BRORIEN TO REPRESENT VARSITY IN CONTEST

Harry Lee, Chosen in the Tryout to Represent the University at Santa Fe in Oratorical Contest Unexpectedly Called Home.

Carl Brorien has been chosen to represent the University in the Oratorical contest to be held at Santa Fe during the N. M. E. A. meeting, Thanksgiving week.

Harry Lee, the first representative was unexpectedly called home, and left last Saturday. In the preliminary tryout, Brorien and Timmons were picked as the next best men, after Lee.

The manuscripts of these two men were handed to three judges on Thought and Composition, and Brorien received two votes to Timmon's one. The judges on delivery voted the same in regard to these two men.

Brorien has a very good oration and will undoubtedly come out on top next week. At any rate, the hearty good wishes of the student body are with you Carl.

To win this contest, means a great deal for the Varsity, and no effort should be spared to have our representative at the head of the list.

ROSWELL AND VARSITY MAY CLASH THIS SEASON

Captain Brorien Anxious to Take on Aggregation from Institute; Post Season Game Likely to be Held.

Negotiations are now under way for the arrangement of a game between the Varsity and Roswell Military Institute. Nothing definite has been decided. The Institute beat the Aggies two weeks ago, and a game is trying to be scheduled either November 25th, or a post-season game, December 9th.

The Institute has a good team, but the chances are that we will be able to defeat them, judging from the brand of football played by our team against the Colorado aggregations.

A great deal of interest has been manifest the last few days concerning this game, and all express their desire of playing the game here. The athletic fund is not overburdened with money, and the game would of course have to finance itself. Some kind of a proposition might be worked, however.

Practice must be attended every night from now on, and good hard work is necessary to round you men into the best form possible.

Dr. Boyd returned today from a two week's business trip to Washington.

GIRLS' BASKET BALL PRACTICE NOW STARTED

Miss Hawthorne, Captain of this Years Sextette Is Confident of Putting Out Wining Team.

Girls basketball practice has commenced and some fourteen or fifteen girls have attended practice regularly the past two weeks. With such material as has been exhibited so far, this season should prove the best in many years. The prospects are very good for two or three outside games to be arranged, possibly going to Silver City and Las Cruces.

Miss Hawthorne, captain, is very much pleased with this years material and believes the Varsity will take the championship, if the girls continue to show as much interest as they have the last week or so. Miss Kieke, Miss Loudon, Miss Von-Wachenhausen, Miss Fortney, Miss Trotter, Miss Howden, Miss Henderson and Miss Hawthorne from last season's team are with us again. Miss Atkinson, Miss Gorgering, Miss Switzer and Miss Holt from the new material are rapidly coming to the front.

With such competition, we should be able to choose an extremely fast aggregation. Practice is held three times a week until the new gym is completed.

RIFLE CLUB MEETING PROVES SUCCESSFUL

Practically Entire Organization Turned Out Saturday Afternoon.

The Rifle Club meeting, held November 18th, was the most successful in the history of the club. There were thirty members present. The club is rapidly increasing in number and a special attempt should be made to have as many as seventy-five or one hundred members in this organization by the end of this semester.

The result of the inter-squad meet last Saturday is as follows:

Squad 1—Doering, 62; Olds, 44; King, 41. Percentage of possible score, 65 1-2 per cent.

Squad 2—Patrick, 47; Sharp, 41. Percentage, 53 1-3 per cent.

Squad 3—Hoover, 44; Powell, 51; Cooper, 40; Masten, 34; Steed, 20. Percentage 49 per cent.

Squad 4—Upton, 25; E. C. Clark, 48; Graton, 51; Larsh, 33; Mozely, 37. Percentage 49 2-3 per cent.

Squad 5—Wand, 45; J. D. Clark, 28; (10 shots.) Percentage, 56 per cent.

Squad 6—Lanphier, 48; Craig, 49; Garret, 44; Daus, 10. Percentage 50 1-3 per cent.

Squad 7—Timmons, 45; Wimberley, 40; Bullock, 30; Bacon, 14. Percentage, 43 per cent.

Not belonging to any squad—Ott, 62; Grunner, 45.

MAJOR RUPPE DELIVERS INTERESTING ADDRESS

Prominent Man in Military Affairs Points Out Reasons for Preparedness in the United States.

Major Ruppe gave one of the most interesting lectures ever delivered in Rodey Hall on Wednesday morning, November 15. His subject was the present condition of Mexico and the relation of the United States with this condition.

The question Major Ruppe brought up was, "Shall We Prepare?" His answer is "Yes" for the reasons here given:

Mexico is composed of twenty-seven states, three territories and one federal district. Of these the three northern states are the most corrupt and concern the United States the most of any.

The whole country is rich in products of every sort; mines are numerous and profitable, oil wells are plentiful and productive and agriculture thrives, as well as other branches of wealth. For this reason many countries have their eyes on Mexico and all countries are interested in its affairs.

We, the United States, are the next door neighbor of Mexico, and the Monroe doctrine prevents other countries from coming in there and overcoming the weaker nation. This doctrine is useless, however, unless we enforce the same. But most people think that we are unable to enforce such a document without the means to do it with. Therefore we must be prepared.

We are only now beginning to prepare after having learned our lesson thoroughly through the experience of the Columbus raid and our futile attempt to go into Mexico after Villa. As Major Ruppe expressed it, "We punished ourselves instead of Villa" through our state of unpreparedness. In a country such as Mexico it is necessary to know the water holes first of all. In order to carry on such a war, too, our men must be used to the exposure and poor food. Having had experience the last five years of revolution, the Mexicans today not only know the water holes but the whole country as well, with all possibilities. They also are hardened to the war-life. Our men have none of these advantages, though they are fast acquiring them. We are therefore better prepared now than we were at the time of the Columbus raid.

We must face the very probable event of a foreign invasion of Mexico, with the end of the present European war. Germany and Russia have indemnities against Mexico at the present time. At the culmination of the war, both of these countries will need all the money they can lay their hands on. For this reason they will use all possible sources of income. Mexico will be one of the first places to come to their attention in this matter, and

U. N. M. TAXI LINE IS NOW ESTABLISHED

Gray Brothers Are Successfully Operating for Benefit of Students and Town People.

The Gray brothers, students of the Varsity have purchased a new "Jeffrey Six," and are now operating very successfully a taxi line. Their stand is in front of the New Mexico Cafe. Of course, all students will patronize this line whenever possible. The U. N. M. taxi line as it is called is able to compete with any other company. Courtesy and prompt service seem to be the first thing in the Gray brothers mind.

This is the first time any of our students have attempted to make their way through college by this method, and let it be said, in the near future, that the University students were responsible to a great extent for the success of these brothers. Smart, accurate and always on their toes, the Gray boys are bound to come out on top. The telephone number is 1043, and the stand is "The New Mexico Cafe."

VESPER SERVICE WELL ATTENDED

Interesting Lecture Heard by Large Audience, Composed of Students and Town People.

The address delivered by Mr. Gale Seaman Sunday afternoon in Rodey Hall was one of the most interesting heard this year. The subject, "The Influence of Great Decisions," was explained with the greatest of ease, and the speaker had the attention of the audience from start to finish.

The excellent musical program added considerably to the effectiveness of the service and Prof. E. Stanley Seder is to be highly commended.

The attendance at Vesper service has noticeably increased in the last month and it is hoped that as much or even more will be shown in the future.

the money will be demanded from the bankrupt country. Being unable to pay, this country will be invaded and forced to comply with their demands. Shall the United States with the Monroe doctrine carefully cherished, stand for this?

One suggestion is that the United States should buy the three northern states of Mexico and establish a protectorate over them.

The three important questions before us are:

Is the United States obliged to stand by Mexico and pacify it?

Has the United States the right to but the three northern states?

Will the European nations take forcible possession of Mexico?

BEWARE.

This is a warning to all those persons who value their lives. Most of those people who are naturally addicted to the habit of begging "something to eat" from any member of the domestic science classes have heretofore considered themselves lucky to get that "something." When I have told you of a true incident that happened just the other day you will be more careful in the future.

Shouts of laughter were issuing from the girl's rest room to be suddenly hushed at the approach of Miss Lathrop. Can you guess the cause of the commotion? One girl was the proud possessor of a most delicious-looking pie. The top was delicately browned so that all the on-lookers found their mouth watering at sight of it. But this same proud possessor was carefully avoiding Miss Lathrop's sight until she might safely escape and give the cherished pie a "decent burial" on the way home for instead of using a cupful of sugar the deceiving pie contained one cupful of SALT. To those whose appetites sometimes get the best of them, "Safety First."

FOR MEN ONLY.

All the girls who have part in the University play must see to their costumes. On Thursday, Friday and Saturday of this week there will be a dressmaker in the Y. W. C. A. room at Hokona to help with this work. All girls are to buy the necessary material for the costumes and take it to this dressmaker to be cut and fitted. The added expense incurred by this means should insure all the girls being there at the time appointed. Not all the choruses are wanted at one time so that it will be necessary for Miss Hickey to denote a definite time for each particular chorus. Those who were not at the meeting when the costumes were discussed will please find out about them immediately and all the chorus girls will please go to Miss Hickey and make definite arrangements about their costumes.

WILD CATS TAKE CRUCES TO SEVERE TRIMMING

University of Arizona Outclassed Aggies Last Week By Score of 73 to 0; HOW ABOUT IT VARSITY!

The University of Arizona defeated the New Mexico Agricultural College last Friday afternoon at Arizona to the tune of 73 to 0. The game was decidedly one sided and very tiresome from the spectators view point. The Arizona goal was never in danger. The Aggies were not able to gather themselves together, and the Wildcats had easy sailing.

The Aggies will play Varsity here on Thanksgiving Day, for the championship of the state. The game will undoubtedly be the best played here this season.

Coach Russel states that his men are in the best condition and despite their severe trimming at the hands of Arizona, will give the Varsity a good battle.

The Scotch of It.

A military journal relates an amusing story of a Highlander who, on being shown over a man-o-war for the first time in his life was keenly interested in all he saw. The marines seemed particularly to impress him, and going up to one, he pointed to the badge on the marine's cap and asked him what it was. The marine, anxious to score off the visitor, looked at him in surprise.

"Don't you know what it is?" he asked. "Why, that's a turnip, of course."

"Man," replied the Scot, impatiently, "I was no' axin' about yer heid."—Tit-Bits.

The Club Colors.

Ethel—"Why does papa come home sometimes with such a red face?"

Mama—"That, my dear, is what is known as a club flush."

Mileage Per Gallon.

Willis: "Just think of it! Those Spanish hidalgos would go 3,000 miles on a gallon!"

Gillis—"Nonsense. You can't believe half you read about those foreign cars."

More Scotch Stuff.

The Laird—"Well, Sandy, you are getting very bent. Why don't you stand straight up like me, man?"

Sandy—"Eh, man, do ye see that o' corn over there?"

The Laird—"I do."

Sandy—"A' weel, ye'll notice that the full heids hang down an' the empty ones stand up."—Pearson's Weekly (London).

Football Benefit Dance.

One of the really useful, dances of the year was the football benefit dance given last Friday night in Rodey Hall. The purpose of the dance was to raise money to buy souvenirs for the football men and basketball women.

A great many people took advantage of the opportunity to further a good cause, provided themselves with tickets and girls, and presented both at Rodey on the appropriate night. Fearing that the number of Varsity boys, who so enthusiastically bought tickets, would not be enough to fill the hall, to the desired capacity, a committee delegated themselves to assist the long-suffering towns people in patronizing Varsity affairs. As the result of their labors a goodly showing of joy seekers added themselves to the already happy throng. The music which was furnished by Miss Blueher and Mr. Meyers, heightened the evening's enjoyment and Miss Lathrop, in her official capacity saw that every thing went off as scheduled. The satisfying results of the dance were \$40 for the football fund.

Sigma Chi Party.

The Sigma Chi's are getting up a reputation for their delightful informal parties. Impromptu affairs are the jolliest, so it is said, and the Sigs have proved this to be true. Everybody do as you please is the prevailing motto, this leading to an interesting and varied program. The party given on Saturday night followed the above specifications.

Beginning about 8, couples and groups began to arrive, and were entertained by stunts of the supposedly clever. By 10 o'clock the crowd had reached large proportions and dancing begun. The hilarity reached its climax in a Paul Jones twostep. The lunch menu of coffee, sandwiches, pickles, cake and candy was satisfying to the most fastidious taste. Those who enjoyed the evening at the Sigma Chi house were Helen Wilson, Louise Bell, Mildred Cady, Hazel Hawkins, Laura Colgan, Allie, Atkinson, Adelaide Shields, Margaret Flournoy, Kathleen Little, Julia Hubbell, Evelyn Trotter, Miss Wells, James Wait, Carl Aydelotte, Kenneth Balcomb, Pierce Rodey, Harold Miller, Allan Bruce, Herbert Hickey, Seals Morgan, Lyle Vincent, T. Doxey, Bob Wigely, Jimmie Redfield, Pellam McCellan, Larry Vauchetlet, Jimmie Costin, Bill Grimmer, Jack LaPriak, Bob Barnes, George Walker, Carl Brorien and Mr. and Mrs. Brasher.

The cynical person was standing in front of a part of an exhibition of local talent labeled "Art Objects."

"Well, I suppose Art does object, and I don't blame her, but there doesn't seem to be any help for it," he finally said.—Chicago Inter-Ocean.

Woman—"How did you come to be a tramp?"

Tramp—"Oh, I wuz born a 'hobo'! My mother was traveling round, delivering lectures on "Woman's Place is the Home," when de event happened!"

Kappa Delta Nu Slumber Party.

Last Saturday night after the concert of Florence Macbeth at the High school auditorium, the girls of the Kappa Delta Nu Sorority were entertained at the home of Abbie Heacock, with a slumber party. In the wee small hours of the morning they enjoyed a Welsh rarebit supper and sleep finally overcame the noisy and happy crowd. The next morning being Sunday, all slept late and barely had time to get to church.

"I'm afraid," said the actor as a cabbage sped by his ear, "that some one in the audience has lost his head."

Patrick, lately over, was working in the yards of a railroad. One day he happened to be in the yard office when the force was out. The telephone bell rang vigorously several times and he at last decided it ought to be answered. He walked over to the instrument, took down the receiver and put his mouth to the transmitter, just as he had seen others do.

"Hello!" he called.

"Hello!" answered the voice at the other end of the line. "Is this eight-six-one-five-nine?"

"Aw, g'wan! Phwat d'ye tink of am? A box car?"

It looks as if the pedestrians will soon become extinct. Another season or two and Fords will be cheaper than shoes.—Industrialist.

Hick—"This match won't light. Hike—"T hat's funny; it lit all right a minute ago.—Cornell Gargoyle.

"I'll have to collect my Bill," said the Irishman, as he went out to the place where his goat had been shattered by the train.—Dartmouth Jack O' Lantern.

"I woke up last night with the feeling that my gold watch was gone. I even got up to look."

"Well, was it gone?"

"No, but it was going."

Not Needed.

Little Harold was possessed with a deeply religious and at the same time a most practical nature, as was evidenced upon a certain occasion when having climbed to the pinnacle of a very steep shed, he lost his footing and began to slide with terrifying swiftness toward that point where the roof swept gracefully off into space.

"Oh, Lord, save me!" he prayed. "Oh, Lord, save me! Oh, Lord!"

"Never mind, I've caught on a nail."—Copied.

Wrong.

"There is something wrong with our social system," remarked the thoughtful woman.

"What makes you think so?"

"The bandit who made all kinds of trouble is still roaming the world a free man, and my husband, who is as conscientious and law-abiding a citizen as you would want to meet, is locked up on jury duty."—Ex.

HIGH SCHOOL DEFEATED BY MENAUL AGGREGATION

Four Stars from High School Line-Up Proved Fatal, and First Game of Season Was lost, 13 to 6.

In a fight to the finish contest, the High school were defeated by Menaul school Saturday afternoon at Hopewell field by the score of 13 to 6. Four of the Hi's first team were unable to take part in the game on account of sickness. Harold Barton, captain, was one of these four. The lack of experience on the part of the men compelled to play, was the principal reason for the High school's defeat. Menaul, however, showed more class than they have before this season. Claude Mann, taking Barton's position at quarterback handled his team very nicely, and played a star game. Dave Chavez showed his usual speed and ability in handling the forward pass.

The two schools are to meet again next Saturday to play off the tie. The Hi's will have their regular line-up then and the game promises to be one well worth seeing.
