

UNM University Libraries 2022 Archived Virtual Open House v2

This archived version of the Virtual Open House (VOH) content better represents how the VOH appeared to students than the v1 document. Because it relies on screen-capture images, it does not provide active links to the content presented in the VOH.

For your convenience, here is a list of relevant URLs:

- The current iteration of the VOH (may contain content/functionality not reflected in this static archived version): <https://unm.libwizard.com/f/voh>
- YouTube videos presented in the 2022 VOH
 - Welcome, learn about basic library services: <https://youtu.be/80N6uR6ui48>
 - LORS librarians welcome you to UNM: <https://youtu.be/Nhp2njHg9Yk>
 - INLP introduction video: <https://youtu.be/ziGFpgMqqSA>
 - Welcome to CSWR: <https://youtu.be/00NRTbdbnJg>
 - Welcome to RDS: <https://youtu.be/tcVcc0qYhhg>

As the VOH project moves through future iterations, these links/content may not be maintained in perpetuity.

If you have questions, please reach out to the creators:

- Adrienne Warner, adriennew@unm.edu
- Holly Surbaugh, hsurbaugh@unm.edu

Last updated: 10/25/2022

Hello, new Lobos!

We are happy to see you at the library, whether you visit in person or online.

Please, step inside our virtual open house....

Begin

Menu

How to Navigate through the Virtual Open House

We have collected information useful for new students and arranged it in virtual "booths" according to different library services and spaces available to you. Feel free to visit only the booths that interest you.

To navigate to a specific booth, click the Menu (the three-line dropdown box  above this text). Or, move through each by clicking "next slide."

Each booth showcases a welcome message and/or the most important info you need to know. Some booths will also provide links to additional online materials you can explore.

When finished, be sure to let us know how you feel about your virtual open house experience!

If you have questions or experience technical issues, please reach out to [First-Year Experience Librarian Adrienne Warner](#).

Quick Overview and Zimmerman Library

 Menu

Welcome!

Here's a quick look at what the library can offer - from your first semester until you graduate! This booth provides basic information about library services, spaces, and collections.

Want to learn more?

- Visit the [interlibrary loan FAQ page](#) mentioned in the video.
- Go in-depth with the complete [Library Orientation Guide](#).
- Download the library's [brochure](#).
- Explore the full [library website](#).
- New and exciting! Learn about the [Adobe Creative Commons](#).

Centennial Science & Engineering Library

Menu

Centennial Science & Engineering Library (CSEL)

This is Centennial Library, sometimes confused with Centennial Engineering. It's an underground library located near the Science, Math, & Learning Center (SMLC) building.

However, you do not have to be a math, science, or engineering student to visit this library. CSEL is for everyone! But we do offer some specialized resources that are especially useful for STEM students.

We have:

- Lots of individual study rooms available to any UNM student.
- Anatomical study models (like a full skeleton!), molecular model kits, and other equipment.
- Computers with specialized STEM software, like MATLAB or ChemDraw.
- The DEN2, which includes special software and hardware like virtual reality and Apple AirPlay. Note: It's a great place to practice giving a presentation!

Are you looking for the [MAGIC](#)? (Map and Geographic Information Center)

- It's the largest collection of maps in New Mexico.
- Find all types of maps: topographical, physical, political, pictorial, and road maps.
- The maps represent all parts of the world and at various points in history.
- Access federal maps including those from the US Geological Survey, Bureau of Land Management, National Parks Services, and more.
- MAGIC also has other types of geographic information like aerial photos and atlases.

Want to learn more?

- Browse [human anatomy models](#).
- Find the limits of reality with the [virtual reality guide](#).
- [Search](#) for library computers with the software applications you need.

Fine Arts & Design Library

Menu

Fine Arts and Design Library (FADL)

The Fine Arts and Design Library is consistently voted one of the best places to study on campus. FADL study rooms are some of the most popular the libraries offer. The views, helpful librarians, and materials make this place special. We also host art exhibitions and musical performances.

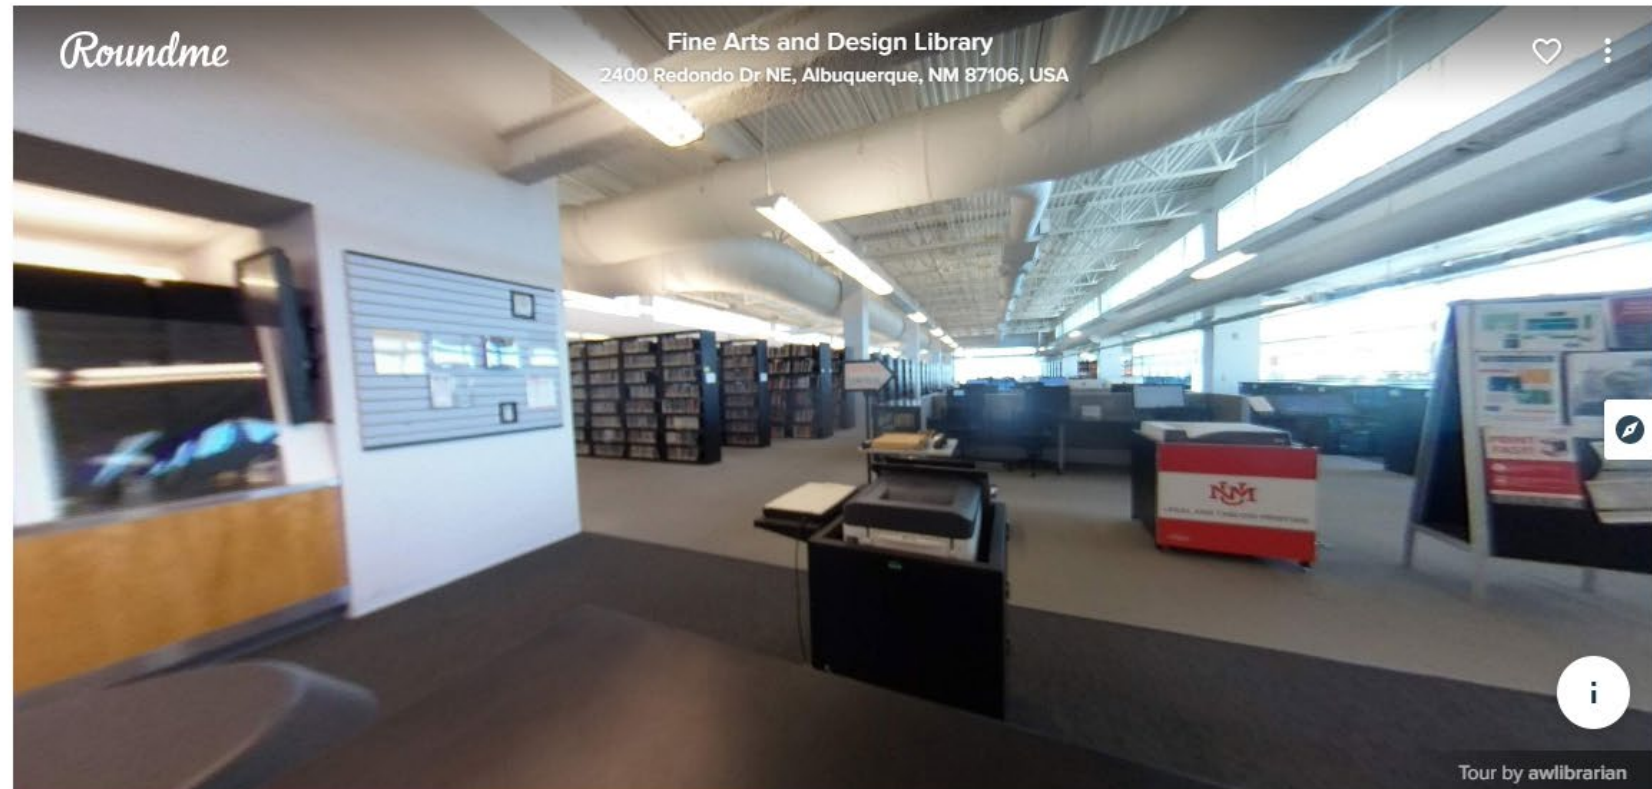

Find us located on the 4th floor of George Pearl Hall (across from the bookstore).

Want to find out more?

- Explore impressive photography collections, including [beautiful photo books](#).
- Browse the library's collection of [vinyl music LPs](#).
- Check out DVDs at FADL (or [watch streaming video online](#)).

Meet Your Librarian: Learning & Outreach Services

Menu

Librarians: At Your Service!

The Learning & Outreach Services (LORS) librarians specialize in teaching students how to find the best resources for your assignments. You might meet us when we visit your class or when you request a consultation appointment to discuss your research with a librarian.

A research consultation is a meeting with a librarian, scheduled in advance at your convenience, to get help with finding sources for your assignments. Librarians can consult with individuals one-on-one or with small groups. This service is available to all UNM students, and meeting with a librarian early in your assignment process can help you save time and get a better grade.

Want to learn more?

- [Find the subject specialist librarian](#) your area of study. Schedule a research consultation.
- No time for a consultation? Visit the [Research Bytes guide](#) to get some quick, DIY research help.
- Check out [research guides](#) for resource recommendations on specific topics.

Not sure who to contact? Reach out to the First-Year Experience Librarian.

At UNM, incoming new students have a dedicated librarian to help you adapt to college-level assignments.

Indigenous Nations Library Program

 Menu

Welcome to the Indigenous Nations Library Program

While INLP welcomes and serves all UNM students, we are especially focused on meeting the needs of Indigenous members of our campus community. INLP offers culturally relevant library support to students researching Indigenous-related questions, but it also provides space for Indigenous students to study, connect, express their identities, and, perhaps most importantly, create. Our outreach programs encourage Indigenous students to produce new knowledge through film, poetry, photography, and more.

Find us near the 2nd floor stairwell of Zimmerman Library whenever you would like to:

- Socialize at one of our fun events.
- Study in our comfortable reading spaces.
- Access Indigenous books, newspapers, and other materials.

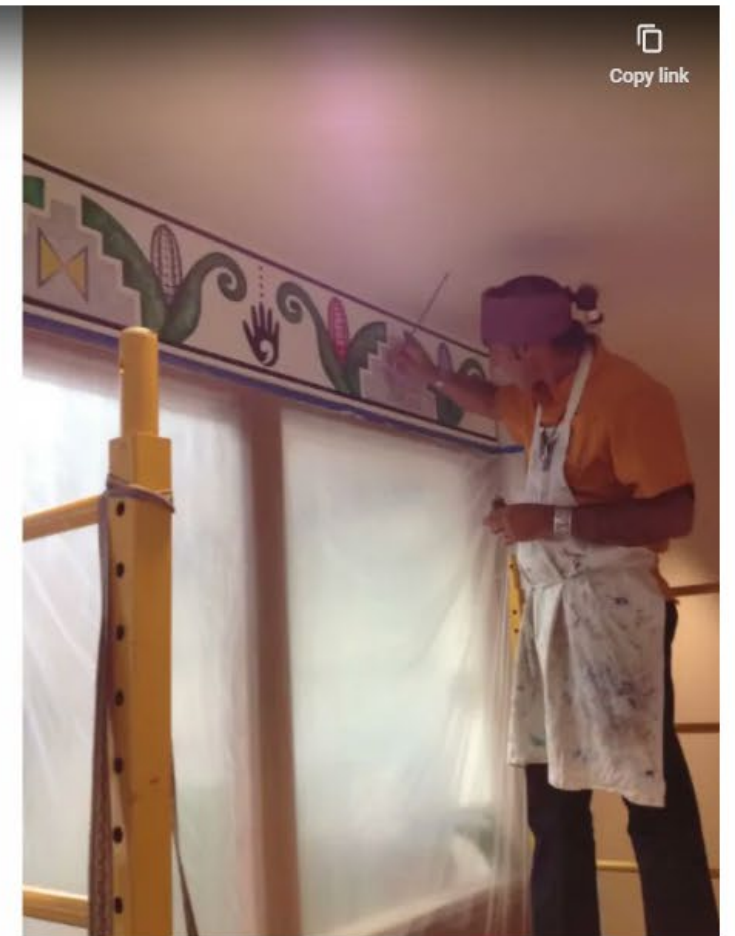

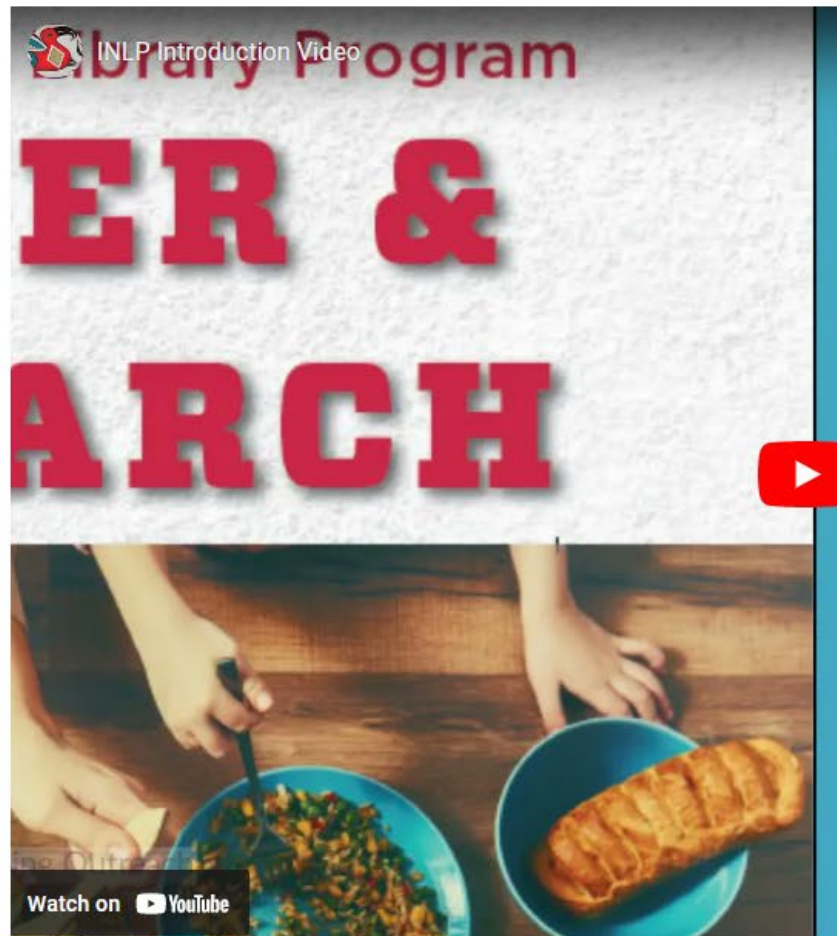

Want to learn more?

- Explore the [INLP website](#).
- Follow INLP on [Facebook](#), [Twitter](#), or [Instagram](#).

Welcome to the Center for Southwest Research & Special Collections

Watch on  YouTube

Menu

Welcome to the Center for Southwest Research & Special Collections!

Did you know that UNM holds rare and unique items, such as:

- The 1953 Oscar statuette for Best Film Editing awarded to Elmo Williams for his work on the film, *High Noon*, starring Gary Cooper and Grace Kelly.
- *Codex Espangliensis*, a contemporary, artistic text that plays with the form of a traditional codex to highlight the culture, politics, and histories of the present borderlands.
- A first edition of Mark Twain's *A Connecticut Yankee in King Arthur's Court*.
- Vast visual collections including [10,000 photographs from over 1,000 different photographers, prints, and negatives](#).
- Issues of *Tribal Force*, "America's first all Indian Super Hero comic."
- ...and so many more treasures.

As a new student, you might not need to visit CSWR for research until later on in your academic career. But that doesn't mean you aren't welcome to visit now. We'd love to see you!

Come to CSWR to:

- View (and touch!) special materials and objects.
- Check out our fascinating exhibits highlighting noteworthy collections (example of a past exhibit: [George Orwell: His Enduring Legacy](#)).
- Attend one of our fun events, such as our [People & Places lectures](#).
- Become familiar with how archives work.
- Research your family history.

Want to learn more?

- Explore the [CSWR website](#).
- Read our [blog](#).
- See what works UNM researchers keep safe and freely accessible in our [digital repository](#).

Research Data Services

Menu

Welcome to Research Data Services (RDS)

You might think it will be a long time before you have to worry about managing research data. But, in the modern era, everyday activities can result in generating, collecting, interacting with, and storing masses of digital files. Getting a handle right now on how to keep your personal data, files, and archives organized can not only make your life easier, and it can also set you up for success later on if/when you conduct in-depth research.

RDS can help you:

- Track down data you need for your research assignments.
- Give you advice on how to plan to manage the results of your research.
- Find a digital tool appropriate for your analysis or visualization needs.

Want to learn more?

- Use the [data guide](#) mentioned in the video.
- Explore the [RDS website](#).
- Sign up for [RDS Coffee & Code workshops](#).

Events

 Menu 

Events @ the Library

The Library holds free events year round, so make sure to keep watch on our social for the latest.

Some previous events include:

- Cuddle-a-Canine therapy dogs before midterms and finals.
- Panel discussion on voting rights.
- Humans of New Mexico.
- Love in the Archives.
- George Orwell exhibit.
- Indigenous Scholarship Exhibition.

Want to find out more?

- Visit the [library's website](#) to find in person and virtual events.
- Follow UNMLibraries on [Facebook](#), [Twitter](#), or [Instagram](#).

Employment

 Menu 

Looking for a job on campus?

Student employees who work at the libraries report their skills learned on the job transfer to the classroom and future careers.

Learn how to circulate and maintain collections, help users with information and research questions, troubleshoot technology, and manage library spaces. If this sounds good to you, polish your resume, cover letter, and interview skills and apply at unmjobs.unm.edu.

What do you think about the open house?

Tell us about your experience with this Virtual Open House. Your honest feedback means a lot to us as we plan future library online and in-person events.

Students: Fill out the form between **August 1** and **September 30, 2022** and you have a chance to win:

- JBL Go3 wireless speaker
- Mr. Sketch scented markers (22-pack!)
- UNO card game

If you're having trouble viewing the survey form and would like to see it in a separate browser tab, click here: [Virtual Open House Feedback](#)

Thank you for visiting our Virtual Open House!
