judge Ira A. Abbott, former New Mexico District Court Judge, in his speech on "Educational Advantages," delivered to the student body in Rodey Hall, last Tuesday morning.

He claimed that Robert College, situated on the European shore of the Bosphorus about five miles from Constantinople, has the distinction of reviving liberty, and the graduates of this institution are said to have taken a leading part in the Turkish revolution.

"The American college for women was being constructed at the time of my visit. There are six or seven hundred in the student body now," said Judge Abbott.

"The great Mohammedan University of Cairo, Egypt, was the most curious institution I visited," said the speaker. "It is a strictly religious institution, being operated under Mohammedan control. There are six thousand students attending the university there, and these are taken care of according to the customs of the different countries in which they have their homes. Students from Armenia, for example, are located in one large room, with a cement floor. There are no chairs, beds, or tables. They study by reading aloud from manuscripts."

Judge Abbott is a graduate of Dartmouth College, has served fourteen years on the bench here and in Massachusetts. He has also taught in Phillips Academy, Andover, Massachusetts.

Commenting upon American institutions of the present day, Judge Abbott said that the tendency of modern colleges is toward democracy, and the old aristocracy that dominates the institutions of the Eastern United States is passing.

MUSICALE MAY ACCOMPANY TRACK AND FIELD MEET

Annual Teachers' Convention May Approve Plans for Musical Festival at Time of Track and Field Meet.

VALUABLE PRIZES AVAILABLE.

High School Music Organizations of State Will Probably be Asked to Compete in Spring Contest.

The New Mexico inter-high school track and field meet which is to be held at the University in May, stands bright prospects of being accompanied this year by a musical festival involving the various high schools of the state. The plan is to be discussed at the New Mexico Teachers' Convention which is to be held in Albuquerque on November 20. The plan received but a passing glance at the convention a year ago, but will this year be brought up before the teachers in definite form for their approval.

The central idea is to have the various high schools of the state compete for musical honors in vocal and instrumental music, both individually and in choral and orchestral numbers. The musical contest, as proposed, is to be held at the same time as the athletic events, with possibly the oratorical and declamation contests combined with them, although the last named with less certainty.

Music is taught in every high school in the state, and it is thought that there would be plenty of material with which to make an attractive program. Music lovers of Albuquerque are already making preparations to furnish pianos and other musical instruments as prizes, should the plan meet with the teachers' general approval.

Y.M.C.A. CONVENTION AT EL PASO NOV. 11-14

Varsity to Have Strong Representation of Eight Men—Dean Worcester Prominent Speaker.

The interest of the University Y. M. C. A. right now is centered in the Inter-State Convention to be held in El Paso, Texas, from the eleventh to the fourteenth of November.

This inter-state convention is composed of delegates from all Y. M. C. A.s in New Mexico, Arizona, and western Texas. City, college and Indian school Y. M. C. A.s are among those represented.

About eight delegates are going down to represent the University Y. M. C. A. Cars have been secured to take the men down so that the trip to and from El Paso will be enjoyed as well as the stay in that city.

An excellent program has been arranged which has on it addresses by six national committeemen, including

(Continued on page 3)

Y. W. C. A. GIRLS ON HIKE WEDNESDAY AFTERNOON

Hold Open Air Bible Study Hour After Tramp Across Mesa—"College Readjustments" Discussed.

The girls of the Y. W. C. A. took advantage of this beautiful autumn weather Wednesday afternoon and went for a tramp through the hills. They walked out past the Country Club and held their meeting on the hill side as they watched the setting sun's reflections on the mountains. The subject for discussion under Miss Winn was "College Readjustments," a very interesting one especially to a girl who is away from home for the first time. At the close of the meeting the girls turned their faces west.

(Continued on page 2.)

VARSITY MAY MEET ARIZONA IN TUCSON

Will Mean a Big Trip for Twenty Football Men in Case Arrangements Are Perfected.

That the Varsity football aggregation will meet the Arizona "Wild Cats" in Tucson, instead of bringing that team here for a game, is the latest talk that is floating about the campus.

Manager Ray McCanna received communication from the Arizona Varsity recently to the effect that they would be unable to come here to play and suggested that the Cherry and Silver meet them in Tucson. If the sister state Varsity will come across with enough money there is no doubt but what our men will make the trip. The Aggies have promised their part and if arrangements are perfected the Cherry and Silver team will meet the Wild Cats on Nov. 20, and come back by State College for the Thanksgiving game.

In event the team makes the trip twenty men will be taken, which will include the coach and team officials. This trip is one that none of the men can afford to think lightly about and we may expect to see a large squad out practicing every day. Arizona has a good strong team and a victory over her would mean a good deal to us.

LETTER MEN MEET; FORM ORGANIZATION

Varsity Athletics Gets a Big Boost When Alumni and Letter Men Combine.

The letter men of the University of New Mexico met in one of the rooms at Kwata'a last Sunday and formed a permanent organization.

The object of the organization is to promote athletics in the U. N. M. and to work for better and cleaner athletics in the state. This is one of the few things that go to prove that Varsity is coming to the front in south.

(Continued on page 3)

TUESDAY, NOVEMBER 2, 1915.

TOO BUSY.

There was once placed on the circulation desk of a certain University library a placard that bore these words: "Make it a practice to read a good book each week. You will find it a profitable investment."

One morning as we were passing the desk we overheard the following remark:

"That's all right, but I haven't the time."

How typical that remark! How oft repeated in college years and how habitual it may become in after life.

Every one realizes the pleasures and benefits that are derived from the reading of a good book. But, so few have the time. That is, so few have the time now. When summer vacation comes, or graduation, or life work, or marriage, or something of the sort, then we shall all read, and oh, how much and profitably we shall read. But till that never-to-reach-us time, we are too busy, too variously and strenuously occupied for anything of the sort.

This is where the irony creeps in—to delude ourselves with the fancy that some day when we are not too busy, we shall do all these things, and yet by our previous experience, to be almost sure that that day will never come.

The situation resolves itself into this. If we ever intend to associate with the great minds and imaginations, with the great minds and great souls of all ages, our time is now.

It can be done, the busiest are those who have done it.

WHY NOT U. N. M.?

There are organizations in many universities known as Good Government Clubs. Their object is the ad-

vancement of the knowledge of their members along the lines of practical good government. They furnish opportunities for advancement which are impossible in the curriculum of class work. Being purely voluntary organizations they are composed of the men who are not afraid to do a little work in order to receive a great benefit. Sounds good, doesn't it? If you're interested, read the plan; if you're not, turn to the local column.

In the American colleges good government clubs is a national organization with national officers. In many eastern colleges the inter-collegiate debates are held under the auspices of this club, because through its organization it is in a position to obtain authoritative facts regarding most of the problems of local, national and world-wide scope. By applying to the national headquarters the separate clubs may obtain all available literature upon any important subject.

Membership in the club is honorary for the simple reason that no drones or dead ones are tolerated. Why all this free information? Listen.

There are enough live ones in this school to start such an organization. This was demonstrated by the showing made in the recent oratorical contest. U. N. M. leads in everything else—why not lead in this line? We can whip anything in the Southwest if we will brush up a little. We've got the timber, and now a secret—we have on our faculty a member of the National Association of Good Government Clubs. The writer will not divulge his name, but he has promised to do all he can to help us get started and to aid us in obtaining a charter from the national organization. Ah—me thinks I see U. N. M. on the literary map.

And now will I put the question: Are there eight men in U. N. M. who are willing to give one evening every two weeks to such an organization for U. N. M.? Are you willing to give this time and a little time to preparation to get a great deal of good? We think we're college men, but we're only boys for there are very few of us who can converse intelligently upon any current topic. Oh, yes, we know all about books and theory but strange to say, when we step upon the threshold of this hard cruel world our book stuff won't be half so interesting to the business man as we anticipate.

Whichever say, fellow, let's get a little hard tacks while we're in school and they won't seem so sharp when we get out. Think it over, and if you're willing to risk your life in this hazardous undertaking, then talk it up and watch this space next week.

A. E. B.

Y. W. C. A. GIRLS ON HIKE.

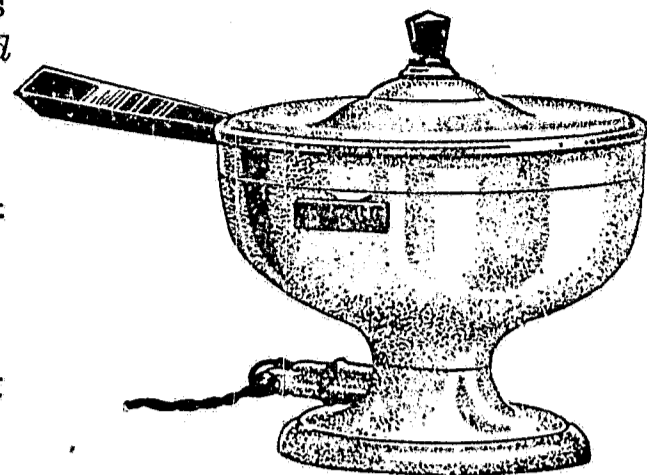

(Continued from page 1.)

ward to the golden sky-line and sang the appropriate "Day is Dying in the West." Spicy red apples were eaten on the tramp back to campus. These out-of-door meetings are much enjoyed by the girls and it is hoped more will take advantage of such future ones.

At the meeting this Wednesday afternoon an original scheme will be started of giving each girl a piece of "talent money," with a month in which to increase her "talent," the proceeds to go to the conference fund.

BRORIEN AND TIMMONS

REPRESENT U. N. M.

(Continued from page 1)

West," in which he showed how the western states were the stamina of the nation and the pioneers of many important political reforms.

Mr. Timmons, the winner of second place, had as his subject "Service, the Watchword of American Supremacy," and showed the opportunities offered to America at the present time.

Mr. Walker forcefully spoke about the conservation of "Our Human Resources," treating of the national neglect of industrial workers, and the enormous loss of life which is wholly preventable.

Mr. A. Feather chose "The World's Law" as his subject and brought forth several interesting facts about the principle promulgated by Moses.

"Grant, the Ideal Soldier," was Mr. Sundt's subject and he gave the audience an insight into that great general's life.

Mr. Cory, under the title, "The Heroic Citizen," showed that the use of the ballot according to one's own convictions would solve the problem of prohibition.

Mr. R. Hall believed that "Political Justice" lies in the reform of political ethics.

In "The Conservation of Our Material Resources," Mr. Toothacher showed that the advance of the coming generations would be in the breaking into of new sources of power.

The judges of the tryout were Professors Hodgkin, Worcester, and Hill.

A very small audience was present.

LETTER MEN ORGANIZE.

(Continued from page 1)

western athletics.

Ira Boldt, Chas. Lembke, Gordon Gas, Louis Hesseldine, Leo Murphy, George Walker, and Joe Sylva of the Alumni are charter members. It is hoped that all letter men, whether alumni or not, will join and help to make this a lively organization. The membership fee is \$1.00 a year, and will be expended in giving the football men an annual banquet.

Chas. Lembke is elected president; George Walker, vice; and Leo Murphy, secretary-treasurer. A constitution will be drawn up at the next meeting and the letter men will be ready for business.

Y. M. C. A. CONVENTION

(Continued from page 1)

G. S. Bilheimer, F. S. Goodman, A. G. Knebel, C. R. Towson, N. C. Schlechter, and Gale Seaman. Other men on the program are W. H. Day, local secretary of the Y. M. C. A.; the mayor of El Paso, and other Y. M. C. A. officers. Dean Worcester is scheduled to lead devotional exercises one morning of the convention, and for a sermon at one of the El Paso churches Saturday morning.

The convention begins with the opening banquet at the Paso del Norte Thursday evening, November 11th, with addresses and talks by delegates Friday and Saturday. An auto ride is scheduled for Saturday afternoon sight-seeing in and around El Paso. This will probably include a trip to Juarez. The whole convention will end up with the union farewell service on Sunday evening, the fourteenth.

This is going to be a convention hard to beat by any future conventions, and the University Y. M. C. A. is going to do its share to make it so.

U. N. M. RIFLE CLUB ELECTED TO MEMBERSHIP OF THE NATIONAL RIFLE ASSOCIATION

Prof. Wand is in receipt of a letter from the Washington headquarters of the National Rifle Association informing him that the University of New Mexico Rifle Club has been elected a member of the National Rifle Association of America. A beautiful certificate of membership came with the letter. This will be framed and hung in the library. The guns will arrive in a few days, and a range has been selected on the campus, and plans drawn up. After this preliminary work has been completed the members will be ready to get down to business.

SPEED LATHE FOR SHOP.

A new speed lathe has just been installed in the University's wood working shop. An extra lathe has been a long-felt want in the shop and the new one will be greatly appreciated. It has an individual electric drive, an overhanging spindle which permits the turning of large diameter pieces, and several other new improvements. It is an Oliver machine No. 56 and was received in perfect running order.

The Weekly wishes to apologize to Brook Brantley for a false article concerning the name of his car. Mr. Brantley specifically said "the Dog-damit," and not as previously published.

Laura C—"What are you reading?"
L. L. L.—"O'Henry."

Laura C—"Oh, I've read that. How do you girls like the way it ends?"

The Roman Wedding, a Latin tragedy (?) staged by Dr. Mitchell and members of his Latin department, will be played again at the N. M. E. A. The leading actors will be the same with a few changes in the minor cast.

If you should see any Soph girl suddenly attempt a cart wheel or stand on her head, don't be surprised. Hutch says all that gym class needs is practice. Also, beware, felines!

Miss Alma Baldrige, '18, of Hollywood, Cal., is expected in Albuquerque the latter part of the week, to return to the University.

This Weekly staff must be more careful how it says things in the future. An exchange column in one California college paper tells of the Salvation Army band organized at the University of New Mexico!

The Y. W. C. A. has received word that Miss Edith M. Dobb, secretary for Indian schools for the Department of Method of the National Board and executive of the 1915 Western Student Conference at Estes Park, will be able to visit the local association on her way west in the middle of November. While her visit will be short, she will be a great help and inspiration to the girls at the University.

We are writing this one to call your attention to the fact that sometimes Ur. Lee is seen drifting around with Mrs. McCanna and that Mr. McCanna finds it pleasurable to glom Mrs. Lee *ad lib*. Where have I heard that noise before?

In saying something about the six points the high school scored against the U. N. M., we add that we have nothing to say; but that the Highs are still saying a plenty.

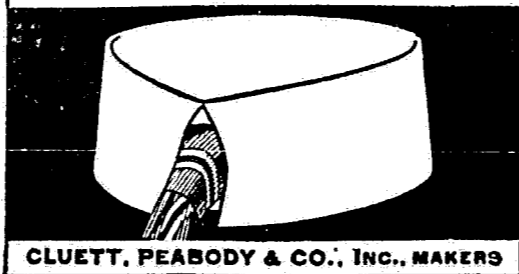

The Injuns got scalped anyhow.

Are you inclined towards the pugilistic? Ask Pelham how long he has felt for the charms of the fair Laura, and if he still loves her. If that won't work, ask Laura.

We hereby decree a vote of thanks to Butler and his compatriots for giving us such efficient jit. service at so reasonable a rate and so poor a grace.

The curtain will soon rise on the Soph. edition.

CLUETT, PEABODY & CO., INC., MAKERS

The "Frosh" Weekly was a great success, but we do think they had a nerve to ask that they be placed on a pedestal—still a little bit top heavy even if the lids are green.

What do you think ought to be done to a Prep, wearing a yaller cap, who takes a peach down the hill in his bus and thinks it is his solemn duty to place his arm around her, blating out slushy words of consolation, just because she got it handed to her for not having a Mex. lesson?

We claim, however, that it is strictly alright for one freshman in a green lid to take another freshman wearing a green ribbon to some secluded spot (it didn't happen to be secluded this time) and plant his face on her several times—we didn't wait to count them as we really didn't mean to be watching.

All we can say for Arizona is that we have sympathy.

SOCIETY

The Sigma Tau boys entertained delightfully at the fraternity house Sunday afternoon in honor of their sisters and mothers. College and fraternity songs by the boys were a feature of the entertainment. Refreshments in Sigma Chi colors were served.

Thirty Club.

Several of the University lovers of dancing attended the Thirty Club dance Thursday night. A delicious supper was served and a good time reported by the Varsity dancing contingent.

Invitations are out for the Sophomore dance Friday night.

Phi Mu fraternity entertained at luncheon in the chapter rooms Tuesday noon. This was the first of a series of luncheons. Professor and Mrs. Sherwin were the guests of the chapter.

The University Brass Quartette, accompanied by Prof. Seder at the pipe organ, gave several beautiful selections at the Presbyterian church Sunday afternoon at the lecture by the national officers of the W. C. T. U.

Grandmothers Tullus and Arnot called at the Sigma Tau house Sunday afternoon.
