FLOYD LEE CHOSEN TO CAPTAIN 1917 ELEVEN

Gritty little tackle honored with position as pilot of next seasons grid-iron team; has been member of Varsity squad for three years.

Floyd Lee was chosen as football captain to pilot the 1917 eleven through their season, at a meeting of the letter men held in the Field House last Friday afternoon. Wigely and Lee were candidates for the position and Lee won out with a 9 to 6 vote.

Floyd has played on the team every year since his matriculation at the Varsity with the exception of last year when he was unable to do so on account of internal injuries. His interest in the game, however, was plainly shown, when he reported each night for practice and aided Coach Hutchinson in coaching the new men. Floyd's services in this respect were appreciated as well as being beneficial to the line men, with whom he spent most of his time.

The grit and fight that is in Lee is unsurpassable. Knowing the game from A to Z, and always ready to stand up for the rights of his team, he will undoubtedly prove one of the best captains ever holding the important position. Realizing the responsibility placed upon him, his entire efforts will be devoted toward the development of another championship team.

U. N. M. RIFLE CLUB UNABLE TO PARCTICE

Weather man interferes with progress of shooters, but work will be resumed in near future; good marksmen are developing.

The U. N. M. Rifle Club has for the first time being, ceased its operations. The extremely unfavorable weather has been the cause of this proceeding. Interest in the club has not died out, however, on account of this temporary abandonment, and work will continue just as soon as the weather sees fit to smile on us again. For the benefit of the accuracy of the members of the club, it is hoped that this day will not be too far off.

Captain John Gruner has taken active charge of this association this year and with the aid of the older and more experienced veterans in the club the organization has shown a considerable advance. It is not too late to join this club and still derive some of the benefits therefrom.

CIRCULO ESPANOL MEET WAS BIG SUCCESS

Twenty members took part in conversation in Spanish last Tuesday evening, at first gathering of new organization.

The first meeting of the Circulo Espanol was held on last Tuesday evening, December 5th, at the home of Catherine Chaves. Twenty members were present.

A delightful program was held, consisting of stories, well told by both Ezekiel Chavez and Mr. Ancontra, as well as the rendering of Spanish songs by "Wick" Miller and Professor Nelson. All conversation was required to be carried on in Spanish, which proved very difficult for some, but this is the main purpose of the circle.

Biscochos and other Spanish refreshments were enjoyed by all who attended the meeting. Those present pronounced the Circulo a great success as well as Miss Chaves a splendid hostess.

STRATEGIC.

"Fore!" shouted the golfer, ready to play.

But the woman on the course paid no attention.

"Fore!" he repeated, with not a bit more effect than the first time.

"Try her with 'Three ninety-eight,'" suggested his partner. "She may be one of those bargain-counter fiends."

A HANDY MAN.

A woman in the country recently advertised in the local papers for a "handy man."

"What I want," she said to the first applicant, "is a man that will do odd jobs about."

"Ah," said the applicant as he turned away, "it's a husband you're looking for, ma'am."

BASKET BALL PRACTICE STARTED IN EARNEST

Armory has been decided upon as logical place for practice this season and twenty men reported as candidates last night.

The 1916-17 basketball schedule has not been announced yet but from all reports a larger schedule is expected than ever before. The new material available this year, coupled with the old men from last should produce a quintette hard to beat.

Practice started last Monday in the gym and a goodly number attended each night. From now on regular practice will be held at the Armory on Monday, Wednesday and Friday afternoons at four o'clock, while Tuesday and Thursday will be devoted to individual attention in the gym.

Hutch has expressed himself in terms very favorable for this season's prospects and with the hearty co-operation of every man interested in the indoor sport we should have a most successful season.

The only material change in the rules for this season is that climbing the wall is prohibited, and that the ball may be caught or tapped by the center after either or both of them have touched it.

The girls gym will soon be completed and practice will be resumed again with the beginning of the second semester. Prospects for a championship sextette are very bright.

"PASS THAT COURSE."

Those interested in German will be glad to know that a three-hour course will be offered in this subject next semester. This class will be for fourth year students, and will be handled by Instructor John Gruner. This course has not been published in the catalogue and will probably be held in the afternoon.

SCHEDULE FOR NEXT SEMESTER WORK READY

Curriculum Committee has prepared course of study for next semester and urge each student to register early.

The examination schedule for next semester is on the blackboard in the registrar's office, room 9, Administration building, and now is the time to look it over and make any complaints that you may have. All students are to register this semester before leaving for the holidays, and any conflicts arising will be figured out to the best advantage of all concerned.

However, the schedule committee will not be able to arrange these courses satisfactory to everyone unless the students appreciate the fact that the "early kick" is the one that has most weight.

CAST PREPARED TO STAGE MUSICAL COMEDY.

Director Joe Scotti, states that everything is in readiness for annual production to be held at Crystal Theater Friday night.

Tickets for this first musical comedy to be given by the students of the University will be on sale at Matson's book store on Wednesday, December 13. Undoubtedly this production will be well worth the money.

First, there will be Lyle Vincent in the role of Willie. Previous experience in this work will assure us of the fact that this part will be well handled. Willie is hailed at every entrance by crowds of girls for with every grievance or bit of desired information they "Go Ask Willie."

The one girl that Willie chooses from the crowd is Rosalie, played by Adalaide Shields, and you can't blame Willie either. Those who have never seen Miss Shields act before will not blame Willie after they have seen the play. A wee bit of a maid and a real Fluffy Ruffles, Rosalie attracts the eyes of all the men as Willie does the girls.

Kwataka is exceedingly well handled by Pryor Timmons. The gruff, stand aloof I know my own business attitude is portrayed in every instance by Mr. Timmons and he even frightens his old-time Indian sweetheart when she appears in time to detain his suit for the hand of the "Pale Face Queen."

Hokona, the Indian maiden is Hortense Switzer and needs no introduction to an Albuquerque audience. The entrance of Hokona will be welcomed by all who have seen Miss Switzer act before.

The mysterious prophetess appears to proclaim the Carnival Queen in the person of Beatrice Selsor; while the next most emphatic suffragette

PASS THAT COURSE.

Why did you come to college? To get an education? Then PASS THAT COURSE. Did you come to college to learn how to hold a good position? Then PASS THAT COURSE. Maybe you are not so worthy or not so practical. Are you in college because you like athletics? Then PASS THAT COURSE. Are you in college because you like college life? Then PASS THAT COURSE.

No matter from what angle you look at it, it is up to you to PASS THAT COURSE. The faculty "Are Committee" has no equal in that indoor sport known as "Outing the Flunker."

Why should we tolerate a flunker? Anyone with average mentality can PASS A COURSE. To make good grades requires effort, but to simply PASS A COURSE is within the range of anyone unless he be low in ability or will power.

Divisions have been many during the first fifteen weeks of the semester, and it is natural that some students should not stand at their best in some studies, but with no distinction between now and the finish, other than the play, we can all get down to work.

Many a race is won in the home stretch. The ninth inning of ten turns the score. We beat the Aggies in the second half. The "Closed Season" is the time now left to PASS THAT COURSE.

CLASS DAY FIGHT?

In the past, it has been customary to have a free for all fight around the flag pole on St. Patrick Day, to determine the supremacy of the followers of the Green and the Orange. There has never been any definite plan followed and it seems that the time is ripe for us to start something along this line.

For instance, why not have the classes definitely organized and make a regular contest to be held on the athletic field. In all other colleges, this class day fight is attended by almost as many people as attend a football game. The nature of the contest varies in different places. Some think a "flag rush" would be appropriate, while others are desirous of having a "lug of war" or something similar.

Whatever the contest, it would be well worth while to give this a

thought or two and any suggestions will be gladly made public. The opinion of the majority of students is what we desire on all such matters. It is a little early in the game to be thinking of such matters, but the earlier the better.

Interest in such an affair as this would be easily worked up and in the course of a few years it will be a permanent thing of the U. N. M.

USING A TUTOR.

In the eastern institutions a student who finds himself in danger of not securing a passing grade in a course is apt to hire a tutor, that with the assistance of the tutor he may ward off an impending failure. Groups of students finding themselves in this condition are apt to employ a tutor to repeat the class room work.

The custom of hiring assistance seems never to have gained foothold with us. The student who sees failure impending stoically lets it come, and, like the despondent frog in the can of milk, just goes under.

The opposite of the case is seen in the student who gets assistance. He, if he strives, is like the other frog in the milk who kicked until he made butter to stand on. A little help combined with plenty of hustling can often keep a man above.

The business man has a motto that it pays to spend a dollar if by so doing he can gain two. A few dollar spent in getting help can often save the cost of repeating a semester.

We have some bright students who could, and who would assist if asked to do so. If you are a little below why not use them and PASS THAT COURSE.

SENIORS WILL BE GIVEN CHANCE TO MAKE STAR

Committee of investigation to be appointed, consisting of faculty members to determine standing of different members of graduating classes.

Negotiations are now under way for the establishment of a committee to investigate the records of seniors and determine whether they should be allowed to graduate with or without honors. In case they are worthy to graduate with honors, in a special course, the words "With Honors in History" shall be added to the diploma.

The committee has not been definitely appointed as yet but the chances are that it will be appointed so as to take action on this year's graduating class. The requirements will be very strict, and to graduate with this extra clause should be well worth the effort of additional study.

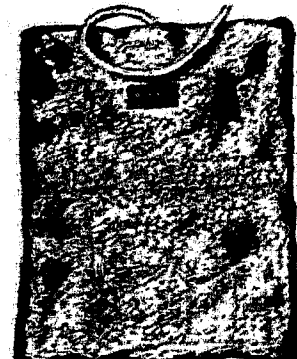

THANK YOU.

The silver cross bars which were lost at the Thanksgiving day game have been mysteriously returned. They were placed in an envelope, marked "Athletic Council" and put in the postoffice. The person returning these is to be highly complimented for his honesty. In the first place it shows the true character of the person, whoever it may be, and it saves the University from receiving a name, which it most assuredly does not deserve, but which would have been given to us, as a consequence of the occasion.

is Lillian Williams. The play would be incomplete without the presence of Jimmie Waite as the terrible villain that causes such great alarm among the girls. The boys, of course, have not the privilege of showing their alarm.

All of these characters will be well supported by five choruses, Merry-makers, Carnival Crew, Indian maids and men, Ponies and Cops. Some exceedingly clever dances will be staged by these choruses as well as some very catchy songs.

PERHAPS.

When the cows fall ill the government proceeds to take alarm And sends a veterinarian to sanitize the farm

The cow herself is put to bed and piled with drugs and pills, And Uncle Sam comes forward, when she's cured, to pay the bills.

But when a baby falls in need of medicine and care, The government contends that that is none of its affair.

When pigs and lambs are threatened by a deadly pestilence Their tender lives are guarded at the government's expense.

They're coddled, nursed and dieted until there's well and fat, And never reckon of the cost—for Uncle Sam pays that.

But when an epidemic marks the babies for its own, The government, untroubled, lets them fight it out alone.

Some day, perhaps, when all the pork has lavishly been passed, When every scrap of patronage is handed out at last,

When all our noble congressmen have got all they desire, And have attained whatever heights to which they may aspire—

To unknown heights of common sense the government will leap, And do as much for mothers as it does for cows and sheep.

LINCOLN'S PHILOSOPHY.

Abraham Lincoln once said: "I do the very best best I know how—the very best I can; and I mean to keep doing so until the end. If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing that I was right would make no difference." Wise philosopher was he.—Garment.

A LARGE FRATERNITY.

"Yes," said the principal of the young ladies' seminary to the proud parent, "you ought to be very happy, my dear sir, to be the father of so large a family, all the members of which appear to be so devoted to one another."

"Large family! Devoted!" gasped the old gentleman, in amazement. "What on earth do you mean, madam?"

"Why, yes, indeed," said the principal, beaming through her glasses. "No fewer than eleven of Edith's brothers have been here this term to take her out, and she tells me she expects the tall one with the blue eyes again tomorrow."

CANNY COURAGE.

Even when the fighting was hottest, the Colonel of an Irish regiment noticed that one of the privates was following him everywhere, with apparently much devotion.

At length he called the man to him and said:

"You've stuck to me well this day, Private Rooney."

"Yes, sir!" replied Rooney, saluting smartly. "The old mother, she sees to me, see she. Patrick, me boy, stick to the Colonel and ye'll be all right, them Colonels will get hurt."
