MANY CHANGES IN VARSITY CALENDAR

Four Quarter Plan Makes Necessary Several Radical Departures from Old System—Winter Quarter to Open January 7, 1918.

The new four quarter plan adopted by the University faculty this summer has caused several changes to be made in the calendar which was printed in the catalogue. The winter quarter opens January 7 with registration day for new students. Classes begin on January 8. Consequently old students who have registered this semester will not be required to report until the 8th. Below is the calendar in full:

1917.

December 13-19, Thursday-Wednesday—Registration week for old students for winter quarter.

December 20-22, Thursday-Saturday—Quarter examinations.

1918—Winter Quarter.

January 7, Monday—Registration day for new students.

January 8, Tuesday—Instruction begins in all departments.

February 22, Friday—Washington's birthday, holiday.

March 21-27, Thursday-Wednesday—Registration week for old students for spring quarter.

March 28-30, Thursday-Saturday—Quarter examinations.

Spring Quarter.

April 1, Monday—Registration day for new students.

April 2, Tuesday—Instruction begins in all departments.

May 10-11, Friday-Saturday—Annual Interscholastic Track and Field meet.

May 30, Thursday—Memorial Day, holiday.

June 3-8, Monday-Saturday—Registration week for old students for summer quarter.

June 9-14, Sunday-Friday—Quarter examinations and commencement.

Summer Quarter.

June 15, Saturday—Registration day for new students resident in Albuquerque.

June 17, Monday—Registration day for all other new students.

June 18, Tuesday—Instruction begins in all departments.

July 4, Thursday—Independence Day, holiday.

July 24-25, Wednesday-Thursday—Examinations for first term of summer quarter, and registration of new students.

July 26, Friday—Instruction begins in all departments for second term of summer quarter.

August 22-28, Thursday-Wednesday—Registration week for old students for autumn quarter.

August 29-31, Thursday-Saturday—Examinations for second term of summer quarter.

The Misses Kathryn Little and Katherine Conway were visitors on the hill this week.

Miss Anita Hubbell has returned from a trip to Kansas City. Miss Hubbell was accompanied by her father.

ENGINEERS WILL BE PLACED IN SERVICE

New Draft Regulations to Place College Students in Class Five, Classing Them as in Military Service.

The revised selective service regulations about to be issued by the Provost Marshall General will include in section 151 the following paragraph:

"Under such regulations as the chief of Engineers may prescribe, a proportion of the students pursuing an engineering course in one of the approved technical engineering schools listed in the war department as named by the school faculty, may enlist in the enlisted reserve corps of the engineer department and thereafter, upon presentation by the registrant to his local board of a certificate of enlistment, such certificate shall be filed with the questionnaire and the registrant shall be placed in Class V on the ground that he is in the military service of the United States."

A copy of these revised regulations will be sent to each engineering school as soon as issued.

The full regulations have not yet been prescribed by the chief of engineers, but this officer has ruled that the privilege referred to may be granted only to those students who are given a certificate properly attested by the head of the institution as follows:

"I hereby certify that..... is a regular student of the..... class in good standing, as a candidate for an engineering degree at..... and that in the judgment of the faculty of this school, based upon his academic record, supplemented by his relations with fellow students and by observation of his instructors, he may fairly be regarded as deserving a place in the first third qualitatively of the young men graduating from this institution during the past ten years."

The rules formulated by the chief of engineers will be sent to the school on the official list as soon as they are ready and the committee is preparing a statement as to how these rules may be most effectively carried out. Sixty days from December 15 will be required by the Provost Marshall General to classify the registrants into the five classes. The committee understands that it is unlikely that any draft will have to be made before this classification is completed.

PRESIDENT BOYD IN OKLAHOMA.

Dr. Boyd is absent on an extended trip to Oklahoma. The trip is somewhat in the nature of a vacation, but incidentally several matters of business will be attended to. While absent Dr. Boyd will visit the University of Oklahoma, of which he was president before coming to New Mexico. Dr. Boyd also has interests in Oklahoma to look after. It is not definitely known when Dr. Boyd will return but it will be some time before the next quarter opens.

A WAR LEAGUE OF COLLEGES PROPOSED

Kansas University is Back of Movement to Unite All Colleges in a League to Keep Track of Alumni in War and to Further War Plans.

The American college is accused of failing to grasp the significance of the world conflict and of neglecting to assume its proper position of leadership over the youth within its walls. "Education as usual," it has been said, is its continued policy, when the college ought to be giving these young people special training for the places in the new world which they are soon to inherit. The college student is reported to be ignorant of current events and to be living his customary life of comfort and equanimity. These assertions are not altogether true, but there is enough of truth in them to be embarrassing. Most colleges and universities are endeavoring to meet their extraordinary responsibilities. Committees of faculties and students have been appointed, meetings have been held, addresses have been delivered, subscription papers circulated, military drill introduced, and many other things of like purpose have been undertaken. Nevertheless, there has been much marching up hill and down; there is more or less bewilderment everywhere. With no clear understanding of what ought to be done, it has been natural to follow established custom and to wait for a directing hand from acknowledged authority.

In the University of Kansas the prevailing perplexity has been experienced altogether perhaps in no extreme degree. Here it has been found advisable to create a faculty "intelligence committee," co-operating with a similar group of students. It is the purpose of this committee to use available means to enlighten students upon the nature and meaning of the war in its different phases, and to bring to their attention such information as will lead them to get a right perspective, to judge events sanely, and to order their own lives appropriately with respect to the parts they must take, now and in the future. The committee undertakes:

1. To provide lectures on patriotic, military, diplomatic, economic, historical, and other topics, intended to influence students in the conduct of their daily lives, election of studies, personal sacrifices, and group usefulness.

2. To collect from faculty, students, other institutions, and other sources, suggestions and plans suitable to the situation and to furnish these to officers, committees, teachers and students.

3. To put up in the different buildings bulletin boards on which are posted news items, maps, illustrations, portraits, cartoons, scientific facts, stories about alumni in the war, etc.

4. To conduct a column in the college paper, edited by direction of the committee, devoted to the same purposes as the lectures and bulletin boards.

In its earnest endeavor to succeed

CONCERT BY STUDENTS IS WELL ATTENDED

Large Audience Hears Program by Fine Arts Pupils—Many Excellent Selections Rendered in a Pleasing Way.

Rodey Hall was filled to capacity at the recital given Friday night by the students of the Fine Arts College. The audience was composed of Varsity and down town people and those who took the trouble to attend were well repaid. The concert showed to advantage the talent we have at the Varsity and the excellent work being done along musical lines under the direction of Professor E. Stanley Seder. Much might be said, but we can give it in no better way than that given by the Morning Journal which follows:

"Miss Estelle Harris sang two modern songs and the Miserere from Il Trovatore, displaying a voice of exceptional range and quality. Miss Dorothy McIntosh gave a Bohm song with well-rounded tone. Miss Hallie Mitchell sang three selections from Burleigh's Saracen songs. Miss Helen Vincent sang an aria from Mignon in French. Other song numbers were by Miss Grace Stortz who sang two Cadman numbers with fine interpretation, and by George Givan, who displayed a tenor voice of fine quality.

"Piano numbers were given by Miss Anita Osuna, who pleased in a rendition of Valse Arabesque, and Miss Nola Keen, who evidenced a fleet technique in MacDowell's Witches' Dance. Miss Helen Thacker showed much insight in her playing of a waltz by Schutt and Chopin's Nocturne in E flat.

"Prof. Seder gave an interesting talk on Il Trovatore, which he illustrated at the piano and with vocal numbers. The University opera chorus closed the program with several choice renditions, including the sextet from Lucia and Friml's In Sapphire Seas from the Firefly."

WOMEN'S PAN-HELLENIC HAS BEEN REORGANIZED

A reorganization of the Women's Pan-Hellenic Society was brought about at a meeting held last week at the Phi Mu house. The members decided to meet twice monthly and to invite all national sorority women in the city to join. The next meeting will be held Saturday following Christmas at the Phi Mu house. The officers elected are:

President—Mrs. L. S. Peters, of Kappa Alpha Theta.

Vice-President—Mrs. Proctor Therwin, of Delta Delta Delta.

Secretary—Mrs. Ernest Garcia, of Theta Tau Alpha.

this committee has felt keenly the need of co-operation, as a result of which they have been trying to enlist all the colleges and universities possible in a so-called "war league."

An invitation has been extended to the University of New Mexico to join this league. It is likely that the invitation will be accepted in the very near future by this school.

TUESDAY, DECEMBER 18, 1917.

BASKETBALL AGAIN.

Basketball practice started with a flourish some two or three weeks ago. At present writing no sign of practice can be seen. The armory was secured for practice three nights a week. At first some ten or twelve men showed up for practice. They thought that they would have a coach in a short time and be able to turn out a first class team, but as the time has passed and no coach has been secured, the fellows have been losing interest and dropping out one by one. At the last practice or two there were only two or three men present.

The fellows realize that they can do nothing without a coach, and do not feel like wasting their time without securing any results. We do not know what has been done toward getting a coach, but the fact remains that the season begins about January 1, and no coach yet. Athletics are one of the best means of advertising our school. If those responsible do not take enough interest in athletics to secure a coach, they can not expect the students to take enough interest to play.

EXAMINATIONS ARE OVER.

What a relief those words convey! For the past three days, the topic of exams has been uppermost in the minds of us all. We have done more actual studying in the past week than we have done in any one week before during the quarter. There have been note books to write up, back quizzes to make up, and rusty points to be oiled. But most of us have come through it all right, and can enjoy the holidays with a clear conscience. One professor's advice was to leave off studying during the vacation, for the next quarter will be rushed through without any holidays. To most of us this is superfluous advice but we are going to follow it any how. Enjoy those holidays and come back eager for work!

TAKE YOUR LETTERS.

The following self-explanatory letter was received by Captain George White from Dr. H. M. Cornell, a prominent doctor of Las Cruces. We are glad to see that there are a few in Cruces who appreciate what our team was up against, for from what the Round-Up said, it seemed that we had an excellent team, and that the Azules had a super-excellent one. We believe that Dr. Cornell is right in what he says and beg the team to act accordingly. (White did not write this.)

George White, Captain,
Univ. N. Mex. Football Team,
Albuquerque, N. Mex.
Dear Sir:—
I want to protest against your action and that of the team in refusing the award of letters for services on the gridiron.
I saw your game here, and my own opinion and that of the majority of persons who saw the game, was that you boys deserved great credit for the spirit you displayed, not only during the game, but also during the football season. The fact that you did not quit football because you had a light, inexperienced team is greater honor, in my opinion, than winning all your games with old players.
I think your team is as much (or more) entitled to their letters than any team in the country.
Winning and a successful season are all right, but good sportsmanship is the chief lesson to be learned from college football—to be licked with a grin and come back smiling.
Your men have come through the season with flying colors in everything but games won, so accept the letters and wear them proudly as your right.

Yours truly,
H. M. CORNELL.

A CHRISTMAS LULLABY

Half an hour before midnight on Christmas eve in Mexico the "Litany of the God Child" is sung. It is after this that the world-famous lullaby song of all Mexico, the "Roro," is heard. Every Mexican mother knows this "Rock-a-bye" song, which is supposed to be the soothing of the infant Jesus. In time and tune it is not unlike the American song, "Old Gray Goose."

Many other nations besides the Mexicans have their Christmas songs, but not many have distinctive Yuletide lullabies.

Correctly Defined.

A Russian applicant for naturalization papers was asked, "What is the Constitution of the United States?" "Rugged and healthy," he answered.

Social Events

Examinations now hold the center of the stage and social functions can not meet the approving eye of the faculty. Consequently the campus has assumed a melancholy color, and you can hear the clock tick without having to stop and listen. Clouds have gathered, but "Wait Till the Sun Shines, Nelly," and the birds will be singing again; for Christmas is here bringing seventeen days vacation. Already plans are being laid for a gay time during the holidays. The Sigma Chis are to lead off with a camouflage party, and for the benefit of those who don't get the significance of camouflage, it is—er, well we really don't know what it is, but it's got something to do with the war and the Tommies use it for its bovine characteristics, as their favorite expression. Judging from that, the party ought to be a live one, any how.

The Phi Mus are on the docket for an open house on December 27th, which ought to soothe nerves, unstrung by the effects of too much Xmas.

There will be private parties galore. There always are during the Christmas vacation. Lots of Soldier boys will be back to spend a few days and are bound to be entertained. And then there's New Year's Eve which can never get by without at least a dozen parties. So in spite of the gloomy outlook of the present, the balloon ascension is bound to come off with the last of the finals.

FLASHLIGHTS.

Home is the only place where a man for the sake of peace ought to admit that wrong is right.

War makes a lot of changes in our habits of thought, but it never will make a woman admit that her last year's suit is fashionable this year.

It takes all sorts of pests to make up a world including the men who get up banquets.

The difference between a son and a husband is that a woman will readily admit that her husband has faults.

CHRISTMAS PROGRAM AT LAST VESPER

A fitting and appropriate program was given at the last vespers of this year, held in Rodey Hall Sunday afternoon. It consisted of Christmas songs, a Christmas cantata by the opera chorus, and an address by Mr. McKean of the Menaul school faculty. Mr. McKean's address was on the Christmas spirit. A large audience enjoyed both the lecture and music. The program was:

Silent Night—choir.
Jesus Thou Dear Babe Divine—choir.

Hymn 24 (singing first and third stanzas).

Invocation.

Solo—Miss Switzer.

Hymn 120.

Responsive reading.

Nazareth—choir.

Offertory.

O Hold Night—choir.

Address—Mr. McKean.

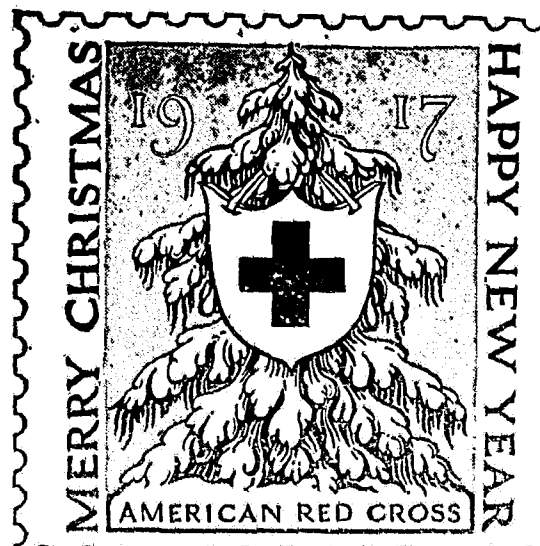

Cantata—choir.

Benediction.

Deborah Richardson was in charge.

CHRISTMAS REUNIONS

HOW many families whose members have been dispersed and scattered far and wide in the restless struggles of life are on this day reunited and meet once again in that happy state of companionship and mutual good will which is a source of such pure and unalloyed delight and one so incompatible with the cares and sorrows of the world that the religious belief of the most civilized nations and the rude traditions of the roughest savages alike number it among the first joys of a future condition of existence provided for the blest and happy! How many old recollections and how many dormant sympathies does Christmas time awaken!—Charles Dickens.

LOCALS

Word has been received from Chalmers Bowers that he passed the examination for the aviation service of the navy. Chalmers is in El Paso now but expects to be sent to the coast soon.

Gordon Gass, an alumnus, has been a frequent visitor on the hill this week. Gordon has enlisted in the quartermaster's corps of the army and is here on furlough until December 26.

Miss Rebecca Horner, one of last year's students, who is now attending the University of Wisconsin, is expected home for the holidays. Miss Horner was assistant editor of the Weekly last year.

A majority of the students who live outside of the city expect to return to their homes for the Christmas holidays.

Lieutenants Glenn Emmons, Frank Shufflebarger and Louis Hesselden left last week for their various stations where they have been assigned to duty.

George Farr, who formerly attended the University, is in the city on furlough to visit his parents. Farr is in the ambulance corps, and at present is stationed in Pennsylvania.

A vigorous drive for members to the Red Cross is being conducted by some of the University Girls.

Charles Amsden, 18-year old son of A. M. Amsden of Farmington, is on his return from the war zone and will re-enter Harvard university at the beginning of the second semester. Last February he enlisted in the Harvard unit as an ambulance driver and sailed for France. Shortly after he arrived in Paris he was assigned to field service in Greece. He also saw service in South Africa and in France. It will be remembered that Amsden was a student at U. N. M. year before last.

Muscle of the Soul.

We do not get perfect character in our sleep. It comes to us as muscle comes, through doing things. It is the muscle of the soul.—Henry Drummond.

Find Out First.

Study to conserve your steps. When you spend an hour looking for something because you do not know where it is, you have wasted that many steps.

LOCO WEED

Professor in Spanish: "Now answer to the roll call whether you are here or not."

When you're trampling down the vintage
Where the grapes of wrath are stored,
And you're trusting all your credits
To the mercy of the Lord—
And you give the time to football
That your studies ought to get—
They ask, "Is that condish removed?"
You answer, "No, not yet,"
Then they all wamp on your tommy,
And they pluck you in the bud,
Is it football or the Weekly?
And your middle name is Mud.
This thing is to be continued,
But we do not know just when,
It will happen sure as shootin'
When the boob flunks out again.

We have had 'em every year. A long time ago it used to be Swede Blom. Some one left the door open and in walked Eldodt. Brother used to be as innocent as they make 'em. New York was responsible for Sindenband. All of this was very well, but speaking of filberts, who in the name of the noble and mammoth order of kernels left a vacancy for that prize pecan, the Viaduct?

The Sophs perfumed Rodey Hall up so bad, they could not figure out how the Freshmen stood it. We finally got it figured out. They are used to it, acclimated, as Professor Gruner would say. Ask the Assistant Coach or Hairy if that is not so, and if not, why not.

A pretty good firm is Watch & Wait, And another is Attit, Early & Late, And still another is Doo & Dairet, But the best is probably Grinn & Baret.

If you think you're beaten, you are;
If you think you dare not, you don't;
If you'd like to win, but think you can't,
It's almost a cinch you won't.

If you think you'll lose, you've lost,
For out in the world we find
Success begins with a fellow's will—
It's all in the state of mind.

If you think you're outclassed, you are;
You've got to think high to rise;
You've got to be sure of yourself before.

You ever can win a prize.

Life's battles don't always go
To the stronger or faster man,
But soon or late the man who wins
Is the fellow who thinks he can.—Ex.

"Reputation is what men think we are. Character is what God sees we are."
