## ANOTHER CONFERENCE GAME ARRANGED

Varsity Accepts Offer From University of Denver to Play Football at Denver on November 11th.

Varsity will play University of Denver at Denver on November 11th. The game with the Texas School of Mines was called off so the management immediately began to pull the strings and we now have a game with another team of the Rocky Mountain Conference. Three games this season with teams in the Rocky Mountain Conference and only one of them having been solicited on our part sounds extremely well to those who follow the gridiron sport.

"Hutch" has been drilling the men harder than ever the last week since the news arrived that we are to play the Denver University. Another trip in sight, and anxious to see how much they have learned about football since the last trip to Colorado, the football squad are buckling down harder than ever, both on the gridiron and in their classes. One or two men being compelled to stay at home last time on account of low grades instilled sufficient fear in the minds of the football men, so that they will make a special effort to keep up above the low water mark for the coming battle.

Keep up the interest that has been shown by attending the practices every night and assure the men that you are with them.

Of course it is understood perfectly, and there is no need to mention the fact, that we are going to play the Arizona Normal School here this Saturday, November 4th. Everybody be there.

## MENAU GAME PROVES VERY GOOD PRACTICE

Aggregation From School North of City Put Up Game Fight but Were Defeated Easily by the U. N. M. Squad.

The Varsity eleven, or we should say, the Varsity twenty-two, easily defeated the Menaul School last Friday evening, the score of which has been lost. End runs of the Varsity, especially runs from the new shift play, showed up to good advantage. The Varsity made four touch-downs in the first half. During the second half the game resolved itself into a practice game for the line men of the Hill eleven. All the second string line men were given a chance to distinguish themselves in this period and proved themselves worthy of their name. Thackeray and Aydelotte starred throughout the entire contest with long end runs.

The Menaul line, though light as compared with ours, put up an excellent fight and gave our boys good practice. It is hoped that we will be able to arrange games like this

## PAGEANT TO BE FEATURE OF Y. W. C. A. WORK

Many University Students to Take Part in Play Given by Local Organization on November 23rd and 24th.

The Y. W. C. A. workers of this city are planning to give a wonderful pageant at the Armory on November 23 and 24. Elaborate plans are worked out for this event and it is sure to be a success, as well as the largest thing this organization has yet attempted.

The pageant is to be a community affair, women of all classes of work and society being interested, and working for the success of the undertaking.

The following is the program in mere outline form to give the people some idea of the nature of the event:

First there will be a spectacular Grand Entrance; there will be shown Life and College Association. There will be six episodes of the City Life—Industrial, Physical Training, Household Arts, General Education, Junior Department, including Camp Fire Work, and lastly, Bible Study.

The second division will represent Foreign Lands. In this division will be seen maidens from China, Japan, South America and India.

The Epilogue will represent the Spirit of Sisterhood. The five groups under this part will be: Ancient Times, Medieval Times, Puritans, Civil War Times, and last, but not least, Our Own Times.

A tableau of the Nativity will close the program.

Almost all of the University girls will have parts in this work. Those who do not have, as well as the men of the University, who will not be very well represented in this event, are wanted and expected to be present.

This is an organization that certainly should be supported by you students and every one of you should be present that night, either in an episode or "on the side-lines." Admission will be fifty cents.

about every week.

The coaches of both teams really conducted the game and it was in the true sense of the word a practice game for both sides.

Considerable down-town people were on the hill and in fact they were more in evidence than the Varsity students. We have two or three big games left for this season and now especially is the time for the proper support and enthusiasm in order to keep the men working for their positions. Keep up the good work that has been started and attend every practice game just the same as the big ones.

The next team the Varsity plays is the Flagstaff Normal School, Saturday, November 4th, at the Varsity field. Now is the time to start talking about the crowd you are going to have there.

## FORTY-THREE COLLEGES REPRESENTED AT U. N. M.

One-Fourth of Students Now Attending University Have Been at Other Colleges Before Coming Here.

Three-fourths of the students of college rank now in attendance have attended this institution only for their college work, and one-fourth of our college students have decided apparently that the University of New Mexico is the best in the land, for they have transferred to the U. N. M. after having tried other places for a while.

It has been only a few years ago that the University was unable to hold its students. After attending for a year or two they would transfer to other universities and comparatively few remained through the four years. In the last year or two an increasing proportion of the Freshmen return for their second year and remain for the full course. The losses by transfer during last summer were almost entirely confined to those students who went elsewhere to get work not offered here, such as law, medicine, journalism, and the like, and to those who left us on account of inadequate equipment in the technical courses. By next year the completion of the new building will put an end to such withdrawals and this University will be as well equipped as any to do thorough work in technical lines.

While the number of students withdrawing from this University has been constantly and rapidly decreasing in the last few years, it may be said that a strong tide is setting in the opposite direction.

"The number of students who have come here with advanced standing after having taken a part of their course at other institutions is likely to prove astonishing to those whose attention has not hitherto been directed to it," said the Registrar casually one day to the editor of the Weekly, "and for the benefit of those people who are not yet aware that we have a University which is rapidly growing in prestige and honor I'll furnish you a list of the institutions which a goodly number of our students of college rank have attended but who now are enrolled here."

The list here appended shows 43 colleges and universities from which 53 students have presented advanced standing. When a numeral follows in an case it indicates that more than one student has transferred from that institution to the U. N. M.

## HIGH SCHOOL VICTORY FIRST IN FIVE YEARS

Captain Barton Proves Heady Little Quarter and A. H. S. Eleven Win From Red Foes by Score of 13-6.

The Albuquerque High School eleven defeated the U. S. Indian School on the gridiron at Hopewell Field last Saturday afternoon for the first time in five years. Previous to that time the High School had never defeated the Indians in a football game played November 18, 1911, at Traction Park was: A. H. S., 6; Indian, 5. Last Saturday's game was a repetition of this great victory with the possible exception of the score, which was 13 to 6, with the High School in the lead. The men connected with the High School team in 1911, have all attended the University since then, and are, as follows: Hesselden, Lapraik, Balcomb, J. McCanna, Grimmer, C. Lee, H. Frank, Shufflebarger, Espinosa, Barth and Farrel.

The game Saturday was a hard-fought one throughout the entire contest, but the High School got the jump and kept it. Forward passing and line plunges were the main source of the High's strength. Chavez, Pence and Mann made several spectacular grabs. Barton, captain of the A. H. S. eleven, played his usual strong game at quarter.

H. Yazza, the Indians' left half-back, starred for the Red Men, although all of them played exceptionally well.

The game was clean and very exciting.

Lembke and Gass, two former students of the University, officiated. Lapraik was head linesman.

## COURTESY.

It is with a deep sense of embarrassment that we mention in this public way an incident which we wish could be covered and forgotten. But it is only by the active protest of those who aspire to better standards that such incidents can be prevented in the future.

A week ago yesterday Colonel Roosevelt was the guest of the city of Albuquerque. The first few moments of his address were very rudely interrupted by the ill-timed efforts of some over-enthusiastic supporters of Mr. Wilson. Standing in the crowd we heard others say around us: "That's a crowd of ill-bred and uneducated hoodlums! If they don't like the speech they ought to go away or have the courtesy to keep quiet." And as we looked to see who the disturbers were we were ashamed to recognize some of our fellow students. We only hope that Colonel Roosevelt did not recognize in the green cap the sign of affiliation with the University.

Of college men the public expects more than of those not so favored in their opportunities. So often they have been disappointed, and thus the business world has come to look upon college men with patronizing disfavor or contempt. If a man lacks common sense and courtesy, what hopes of success can he have in the business or professional world? And such incidents as this deflect directly on the reputation of the institution of which the offenders are members. The public, unfortunately, rarely discriminates and so dishonor is brought upon the University. We all want our college to grow and its reputation to always be of the highest, but if our conduct is not characterized by gentlemanliness and good sportsmanship, all other things will be in vain.

Since every student has a season ticket to all activities going on, there is no doubt that the entire student body will attend every game played by the different teams. The next question to solve is, "How are we going to get the down-town people to attend these games?" Here again the matter rests entirely on the efforts of each and every member of the student body. Everyone has his or her friends. Never let an opportunity pass to tell them that the University is going to do this or that, and be sure to tell them the exact date and the place of everything that is going to happen. Lots of people are only too anxious to have something to do or some place to go, and if the fact is kept constantly before them that we are going to have a football game or a basketball game, they will make a point to attend. The football management must have the sup-

## BUTLER WINS IN MEN'S SINGLES

Full Tennis Tournament Very Exciting, and Outcome Is Same as Dope Sheets. Issued Before the Contests.

George Butler, president of the Tennis club, mowed down all opposition and was declared the champion tennis player in men's singles tournament which ended last week. Butler is easily the best tennis player on the hill, although he had several hot contests in this tourney.

The result of last two weeks of play is as follows.

First round: Fielder won over Doering (by forfeit); Seder over Wimberly; Edington over Olds; Butler over Worcester.

In the second round R. McCanna beat Fielder; Seder won over Edington.

In semi-finals Butler won over Seder.

In finals Butler beat R. McCanna. Men's doubles: Worcester and Seder won over Butler and Olds; R. McCanna and Edington over Ferguson and Shields. In finals Seder and Worcester captured the championship by defeating Edington and R. McCanna.

With the purchase of the new nets and rackets and beginning of systematic improvement and upkeep of the courts, which will continue until Christmas and recommence in the spring, there has been a noticeably increased interest in tennis affairs in general and the fall tourney in particular.

The mixed doubles and ladies' singles will be played this week.

## ORATORICAL CONTEST IN RODEY HALL FRIDAY

The Preliminary Battle for a Representative From the University Promises to Be a Very Interesting Affair; Winner Will Be Sent to Santa Fe Latter Part of November.

The preliminary oratorical contest will be held Friday night, November 3rd, in Rodey Hall, for those competing to represent the University in the State contest, held in Santa Fe during the N. M. E. A. meeting.

The contestants have been working hard and steady and everything points toward a very snappy evening. All students are urged to be present in order to insure the men of their support and to enable them to become acquainted with a crowd.

The judges for the preliminary have not been chosen as yet but will be in a day or two. It is hoped that we will be able to secure the services of some down-town men for this purpose and in this way familiarize them with the work going on at the Varsity.

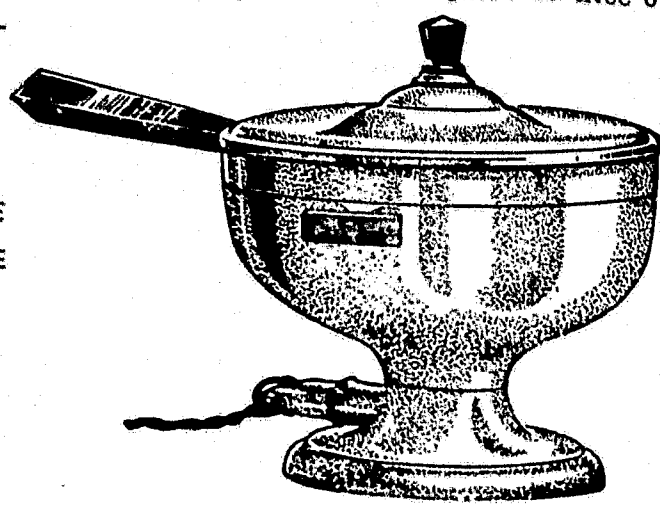

At the close of mid-semester a glance at the "Date Book" of the Committee on Non-Athletic Student Activities reveals the fact that there has been no lack of enthusiasm on the part of the dozen or more student

port of the students in order to make this season a success financially. Money is necessary to carry on all kind of a business and this financial situation surely may be classed as a business and a "Big" one at that.

organizations. The record is: Five receptions; six dances; one stag; two open house; three football games; one oratory try-out; three parties, two banquets; one annual sing, and four smokers.

**Rube Party Great Success.**  
The widely advertised and much-talked-of Rube party came off on Saturday evening in Rodey Hall, the success of the affair conclusively convincing skeptics that the student body may, can and likes to, be entertained successfully, without having recourse to dancing and cards.

Corn stalks nodding from radiator and window, and piled in great stacks about the floor, and pumpkins, great and small, formed the Hallowe'en decorations. Rodey Hall has seldom looked more attractive.

The U. N. M. band opened the program with several characteristically well-rendered numbers, followed by the initial public appearance of the Euqreubla orchestra, which unintentionally but undoubtedly showed the band up, if one may use the expression. As an encore to "One, Two, Three, Four," "Os-kee-wow-wow" was given, and when it is said that even the third encore, "In the Evening by the Moonlight," was followed by most uproarious applause, it is evidence that music-lovers were well pleased by Euqreubla's orchestral offering.

Mary Brorein's reading and encore were extremely pleasing and most appropriately selected and rendered.

When Professor Seder "ragged the Rosary" (on the piano) as an encore to "The Old Oaken Bucket," the audience went wild, and he was recalled again and again, responding most gracefully.

If the U. N. M. quartet and the stringed quintet had not failed to show up they would undoubtedly have brought honor and glory upon themselves.

In the debate "Resolved that the advantages of country life far exceed those of city life" the urbanites were victorious though the affirmative showed a master grasp of its subject.

After the grand march before the judges and the raffling of the box suppers provided by the girls, the prizes were awarded for the cleverest Rube costume. The first prizes were presented to Miss Opal Garret and Herr Gruner, the second to Miss Mary Brorein and Don Richardson, and the prize selected for the one who "tried to be tacky and couldn't" was captured by our Carolina friend, Mr. Hoover.

The Y. W. and Y. M. C. A. wish to thank all those who were interested enough to lend their social, intellectual, sartorial and particularly their financial support to this function.

On Saturday afternoon Mrs. J. D. Clark entertained the ladies of the faculty members at a delightfully informal tea at her home.

## Hallowe'en Dance.

Betty Simms gave a splendid little dance to her University and town friends on Friday night at the Woman's Club. The Hallowe'en decorations of witches, black cats and ghosts gave the proper spooky atmosphere. Ice and wafers were served during the entire evening. All those present enjoyed a very delightful

evening and voted Betty a very attractive and pretty host.

## Mrs. Lowber Entertains.

On Thursday afternoon Mrs. C. E. Lowber gave a tea at her home in honor of Miss Washburn of Hollywood, California. A large number of University girls were among those invited to meet Miss Washburn. A very delightful afternoon was spent.

## Kappa Delta Nu Entertain.

Last Friday night the girls of the Kappa Delta Nu sorority gave a Hallowe'en mask party in honor of their mothers, at the home of Abbie Heacock. Some of the peculiar looking goblins were quite hard to recognize. One of the male sex, who had somehow stolen into this strictly feminine concourse, was found to be Miss —, and was allowed to remain.

When all had chosen their fates and had read the "nutty" remarks of the magic pumpkin, which was perched in state on an enormous pile of oranges, nuts and blood-red apples, the folding doors were thrown open; and passing through the archway, under the Kappa Delta Nu emblems, a room of shaded lights was entered, filled with black cats, fortune telling booths and other such delightful mysteries. One of the evening's most interesting events was the telling of Miss Lathrop's fortune. "You have a sweet disposition and are very just," "So?" said Miss Lathrop. "In the past you received a letter," continued the fortune teller. "Why, yes, several of them," was the reply. But to cap the climax it was told that Miss Lathrop would soon receive a proposal of marriage from a poor young man, and would take a long journey by the side of a handsome young man. The evening was brought to a very pleasant close after delicious refreshments were served.

Just as the artist stakes his reputation upon the masterpiece that bears his signature so must the makers of

## LOCALS

At a called meeting of the Eureka Club, held in the parlor of Hokona last week, it was decided to give a Hallowe'en party for members only. All the initiates of Hokona were present except the one pledge, who is soon to be initiated into the mysteries of the order.

You have all heard of the usher who told the crowd to wait a minute and "he would sew them to their sheets." Well, here is one about a professor in Yale, who, wishing to rebuke his biology students for idleness and inattention, fixed them with a stern glance, shook an admonitory finger at them and roared: "Young men, you have tasted two whole worms."

Miss Hickey informed us that tongue-twisters of the above caliber came to be known in Yale as "Spoon-erisms," this particular professor having been named "Sponner." She then called on Allen Bruce for an example of a "Sponnerism," and we regret to say that he suggested "Snooky-ookums."

"Beside suffering from a 'con-cussed eye,' Carl has been otherwise indisposed since he had some 'pies 'n coffee' for dinner one evening last week.

Colonel Roosevelt was unable to stop over in Albuquerque for a day, and thus the University was not able to have him talk to the student body. However, all classes were dismissed and a majority of students journeyed to the Alvarado steps to hear "Teddy." The student body regrets exceedingly that it was not able to hear Colonel Roosevelt up on the hill.

Professor Kirk made a trip last week to the Carrots copper district, near Belen. While away, Professor Kirk enjoyed a dinner of venison.

J. H. O'Rielly, Jr., has recently enrolled in the University and has been pledged Sigma Chi. Mr. O'Rielly is taking special work in chemistry.

Professor Stanley E. Seder threatens to bring suit against the Yellow Dog Society for breach of promise. He asserts that the society has pledged him but have failed to initiate him into the occult mysteries of the organization.

Miss Arline Washburn, who was visiting in town last week, spent Thursday morning on the hill renewing her acquaintances and meeting old friends. Miss Washburn, formerly of Albuquerque, has been in the East for the last three or four months and is now her way home to California.

Professor Bonnet is now the proud father of a son and heir.

Mrs. Holt of Alamogordo spent a few days on the hill last week visiting her daughter, Miss Holt.

The Rifle Club held a shoot on the rifle range on Saturday afternoon.

John R. Simms, a prominent lawyer, will address the students at Vesper service next Sunday afternoon in Rodey Hall at 4 o'clock. Everyone is urged to be there. Delightful musical program will be rendered, consisting of selection from University Choir.

U. N. M. is turning out a number of enthusiastic politicians. One who has attracted special attention is Ezekial Chavez, whose speech at the Democratic convention made a decided hit.

Political discussions become more heated every day. Professor Worcester has been compelled to wield the "big stick" to keep peace in his classes.

## BUSINESS MEN ADVERTISE GAME

Hearty Support and Co-operation  
Rendered by Merchants From City  
Duly Appreciated by Student Body.

A feature of the advertising campaign for the game with the Colorado School of Mines was the advertising given the game by the business men of Albuquerque. Several stores decorated their windows in a manner appropriate to the occasion and the support generally given by the people of Albuquerque contributed much to the success of the financial end of the game. We believe that this consideration for the University and University affairs should not be overlooked by the students, and take this opportunity of expressing our appreciation to the following business firms for decorating their windows for the game: Singer Cigar Store, The Economist, Rosenwald's, S. T. Vann & Co., Kistler, Collister & Co., The Highland Grocery, E. L. Washburn, Hanna & Hanna, Walton Studio, Everitt the Jeweler, Golden Rule, Royal Drug Co., Baldwin Piano Co., and O. A. Matson Co.

In addition to the great aid rendered by the business men the management is also indebted to the Advertising class for their splendid work in connection with the advertising of the game and to the committees which did such splendid work in the ticket selling campaign. The financial outcome of the game was better than expected and if we receive the same support in our work for the Cruces game the football season of 1916 will be the most successful in the history of the University from the financial side of the game as well as that of the score.

Again thanking all who contributed to the financial success of the game with the Colorado School of Mines, and seeking your continued co-operation, we are,

THE STUDENT BODY.

Lyman Thackrey is still thanking his stars that made him a football man, when the Democrats inflicted forceful punishment to intruding Republicans.

Earl Gerhardt has been initiated into some kind of secret organization. The first step consisted of a pitcher of water all over him, while talking to a young lady at the Girls' dorm. Watch the bulletin board for the final date of Earl's initiation.

Girls' basketball practice started yesterday afternoon. All those interested should see Alberta Hawthorne, captain of this year's team. Regular practice will be indulged in from now on.

Walter Parkhurst, after being in the pool, has decided that it will be much safer to wear his little green cap in the future. The occasion for his ducking was not for this purpose, however.

We have just received a Special Line of University and Fraternity
