# **We're making sure you'll have enough natural gas this winter.**

There's been a lot of talk about possible shortages of natural gas for customers of Southern Union. Many of you have asked how serious the situation really is. Here are some straight answers to your questions.

**Q. Will there be enough gas to keep us warm this winter?**

A. YES! Southern Union has made sure there will be an ample supply of natural gas for residential, commercial and other high-priority customers. A supply is available not only for this year, but for many years to come.

**Q. How will Southern Union make sure there's an ample supply of natural gas?**

A. To assure a dependable supply of gas for high-priority customers, it may be necessary to curtail service to large-volume, low-priority users during extreme cold weather.

**Q. Will the cost of natural gas be going up?**

A. Like all types of fuels, the cost of natural gas will be going up. Because, quite simply, it costs more to find and tap new sources of this precious fuel. And, the cost must be shared by us all. But, remember that natural gas will still be the most economical source of energy obtainable.

**Q. How long must we be careful to conserve natural gas?**

A. As long as the demand exceeds the supply, which is not likely to change in the foreseeable future.

We must all get used to the fact that natural gas, like other precious resources, must be conserved.

Because, this winter, and for many winters to come, natural gas will still be your most dependable and economical source of home energy.

**If you want the job done right,  
do it with gas.**

## MODERN SHAPE & TEXTURE

*Achieved with exposed aggregate precast concrete panels . . .*

The attractive new American Savings & Loan Building in Albuquerque features an entire exterior of exposed aggregate warm tone concrete panels.

The panels are 25' in height and 8' wide. The first and second floor members are prestressed concrete double tees.

The 25,000 square foot building serves as branch offices for American Savings plus lease office space.
