# ChemComp doesn't shrink from any job.

When you want minimized shrinkage cracking for absolute structural integrity, durability, and beauty, the concrete answer is ChemComp, Southwestern Portland's expansive cement. ChemComp is finished cement, not an additive or partial replacement. It greatly reduces maintenance and repair costs due to cracks. It generally eliminates the need for waterproof membranes or surface sealants. Check ChemComp's many advantages.

## People/Facilities/Change

Herman Miller's Action Office II is designed to save space, reduce total cost and increase personnel efficiency. It's a facility concept based on change. It welcomes change and includes it in its original design concept. Revolutionary? Yes. Yet it's a return to a common sense approach to the requirements of an office. You are invited to see AOII in action . . . contact John Campbell at . . .

We've always thought of them as lightweight . . . long span . . . versatile . . . money-saving. But good looking? TRUS JOIST?

That's what they said.

Charles E. Nolan, Jr., AIA, writes: "... several school board members commented that if they had known the TRUS JOIST'S were going to look that good, they might have left them exposed. The job turned out very well."

Now we've heard everything.

Lightweight . . . long span . . . versatile . . . money-saving . . . GOOD LOOKING.

Now, you've heard everything.

## PRECAST CONCRETE EXPOSED AGGREGATE PANELS

### Chosen for New Albuquerque Post Office Complex

The recently constructed U. S. Post Office and Vehicle Maintenance Facility at Albuquerque features precast concrete exposed aggregate exterior walls for minimum maintenance, maximum fire resistance and security. Of New Mexico Travertine stone aggregate, the panels average 5' 4" x 30'. Hydro Conduit also fabricated the striated precast concrete fascia panels for the over 100,000 square foot structure. Designed to conform with the U. S. Post Office Departments' "excellence of design" program, the exposed aggregate panels gave the structure maintenance-free beauty and long life.
