TRI ALPHA DANCE ON FRIDAY NIGHT

First Formal Event of Year to be Held
in Masonic Temple by Men of
Fraternity.

Invitations have been sent out, announcing the annual dance of the Alpha Alpha Alpha Fraternity of the University, to be held Friday night, December 11th, at the Masonic Temple.

First Formal Event.

This will be the first formal event of the University's social season, and has always been keenly looked forward to. The "Tri-Alphas," as they are called for short, have always proved themselves royal hosts and splendid entertainers, and it is expected that this event will not only equal that of former occasions, but will, if possible eclipse them.

The active men of the Fraternity are: Chester Lee, Howard Fullerton, Nelson F. Newman, Charles K. Parker, Joseph McCanna, Floyd Lee, Raymond McCanna, George White, Elmer Friday, Gordon Gass, Glenn Emmons, Howard Dennis.

DR. CLARK DELIVERS ILLUSTRATED LECTURE

Talks on California and Stanford Universities, Giving Interesting Illustrations of Same.

Tuesday morning the assembly was addressed by Dr. John D. Clark, who taking those present over to the lecture room of the science hall, proceeded to give them an interesting talk on the University of California and Leland Stanford, Jr., and concluding with showing a number of illustrations of both institutions.

Gives History of Each.

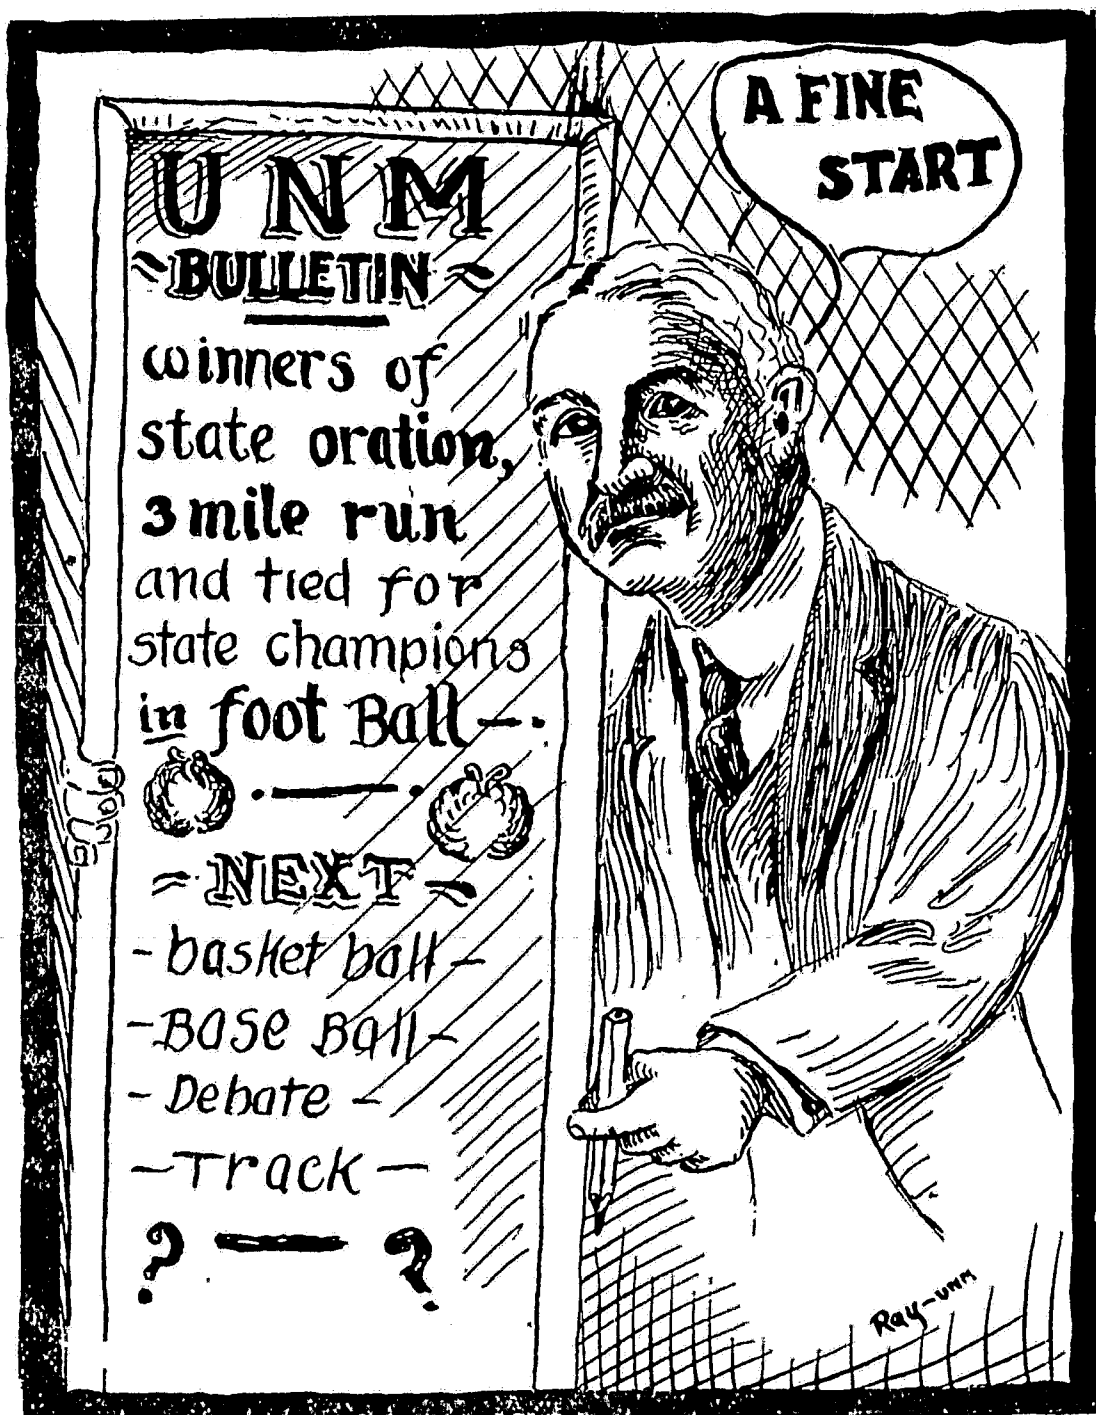

Dr. Clark gave a brief history of each institution, tracing it from its small foundations up to the high standard it now possesses in the educational world. He then proceeded to dwell on the student activities at both universities, and gave some interesting information on the game of Rugby football which is the only form of that sport allowed in the California universities. Dr. Clark described the game, which was of much interest to many present, who had only a faint idea of what it was really like, and who rather labored under the impression that it was a lady-like event instead of the exciting, hard contest which it really is.

Compares With U. N. M.

Dr. Clark then compared student life there with it at the U. N. M., showing that in many respects living here was superior than there, for the undergraduate, both in respect to cost of living, and the method of receiving instruction. The minimum rate for which a student can attend either California or Stanford would be sufficient to keep a student in a splendid manner at the U. N. M. Then too, the classes in these two institutions are large, and thus the student misses the personal contact between professor and pupil, so much in evidence at a small university or college.

Excellent Graduate Work.

The Graduate work, however done, in both these institutions, according to Dr. Clark, was unsurpassed anywhere.

THIRD INTERSCHOLASTIC TRACK MEET TO BE HELD NEXT APRIL

UNIVERSITY AUTHORITIES AGAIN AT WORK MAKING PLANS FOR
BANNER ATHLETIC EVENT IN ATHLETICS OF STATE, WITH
NEW MEXICO'S HIGH SCHOOLS THE COMPETITORS.

PARTICIPANTS WILL BE THE UNIVERSITY'S GUESTS

From the fact that Sixty Young Athletes, Representing Seven High Schools of the State Were Entered Last Year, An Increase of Four Hundred Percent Over Previous Year, a Much Larger Attendance Is Expected for Third Contest, and Preparations Are Being Made Accordingly. Variety of Prizes Will Be Awarded, Gold, Silver and Bronze Medals, With Banner, Emblematic of State Track Championship, to Team Making Most Points, and Cup, to Be Retained One Year. One Mile Relay to Be Added Feature.

The University will give its Third Annual Interscholastic Track Meet on its grounds at Albuquerque, Friday and Saturday, April 23rd and 24th, 1915. The preliminaries will be held on Friday, April 23rd, and the finals on Saturday, the 24th.

Special Railroad Rates.

Last year there were sixty contestants from seven different high schools, and a much larger number is expected the coming year. Application has been made for special railroad rates to this meet. It is too early yet to get any announcements, but the University is assured that these rates will be granted, and the announcement

and the large numbers of students taking advanced work in both places, bore eloquent testimony to this fact. However, for undergraduate work, Dr. Clark advised a small institution.

will be made later in the public press and communicated by the University to each school directly.

Various Prizes Awarded.

The prizes for the different events will consist of medals: gold for first place, silver for second, and bronze for third. The school winning the greatest number of points will receive a banner and cup, emblematic of the Interscholastic Championship of New Mexico.

To Be Varsity's Guests.

Each team and competitor from the various high schools will be met at the train by a committee, and will be the guests of the University during their stay. After the meet a banquet will be given to the visiting high schools during which the prizes will be distributed, and the banner and cup,

(Continued on Page Three.)

ROUSING BANQUET GIVEN FOOTBALL MEN

Girls of Domestic Department Entertain Teams of Varsity and High School Monday.

The official end of the university's football season was celebrated last night, with victory resting on the shoulders of the varsity, in the banquet served by the girls of the domestic science class, under the direction of Miss Margaret Gleason, directress, assisted by her mother, Mrs. Gleason, to the members and substitutes of the U. N. M. and Albuquerque high school football teams, with their respective coaches, Hutchinson and Repp.

Room Tastefully Decorated.

The banquet was served in the Administration building of the university, in the room adjoining the domestic science one. The room was tastefully decorated with pennants, the varsity colors, cherry and silver, surrounding several footballs suspended from the ceiling, and the tables were daintily covered with flowers. Little menu cards in the form of a football, with each guest's name written on them, were placed at the plates of the men, and the menu couched in football parlance, was as follows:

The Game.

First Quarter.

The Kick-off—Beef bouillon, breadsticks, celery

Second Quarter.

Center—Turkey.
Guards—Dressing and gravy.
Fullback—Cranberry jelly.
Halfbacks—Creamed potatoes.
Quarter back—Panned Peas.
Tackles—Parkerhouse rolls.
Ends—Pickles.
Time Out—Mint sherbert.

Third Quarter.

Touchdown—Salad.
The kick—Cheese crackers.

Fourth Quarter.

Score—Apple Pie Pumpkin, Cheese, coffee.

Songs Are Improvised.

During the dinner, matters were enlivened by a number of impromptu songs, composed by K. C. Balcomb and George Pinney, highly complimentary to the girls of the class, Miss Gleason, Dr. Boyd and Coaches Hutchinson and Repp.

Toasts Are Given.

After the dinner, toasts were indulged in. Coach Hutchinson led off by praising the splendid spirit evidenced between the high school and the university, adding a compliment for the work of the girls. Dr. Boyd followed with words of approval for the evening, the spirit manifested, and the excellent outlook it gave for future relations between the two institutions. He also came in with a few words of commendation for the boys who made the two teams of the schools the success they were—the "scrubs," who took all the knocks, put the first team in shape, and received no credit for their work.

Only One Damper.

Dr. Boyd added that the only one thing cast a damper upon the happiness of the occasion, and that was the fact that Fred Calkins, captain of this year's U. N. M. team, had been unable to be present on account of illness. He wound up by proposing a toast to Captain Calkins, as a splendid example of football product and general,

TUESDAY, DEC. 8, 1914.

SOPHOMORE WEEKLY.

Week after next, The Weekly will be in charge of the members of the Sophomore Class, under the direction of Miss Myrtle Wilkinson. This will be an eight page affair, and according to reports from the members of the Sophomore Class, will be the best thing seen in literary circles in the University for some time. Of course, this remains to be seen, but from the way they have taken hold of things, great things are to be expected for this Weekly.

We wish the Sophomores all success in this laudable enterprise, and have the best of hopes for their success.

L. J. CLAIBOURNE.

The Weekly this week is running a cut of Leonard J. Claibourne, the winner of the cross-country run between the Agricultural College and the University.

Through an oversight, for which there is no excuse, Mr. Claibourne's achievement was omitted in last week's paper, but we hope that this acknowledgement of his work will in some way compensate for its tardiness.

Mr. Claibourne, by his remarkable time of 16:57 for the three miles, established a new State record that will undoubtedly hold for some time. He not only did this with ease, but could have made better time, had it not been for several obstacles that intruded themselves upon him while making this run. As it was, he finished two minutes ahead of his nearest competitor.

With Mr. Claibourne's aid in this coming track meets, it begins to look as if the University is at last coming into its own in athletics, and too much credit cannot be given him for his splendid work Thanksgiving morning.

PATRONIZE OUR ADVERTISERS.

One self-evident fact which The Weekly desires to impress as strongly as possible upon the students of the University is the importance of patronizing the advertisers of the paper.

Without the aid of those who advertise in its columns, The Weekly would be unable to continue its existence. This phase of any paper is one of the most important ones, as it can plainly be seen that the money obtained from subscriptions would not be

enough to enable the paper to be printed one month, and it is only with that from the advertisers that we are enabled to have a student paper at all.

It is easy enough to buy your goods from these persons. Whenever you are in need of any material of any kind, just glance through our columns, and see if some store advertising in The Weekly has not just what you want. You will surely find this to be so, for if a firm is alive enough and patriotic enough to assist us, it is a mark of its up-to-dateness, and consequently, we can obtain the best of what we need from them.

So hereafter, if you have not done so heretofore, remember those who assist us and PATRONIZE THE WEEKLY'S ADVERTISERS.

A. A. CONSTITUTION.

At the request of Professor Weese, President of the University's Athletic Council, The Weekly will next week run the complete Constitution of the Athletic Association, for the benefit of the students and Faculty, many of whom are unaware that this Association operates under any Constitution whatever.

Also, the revision of the Constitution will come up next semester, and by getting the Constitution in full in The Weekly, each student can familiarize himself with its contents and be able to act intelligently when the question of revision takes place.

FIRST INTERCLASS BASKETBALL GAME GOES TO SOPHS.

On Monday afternoon, December 7, the first interclass basketball game of the season was played at the gym between the Sophomore and Freshmen boys. A large crowd was present to see the game and the supporters of both teams kept the gymnasium ringing with shouts and yells throughout the contest.

The score stood 16 to 14 in favor of the Freshies at the end of the first half. A few minutes before the end of the last half the teams tied. A basket by Shields in the next play put the Sophs in the lead, the score being 23 to 26. A free throw by Dennis immediately afterwards added another point to the Freshmen's score. Just as the whistle sounded for the last time, Friday of the Freshmen, dropped the ball in the basket, but it came too late. The Sophomores won with a score of 28 to 27. The teams were evenly matched and it was an exciting and fast game from start to finish. The lineup: Sophs: Gass, center; Ray McCanna and Shields, forwards; C. Lee and Brorlen, guards.

Freshmen: Pennwell, center; Friday, Walker and Dennis, forwards; Ray and Claiborne, guards.

This game is the first of the series to be played between the teams of the different classes. Good material for a men's Varsity was uncovered by last week's practice games and prospects for a winning team are favorable.

ROUSING BANQUET GIVEN FOOTBALL MEN

(Continued from page one)

all around excellent student, which was drunk by all present.

Coach Repp Speaks.

Coach Repp, of the High School, spoke next, stating that he hoped for a continuation of the cordial relations between High School and University, and hoped that the High School would continue boosting the varsity.

Response for High School.

He was followed by Lyman Thacker, captain of the High School football team, who spoke in similar vein to the others; next came Miss Margaret Gleason, directress of the department of domestic science, to whom much of the evening's success was due. Then followed Prof. Asa O. Weese, president of the university's athletic council; Kenneth C. Balcomb,

Third Interscholastic Track Meet to be Held Next April

(Continued from page one.)

which will be the permanent property of the team winning it three times, awarded the championship team.

Strong Representation Expected.

It is expected that each high school in the State will be represented in some manner or other. One point that the University desires to emphasize is the fact that if a school is unable to send a full team, it can send either one, two, or more men as its representatives, as prizes will be awarded to the individual finishing first, second or third, and thus if a school has one or two good men, they can come here, and doubtless carry home with them some of the medals to be distributed.

Information to Be Sent.

The University has on hand a number of copies of The University News of last year, together with cuts showing various events, containing a full account of the second meet held in April, 1914. Copies of this are to be sent to the various high schools; also, there are quite a few copies of the rules and regulations of the University governing this meet, which will be sent to any of the schools asking for same.

Preliminary Meet Suggested.

It would be a good idea for each high school to hold a local meet about a week before the date of the University's meet, to select a team to represent the school. This would tend to develop an intelligent public sentiment with reference to athletics in the community, and would be a strong stimulus to the students of the high school, in clean, wholesome recreation.

In certain sections of the State, the schools are so situated geographically that it would be practicable probably, to have district contests when the strongest contestants could be selected to compete in the Interscholastic Track Meet here.

University Rules to Hold.

The different events of the meet will be conducted under the Interscholastic Track Rules printed in the pamphlet by the University. The meet will be held under these rules until the State High School Athletic Association, organized at the past meeting of the New Mexican Educational Association, November 23-26, have formulated rules governing High School athletics. When this is done, the Interscholastic Meet will be conducted under the rules and regulations adopted by the State organization.

For High Schools ONLY.

This meet is for High Schools ONLY, and will be under the supervision of the University of New Mexico, which will do everything in its power to take care of and make pleasant the stay of the different representatives of the various High Schools.

Different Events.

The events of the meet will be as follows:

One Hundred Yard Dash, Two Hundred and Twenty Yards Dash, Quarter Mile Run, One-Half Mile Run, Running High Jump, Running Broad Jump, Running Hop, Step and Jump, Pole Vault for Height, One Hundred and Twenty Yards High Hurdles, Two Hundred and Twenty Yards Low Hurdles, Putting Twelve-Pound Shot, One Mile Relay Race.

The mile relay race is an added innovation, it having been put on the programme this year because of the numerous requests asking for this event.

L. J. CLAIBOURNE

Winner of Three-Mile Cross Country Run. Time, 16:57.

The Animal Fair.

Mary had a late split skirt That made the onlookers laugh. They took no stock in Mary's lamb When they could see her calf. —Princeton Tiger.

Mary had a little lamp, It was well trained no doubt; For every time that John came in The little lamp went out. —Drake City Delphic.

EXCELLENT ATHLETIC PROSPECTS FOR YEAR

Basketball, Track and Baseball Will Occupy University's Athletics With Close of Football.

(R. F. Hutchinson.)

With the passing of the 1914 football season, which has proved the most successful one in several years, the coming athletic activity will be basketball.

Good Schedule Assured.

Already arrangements are under way for a good schedule. A trip is to be taken in February, during which games will be played with the New Mexico Agricultural College, some El Paso team, Deming and Silver City. These same teams will also be seen here some time during the season; also, all the local teams will be played, so that the 1915 basketball season will be one of unusual interest.

Physical Culture Work.

Work in the physical culture classes has been going on since the first of the college year and the different classes are fast rounding into shape so that soon after the beginning of the second semester, an exhibition will be put on demonstrating the work that has been done.

Progress to Be Noted.

All the young men of the Freshmen and Sophomore classes have been given a physical examination and a system of measurements and strength tests recorded, so that at the end of the year, when another examination and test is given, the comparative measurements will show whether the individual has been benefitted or not by the gymnasium work which has been prescribed for him.

The young ladies of the Freshmen and Sophomore classes have also taken a strength test, and the end of the year will show whether they have been aided by the work.

Gym. Thoroughly Equipped.

New apparatus has been ordered for the gymnasium, which will give it the most up-to-date equipment of any gymnasium in the State.

Interscholastic Track Meet.

Active preparations are already under way for the third annual interscholastic track meet, which will be held here April 23rd and 24th, 1915. It will be noted that another day has been added for the coming meet, so that the trial heats can be run the day before, thus giving the contestants a rest before the finals. Last year, there were fifteen trial heats run during the morning, because the number of entries was so large that it would have been impossible to have run them all in one hour. For example: in the 100 yards dash there were eighteen entries.

New Feature Added.

A new feature to be added to the list of events is a one mile relay race, each team to consist of four men, and each man to run a quarter of a mile, giving the next quarter to the next man until all four have completed their run. The winning team will be given a silver cup.

Other Track Meets.

The University track team will have meets with the Indian and Manual schools, an annual affair, also, a dual meet with the New Mexico Agricultural College, which will take place in Albuquerque this year. Last year, the University lost to the Aggies, but the prospects are bright for a winning team this year.

Splendid Baseball Season.

The basketball team will also have a good schedule, and a number of games with out-of-town teams will be arranged. The biggest game will be the one with the Agricultural College,

CHRISTMAS PROGRAMME FOR COMING VESPER

Closing Services to Be Addressed by Dr. Boyd, With Special Music and Splendid Singing.

A specially interesting program has been prepared for the concluding Vesper Service of the semester on next Sunday the 13th, at 4 p. m., in Ro-day Hall. There will be an appropriate address by President David Ross Boyd, and a programme of music of unusual merit under the direction of Prof. E. Stanley Seder, to be given by the University Choral Club and Brass Quartet.

Splendid Singing.

Assisting soloists will be Miss Charlotte Pratt, soprano, and Robert T. Sewell, baritone. Miss Allene Bixler will be the accompanist. An interesting item is the fact that all persons participating in the musical program will be either present or former students of the University.

Old Christmas Carols.

A novel feature will be the playing of a number of old Christmas carols by the Brass Quartet, while this organization will also lead in hearty congregational singing of well-known Christmas hymns. The final number on the program will be the cantata, "The Holy Child," given by the University Choral Club with soloists, which promises to be of especial interest, and a large attendance is assured for this event.

The detailed programme is as follows:

Piano Voluntary, "Christmas Fantasy" (Thomas), E. Stanley Seder.

Christmas Carols—(a) Adeste Fideles, "O Come, All Ye Faithful" (Latin); (b) Good King Wenceslas (English); (c) Sing Noel (French); (d) Silent Night (German), University Brass Quartet.

Invocation.

Hymn No. 120 ("Hark, the Herald Angels Sing") Mendelssohn.

Scripture Reading.

Hymn No. 50 ("Joy to the World"), Handel.

Solo, "Christmas Song" (Dickinson), Miss Charlotte Pratt.

Address, President David Ross Boyd.

Cantata, "The Holy Child" (Adams), University Choral Club—Miss Charlotte Pratt, soprano; Robert T. Sewell, baritone; Miss Allene Bixler, accompanist.

1. Instrumental Introduction and Chorus—"There were shepherds abiding in the fields."

2. Recitative (Soprano) and Solo (Bass)—"And Lo, the Angel of the Lord."

3. Recitative (Soprano) — "And Suddenly There Was With the Angel."

4. Chorus—"Glory to God in the Highest."

5. Hymn—"While Shepherds Watched Their Flocks by Night."

6. Recitative (Soprano)—"And It Came to Pass."

7. Chorus for Men's Voices—"Let Us Now Go Even Unto Bethlehem."

8. Recitative (Soprano) — "And They Came With Haste."

9. Hymn—"At Last Thou Art Come, Little Saviour."

10. Carol-Chorus — "Sleep, Baby Sleep!"

11. Hymn—"Of the Father Sole Begotten."

12. Chorus—"He Shall Be Great."

Benediction.

Postlude—"Rhapsody on an old English Carol," Faulkes.

which takes place here right after the track meet with the College Track Team.

Altogether the Athletic season of 1914-15 will be a record breaker for the University, and seems to presage even better things for the coming years.
