CHOOSE PERSONNEL  
OF MIRAGE BOARDAll Departments At Work On  
Subjects; Contest for Campus  
Beauties on Cash Basis

At a meeting of the Mirage Staff, held Monday evening in the Administration building, the work accomplished to date was reviewed. Definite plans were laid to make the 1922 year book the best ever. Miss Irene Wicklund, the Editor, has secured a complete staff of Associates, who are already hard at work upon their assignments.

This year's Mirage promises a complete review of one of the biggest years at N. M. U. Many new features have been added. Great stress is being laid on the photographic department, upon which depends a large part of the success of any year book. This department is in the hands of Howell Faw, who may be seen in action with his kodak wherever is any activity.

The contest for the selection of the most beautiful, and also the most popular co-eds, will get under way some time before the holidays. It is announced that the method of voting will be much the same as in former years, except that this year's demoiselles will be selected purely on a cash basis. Each purchaser of a Mirage will be entitled to a vote upon presentation of his receipt. Manager Frank Ogg has not yet determined what the amount will be.

Following is a list of the 1922 Mirage Staff: Editor in Chief—Irene Wicklund, Associate Editor—Eleanor Cameron, Literary Editor—Walter Bowman, Jokes Editor—Joe Bursey, Calendar—Wilma Snyder, Society Editor—Lorena Burton, Athletic Editor—George Bryan, Contest Editor—George White, Photographic Editor—Howell Faw, Art Editor—Bill Stahl, and Business Manager—Frank Ogg.

COUNCIL APPROVES NEW  
SOCIETY IN MEETING

In their meeting held Tuesday afternoon, the Student Council of the University disposed of a great deal of business. A new organization was approved for existence on the Hill, with its headquarters in the Home Economics building. "Akiho," is the symbolic name of the Club, which is organized for the purpose of creating additional interest in current home economics problems.

The constitution of the Tennis Club was discussed, but it was decided that certain points needed revision, and the instrument will be again brought up in the next meeting. Letters were sent to Colonel Breece, thanking him for his recent donation to the University. (Continued on page 4.)

ALUMNI TREASURER IS  
MATRIMONIAL VICTIM

To the distinct surprise of all of his friends, Mr. Bruno Dieckmann, Alumni Athletic Treasurer, and general promoter of the welfare of the University, slipped up and got married. His bride was formerly Miss Irene Westerhausen, who is well known among the younger set.

The ceremony was performed Saturday morning at Bernalillo, by the Right Reverend Deacon Calkins of the University. After the ceremony, the wedding party returned to Albuquerque to witness the Yanigan-Hooligan struggle. Mr. and Mrs. Dieckmann left Saturday night for a honeymoon trip through Texas and Points South.

HONORARY FRATERNITY  
ELECTS NEW MEMBERS

At a meeting of Phi Kappa Phi, honorary fraternity, held last week, the following were elected to membership in the organization:

Honorary Member—Bishop Howden.  
Faculty Members—Professors Carey and Dougherty.

Student Members—Frank Ogg and Ralph Gould.

The initiation of those selected will take place on next Tuesday afternoon, and will be followed by a banquet at the Country Club.

Phi Kappa Phi is the only honorary scholastic fraternity in the University of New Mexico. It is national in its scope, having been founded at the University of Maine, and consists of seventeen active chapters.

YANNIGANS EXULT  
OVER OLD ENEMIESClassic Saved from Lop sidedness  
when Civerolla makes Score;  
Present Watch to Johnson

Only Civerolla's spectacular seventy yard dash for a touchdown saved the Hooligans from submitting to the humiliating whitewash brush at the hands of the Yannigans, in their annual clash last Saturday. Shorty Hite, feverish with excitement after the phenomenal run, missed the goal by inches, and the final count read 7-6, favor of the Yannigans.

No injuries were suffered during the contest, with the exception of those received by a few spectators in the "Laughing Section", who rolled in the top tier of seats to the ground in a paroxysm of mirth after Bill Roy's famous Swiss Cheese play in the second quarter. Frequent rests during the game kept the players in good condition, while Dr. Hessler, and Professor Coan ended the struggle with less breath than anyone else, due to the strenuous parts they played in officiating.

The Hooligans, captained by Frankie Neher, elected to receive the kick-off, and from the starting toot of the umpire's horn, went on a forward pass rampage that did not cease until they were within five yards of the Yannigan goal. The Stahlmen then held, and recovered the ball on a fumble, taking it out to the middle of the field. In the second quarter, the Yannigans pushed over for a touchdown, and kicked the goal, and even the presence of Coach White on the field could not inspire the Hooligans sufficiently for them to break through the strong Yannigan defense. Finally, two minutes before the closing whistle Coach White, with his customary sagacity, substituted Civerolla for Graham, and the light but speedy back from Gallup raged the length of the field. ELECT JOHN POPEJOY  
TO CAPTAIN VARSITY

John Popejoy, '24 was selected to lead the Lobos on their rampages net year at a meeting of the Varsity squad held early this week. Popejoy hails from Raton, where he played. He later matriculated in the Iowa four years on the High School eleven, Agricultural College at Ames, where he earned his numrals playing on the Freshman team. During the past season, Popejoy has proven himself one of the best tackles in the Southwest, playing a consistent aggressive game, and has been the most invulnerable point on the Varsity line.

TENNIS CLUB STARTS  
INITIAL TOURNAMENTPairings Announced For First  
Rating Tourney Under  
New Auspices

Over twenty members of the University Tennis Club will participate in the first tournament of the season, which will commence Sunday, the 11th. Frank Reeve, chairman of the Tournament Committee has made drawings for the contest, and has them posted in the Varsity Shop.

Sunday's competition will consist of singles matches, each match running the best two out of three sets, and is expected to occupy the major part of the day. The following Sunday, the doubles matches will be run off. It is hoped to have the three men's courts in playing shape by that time, although a great deal of work is necessary before an accurate surface is possible.

A great deal of interest has been thus far manifested in Tennis, as the University has a contract which calls for a two man team to meet Arizona in Tucson this coming Spring. Competition will be keen for the places on this team, according to the present outlook, and the rating tournament which is being held by the Racquet Club will serve as a fairly accurate indication as to whom will be the members of the squad.

All men interested in Tennis are eligible for the organization, and may join at any time by applying to Fred Wagner, or Walter Bowman, and contributing fifty cents as initiation fees. It is hoped that every racket wielder in the University will affiliate with the Club.

Following are the pairings for the singles matches.

F. Wagner vs. Tom Calkins.  
W. Berger vs. W. Bowman.  
V. Wilfley vs. L. Fertsch.  
K. Wilkinson vs. W. Clark.

CAGE CANDIDATES  
FORM CLASS TEAMSBasketball This Year to Be Strictly  
Inter-Organization, Both  
Class and Fraternity.

Coach Johnson met more than thirty enthusiastic cage men in the gymnasium last Monday to outline his plans for the coming season. The squad that turned out was divided into three groups, Upperclass, Sophomore and Freshman, in anticipation of a pre-holiday schedule of inter-class games, and temporary captains were appointed. Frank Neher was chosen to guide the upper-classmen through the first stages, Bryan will head the Sophomores, and Ogle Jones the Fresh.

Johnson announced that twenty-five athletic memberships to the Y. M. C. versity, and will be given to the best twenty-five candidates for the teams. In order to retain such a membership, each candidate must report for practice on the days named from 4:30 to 5:30, which time will be equally divided between the different teams.

After the Christmas vacation, inter-fraternity league basketball will commence, with four teams in the field. They will be composed of the twenty-five men who were retained in the first interclass competitions and are Alpha Delta, Independents, Pi Kappa Alpha and Sigma Chi. Practice has been held this week in the University gym to weed out the less capable applicants, and next week it is expected that the season will start in full swing.

Games will be played in the Y. W. C. A., and spectators are to be admitted to the balcony. During last year's games, the student body completely filled the gallery.

Training of Indolent  
Under-Classmen

Now that the football season is ended, classes in physical education are being held regularly. The first organized workouts occurred last Thursday and no more will listless Frosh lounge about the Campus between eleven and twelve on Tuesdays, Thursdays and Saturdays not knowing what to do with themselves. For now it's hands down, chin in, wishbones out, and necks stretched to the stentorian commands of Coach Johnson.

As yet, some few of the physical educators are rather sluggish and awkward in their execution of directions, but it will only be a matter of a short time until they learn to snap. (Continued on page 2)

STUDENT BODY ASSEMBLY  
HELD FRIDAY, IN RODEY

Frank Neher, President of the student body, had complete charge of the Assembly last Friday, and student affairs were freely discussed.

Committees were appointed to arrange for the annual Xmas Tree program which is to take place just before the holidays. Arrangements were also made to have all of the different organizations and both dormitories put on a short stunt of some kind for the edification of the other students.

Another committee was appointed to send a letter to Kaseman thanking him for the interest he has shown in donation.

CHRISTMAS TREE FROLIC THIS  
YEAR TO SURPASS ALL OTHERS

Surpassing any previous Christmas frolic that has ever graced the boards of Rodey Hall, the entertainment and all-University celebration around the Christmas tree this year is rapidly assuming the shape of a polished performance. The Student Council has directed its attentions to plans for the affair, and they will be announced in detail in the near future.

At present, each fraternity, sorority and dormitory will present its share of the entertainment, by staging a stunt of some sort. Vaudeville and light comedy, with plenty of music, occupies

the attentions of most of the participants, and some very funny acts are reported to be in the process of forming.

December seventeenth is the date set for the function, and undergraduates are looking forward to that time with much pleasure and excitement. Gifts may be hung upon the Tree, according to the Council, and they will be distributed among the student body, while an all-University dance following the performance, is agitated. It is said that a prize will be given for the best act, and rivalry between the different organizations is high.

### MISSIONARY WORK.

A large percentage of the undergraduate body will shortly leave for the holiday season at home. It is not too early to look forward to the enrollment of more students, both in the second semester, and in the fall of 1922.

When you are asked how you like the University, forget the shortcomings that the institution or its surroundings may have for you. They are gradually being overcome with the vigorous work of the administrative departments, and the spirit and co-operation of the student body. Think of the good things of the U. of N. M. They are many, and we are all gripped by the spell of the Alma Mater.

With an increasing number of undergraduates, we are growing in strength. It is to your own advantage to bring back, or to cause to matriculate as many new students as possible. Do as much missionary work for the University as you can, and wherever you go, talk about the HILL. Bring back a good one!

### ATTEND THE CONCERT

We are having, this holiday season, an opportunity to hear Madame Schumann-Heine, one of the greatest living singers. She will appear at the Armory the evening of December 26th, and through the generosity of the Apollo Club of Albuquerque, undergraduates will be admitted on payment of the negligible sum of seventy-five cents.

It is often said that a University in a small city fails to offer the cultural advantages that accompany a metropolitan institution. The truth of this statement lies in the fact that great artists and their masterpieces are treacherously sought after, and are compelled to remain where the majority of the public may be found. We are in a small city. It is rarely in

deed, that our extra-curriculum entertainment exceeds the bounds of the "movies" or a football game. But to the undergraduates who will be in Albuquerque during the vacation, the Schumann-Heine concert offers a diversion which will later be regarded as one of the most pleasant and most profitable stages of the University education.

into it in the approved chain-lightning fashion. After twenty minutes of setting-up exercises, Coach Johnson appointed three captains, McCullough, Dixon, and Marcus, who divided the class equally and selected their basketball teams for the season. Thirty minutes of play was engaged in. McCullough, Stowell, and Pelican displayed promising ability. Alkenhead showed himself to be a fair wrestler; and Gant, apparently thinking he was playing soccer, nearly divested the ball of its cover with vigorous kicks.

Keen interest is being evinced by gymnasts in all forms of indoor athletics. Special attention is given to basketball, and, from all appearances, some good cagers will be developed by the time actual melees are staged in the near future.

### THE "N. M." CLUB

It has been suggested that the men receiving their letters for football this year, should organize an N. M. Club, whose membership should be augmented with the awarding of insignia for Athletics. This organization, if formed, would be an active society within the School, and its basis for membership would be exclusively athletics.

The N. M. Club, previously organized, which includes all students and Alumni who have made a letter, seems to have peacefully passed away. At least it exists in name only. This new organization, if formed as suggested, would be the direct means of keeping letter men interested in furthering athletics in the University. Through this organization, the interest of those who are no longer in school, would be easily kept up. We hope to see it put through.

## DEAN, EYRE STILL ON SICK LIST Illness From Effects of Gas Confirms Engineering Chief

It was announced in the last edition of the WEEKLY that Dean Eyre returned to his classes on Wednesday of that week. At the time the paper went to press, it was expected that the Dean would attend classes the following day, but he was not able to return and is still confined to his bed. The absence of Dean Eyre is regretted keenly by the Faculty as well as his class-members and the student body as a whole. His illness was caused by exposure and the effect of gas received in France. While progressing satisfactorily, the exact date of his return is unknown.

Following a lengthy discussion of plans for the Christmas party, a committee was appointed to handle the affair. The group composed of Mary K. Sands, Ed. Horgan, William Stahl, Marshall Wilson, Veon Kiech, George Martin, Myrtle Walker, Hazel Morris, Lillian Patton. The Council, in addition, decided to request the faculty to present one part of the program on the seventeenth.

## ARIZONA WILDCATS DEFEAT WHITTIER

In the hardest fought battle of the season, the fast team of the University of Arizona defeated the Whittier eleven, last Saturday at Tucson, 7 to 0. During the first half Whittier had a little the best of it, keeping the ball continually in Arizona territory but were unable to score. In the second half, however, the fighting Wildcats started things with a rush, taking the ball into the Californians territory, and scoring the only touchdown on a long pass from Slonaker to Wofford. This game ended the most successful season in the history of the University of Arizona. Their only defeat came at the hands of the Texas A. & M., 17 to 13, but as they were hardly conceded a chance with the Texans, the game was more of a victory than a defeat.

for a cheer-provoking score. It is now planned to make the Yan-nigan-Hooligan game an annual contest, and to include it among the most valuable University traditions. Next year's struggle is already being arranged, and if possible, it will be staged at an earlier date, in order to secure warmer weather.

With the gate receipts of the game, which was the chief aim of the contest this year, a watch was purchased for Coach Roy W. Johnson, as a testimonial of the regard of the student body, and of its appreciation for his work this fall.

## ELASTIC SCHEDULE

In the old days of Mississippi River travel, the "Stephen J. Hill" gained note as the worst boat on the river. One afternoon a fog settled and the captain gave orders to tie up for the rest of the day.

"It's too bad we're going to be late, captain," said a passenger.

"We ain't," retorted the skipper calmly.

"But I thought you were going to tie up here for hours."

"So we are, but that ain't going to make us late. We don't run so close to time as all that."

## OBSERVATIONS OF HO-HEN

Twilight, and mystic shadows creeping from the haunted recesses of the swamp;  
Alone traveler on the swamp road;  
A white star faintly gleaming!  
From the underbrush a sudden flare,  
as of the torch newly lighted;  
a tinkle of silver laughter,  
and the momentary glimpse  
of a face, unearthly fair.  
The young wayfarer turns from his path and pursues  
flickering light and fairy face  
as they ever recede through the mocking gloom  
And he is seen no more among men.

Street throngs in the crowded dusk,  
a swirling flood of humanity  
flowing, eddying, from the day's tasks,  
and one fair, mocking, alluring face  
moving swiftly among the crowd!  
Will you follow the light in her eyes.  
Young Fool?

It is the ignis fatuus, that of old lured young fools into the depths of the haunted swamp.  
You were a fool to follow, to be sure, but—I rather like you for it.  
Some of you, I fancy, overtake the Fox Woman,  
and wrest her secrets from her;  
secrets that the discreet and self-centered will never know.

## Undergraduates To Hear Renowned Opera Singer

Tickets for the Schumann-Heine concert, which will be given in the Armory the evening of Monday, December 26th, may be purchased from Miss Shelton, in the University Library. Because of the attractiveness of the recital as a part of one's education, the Apollo Club has decided to make to all undergraduates a rate of seventy-five cents per ticket.

No reserved seats will be held for the concert, but it is desired, if possible, that the maximum number of admissions be sold as soon as convenient, in order that the guarantors of the affair may know how much their deficit is to be. Orders for seats have been received from all parts of the state, and tremendous interest is being shown in the concert. It is expected that a large number of undergraduates will avail themselves of this extra-ordinary opportunity to hear one of the world's greatest opera stars.

#### ENLARGE MEN'S LAVATORIES

In the men's dormitory there is being constructed and installed, a tub for washing clothes, five new facial lavatories and a new compartment for shower bathing. This equipment will be a valuable addition as there has been no wash-tub, the showers would not accommodate half the seekers for cleanliness after athletic contests or on Saturdays during rush hours; and those who have cut their faces while shaving during the congested pre-session minutes in the morning have been only too well aware of the lack of facilities. The new equipment will be installed and ready for use in the course of the next few days.

#### BULL-ETIN SOLICITS SUPPORT OF STUDENTS

Anticipating a large demand for the first issue of the "BULL-etin", the official publication of the Pipe and Pen Club, that organization has made preparations for the printing of over two hundred and fifty copies of its first number, which will appear before the vacation. A subscription drive will be floated in the next few days, and those who are in on the secret admit that nothing like the Bulletin has ever been seen in the vicinity of the University Campus, coming from the hands of the undergraduates.

The first issue, a humorous number, will be largely concerned with the Christmas spirit, and a great deal of material has been received. Walter Bowman, will edit the initial burst of the publication, and he promises a booklet that will do credit to any library table during the holidays.

Under the auspices of the Y. W. C. A., the University has been introduced to a standard brand of stationery, with the seal of the state, and "University of New Mexico" engraved upon it. Miss Mary Sands, who is handling the sale of the material, has been fairly busy filling orders, but complains that the goods are not being sold fast enough, as it was originally the intention of the Y. W. C. A. to dispose of their stock before the Christmas vacation, and that a great part of Y. W. C. A. funds are tied up in the enterprise. Students are urged to buy in their supply at the earliest possible date.

#### WHAT THRIFT IS.

I am stored-up contentment.  
I am freed from worry and fear.  
I am common sense applied to living.  
I am discipline in youth and rest in old age.  
I contribute to health, efficiency, and confidence. I am the enemy of the "rainy day" dread, the foe of want.  
I put people in a position to take advantage of their opportunities.  
I am better than a health resort, and more soothing than a needed vacation.  
I mean better opportunities for your children, and a position of respect in your community.  
I am a builder of civilization, and I sustain and preserve the best interests of a nation.  
I increase the confidence of young men, and enable them to mount on the ladder of success.

"Oh, girlie, do you really know  
A kiss is lots of fun?"  
"They don't belong to me," she said,  
"You'll have to steal you one."

#### ALL-U ELEVEN

By Walter Scamp.  
To those who followed University football throughout the season, one contest stands out beyond all the rest, and it is through work done in this game that I have picked my All-U Elevers. There is no test of real football ability to compare with the Yarnigan-Hooggar battle. Any man who distinguishes himself despite that game surely deserves one of the coveted positions.

Ends.

In picking the ends, I encountered much difficulty. Only after determin-

ing beyond doubt that Sands dropped, one more pass, than Berger was the position decided. Berger on the other hand, had so many fumbles that he may seem to deserve first choice. The other end was not hard to choose. Swinney missed three times as many tackles as Clark, which clearly gives him the position.

#### Tackles

As for tackles, the two selected are so far ahead of the field that there can be no doubt. Owing to their extraordinary proportions, Jelfs and Long easily place. They never interfere with the runners, which makes them popular with the spectators, who like to see long runs.

#### Guards

There are certain matters of style that must be taken into consideration in selecting guards. The first question to arise is "Do They Guard?" "Guard What?" asks the co-ed, and in answering it becomes plain that Martin and Patton are the people's choice. They guard against being hurt. They guard in the garden during the summer, not to mention that they couldn't possibly play anything else. Try to imagine either as a full-back, and it becomes obvious that they deserve all-U guards.

Bill Roy is selected center without a struggle. Viewed from any angle (sic) he was the most ludicrous thing on the field. Gilbert—recovered—entirely too many fumbles to be rated with the immortals. Besides all this there remains the Swiss cheese formation full of holes executed by Roy in the championship game as well as his work in the others.

#### Backfield

Frankie Neher wins his laurels on the ability with which he conducts assembly. All those who do not sneak out of chapel after sticking chewing gum over the seat number will agree that Frankie deserves the quarter-back job. He is also Captain. What has this to do with football? Nothing, dearie, nothing. That's why he gets the position.

In the backfield with Neher it may appear at first glance, superfluous to place anyone else. "Shorty" HITE, however, presents himself as at least a possibility, although Bruce Hangar would be much nicer to hug. Still, Hangar has his past against him; undoubtedly, anyone so popular with the women can't get to bed by seven-thirty during training season, so the position goes to HITE on points.

McGoggin beats out Graham for half back on the shape of his nose. According to the test given under the direction of the Department of Psychology in which the applicant stood on one foot and answered 3670 foolish questions, McGoggin's nose is Irish, and Graham's is Scotch. Heaven knows what that had to do with it, but it did. Professor Haught is at present busy plotting the two curves. What for? We don't know, except that psychologists are supposed to do such things.

Civerolla, for obvious reasons, is selected as full back without any opposition.

# WITH THE GREEKS

## ALPHA DELTA PI.

The Alpha Delta Pi's are sporting th new, shiny, tea service which was presented to them at the Pan-Hellenic luncheon at the Alvarado last Saturday. The A. D. P.'s walked off with women's organization scholarship honors in the University last year, thereby acquiring the trophy offered by the Alumnae Greeks of U. N. M. and other colleges.

## ALPHA CHI OMEGA.

Monday night, after fraternity meetings, the Alpha Chi's entertained with serenades of all the campus divisions. It was a diversion that had not been indulged in for some time on the Hill, and the recipients of the honor showed their appreciation of the music of the daughters of the Lyre by applauding vociferously at every stage.

## KAPPA KAPPA GAMMA

Moday night, Mysle Walker of Embudo, and Ruth Dougherty of Socorro and Long Beach, Calif., were initiated during a meeting held at the home of Wilma Snyder, on South Ninth Street. After the ceremonies, refreshments were served, and the campus is now buzzing with congratulations for the wearers of the two bright new keys.

## PHI MU.

Activities and pledges of Phi Mu will be entertained by Miss Edna Miller tomorrow afternoon at her apartments on Roma Avenue. The function was scheduled for last Saturday, but due to the Yannigan-Hooligan fray, the hostess decided in favor of a postponement.

The Phi Mu's are also laying plans for a unique Christmas party which will be given at the house. It is rumored that the sisters will be dolled up like waitresses and cabaret performers, and will furnish nourishment at the same time that they perform.

## ALPHA DELTA

The big affair of the Alpha Delta winter social season will be staged tonight, when its pre-holiday prom will be given in the Masonic Temple. Activities and pledges have been busy decorating the hall, and attractive programs and refreshments have been prepared. It is expected that in the neighborhood of fifty couples will enjoy the hospitality of the Alpha Deltas.

## SIGMA CHI

Invitations have been issued to the members of the Faculty, the various fraternity groups, and the dormitories for an open house affair at the Sig house Sunday afternoon, from four to six. The Sigs have been anticipating the social whirl by having their house re-decorated, and will supply music, smokes and refreshments to their guests.

## COUNTER-ATTACK

"Did that cultured book agent sell you a set of Hugo's works?"

"No, I talked him out of it."

"How did you do that?"

"I noticed that every time I mispronounced 'Les Miserables' he writhed in his chair, so I kept it up until the poor devil fled." — Birmingham Age-Herald.

# SOCIETY

Tomorrow night, the sprightly co-eds of the University will stage their annual hop in Rodey Hall, with all of the attending ceremonies and stunts. It is whispered that costumes will be in order, and from secret sources, we learn that everything from golf suits to full dress will be in evidence.

Invitations have been sent to half the co-eds by the other half who will palm themselves off as the weaker half. These men will call for their ladies, escort them to and from the dance, and will meticulously see that they have full programs during the evening.

On the schedule appear fancy dances, and refreshments, while the formal fun is slated to break up at eleven-thirty. It is in fact, to be a real for sure student dance, including the price of admission.

## STUDENT COUNCIL BULLETIN

Section I.—The following motion has been passed by the Executive Committee of the Board of Regents:

"The University will not be responsible for debts incurred by any student organization contained thereof. Persons in charge of student publications, debates, concerts, dramatic exhibitions athletic contests, etc.; may be required to submit in advance for approval, an estimate of expenses, together with prospective revenues, to the President or to persons authorized by him, and shall not proceed with their enterprise without the approval of the above authority"

Section II.—The Student Council has been advised by Dr. Hill that if the Lowell Literary Society or any other organization will be properly organized and conduct Intramural Public Debates, Oratorical and Declamatory contests, that a cup costing, not less than fifty dollars will be purchased for presentation to the winning team, their names being engraved thereupon. The cup will be presented from year to year, with the accumulated honors, to the winning team.

The Student Council heartily approves the fostering of an organization of this nature, and the rating of such organization is to be approved by the Student Council.

Section III.—The following motion passed by the Student Council:

"The Student Council objects to and condemns the use of the University in the name of any organization which has not been approved and permission granted by the proper authorities.

### To Discriminating Candy Buyers

You can't buy a 17-jewel Waltham Watch, in a 20-year case for the price of an Ingersol. They're both watches, but the difference in quality makes the difference in price. AND THE SAME IS TRUE OF CANDY

Our Candy is Quality Candy, as only the best ingredients are used; for example:

FUDGE can be made with milk or water. WE USE MILK.

MAPLE FUDGE can be made with Pure Canadian Maple Sugar or artificial maple extract. WE USE PURE CANADIAN MAPLE SUGAR.

NUT FUDGES can be made with Pecans, Walnuts and other expensive nuts, or with Peanuts. WE USE PECANS, WALNUTS AND OTHER NUTS OF THE SAME HIGH QUALITY.

TAFFIES can be made with Pure Creamery Butter or Coconut Butter. WE USE PURE CREAMERY BUTTER.

CHOCOLATE CREAMS can be made with Genuine Flavors or Imitation Flavors. WE USE GENUINE FLAVORS.

We figure the selling price of our candies as cost and overhead, plus a fair legitimate profit.

We invite comparison with any other candy sold in Albuquerque WHEN QUALITY IS CONSIDERED AS WELL AS PRICE.

IF YOU WANT THE BEST, BE SURE IT'S
